ARTICLE 1. INTENT AND INTERPRETATION

Section 1.1 Title

This Resolution shall be known and may be cited and referred to as the “Harrison Township Zoning Resolution”.

Section 1.2 Purpose

This Resolution is enacted for the purpose of promoting public health, safety, morals, and general welfare as permitted by the provisions of Section 519.02 et. seq. of the Revised Code of the State of Ohio.

Section 1.3 Interpretation and Correlation of Standards

In their interpretation and application, the provisions of this Zoning Resolution shall be held to be minimum requirements. Where this Zoning Resolution imposes a greater restriction than is imposed or required by other provisions of law resolutions, the provisions of this Zoning Resolution shall control.

Section 1.4 Extension of Essential Services

It is recognized that essential services are not presently available to all parcels of land zoned for agricultural and/or residential use. Viable zoning plans may require amendments from time to or by other rules or regulations or time to reflect changes brought about by the extension of essential services into newly developing urban areas. However, when private covenants or deed restrictions are greater than those imposed by this regulation, the same shall have precedence.

ARTICLE 2. DEFINITIONS

Section 2.1 Definitions

Unless the context otherwise requires, the following definitions shall be used in the interpretation and construction of the Zoning Resolution. Words used in the present tense include the future; the singular number shall include the plural, and the plural the singular; the word "building" shall include the word "structure"; and the word "shall" is mandatory.

A

Accessory Use. Any purpose, for which a building, structure, or a tract of land may be designed, arranged, intended, maintained, or occupied which:

- A.** Is customarily incidental and subordinate in area, extent or purpose to the principal building, structure, or use which it serves. Shall not include mobile storage units.
- B.** Is located on the same zoning lot as the principal building, structure, or use.

Adjacent. Bordering, touching, contiguous, or adjoining.

Adult Care Facility. An adult family home or an adult group home. For the purposes of this definition, any residence, facility, institution, hotel, congregate housing project or similar facility that provides accommodations and supervision to three to sixteen unrelated adults, at least three of whom require personal care services, is an adult care facility regardless of how the facility holds itself out to the public as long as it does not include any of the listed uses found in *Ohio Revised Code Section 3722.01*.

Adult Entertainment Facility & Related Definitions. Adult Entertainment Facilities including the following: Adult Arcade; Adult Bookstore, Adult Novelty Store or Adult Video Store; Adult Cabaret; Adult Motel; Adult Motion Picture Theater; Adult Motion Picture Drive-In Theater; Adult Theater; Escort Agency; Semi-Nude Model Studio; Sexual Encounter Establishment.

The following terms are defined here regarding zoning regulations relating to Adult Entertainment Facilities.

A. Adult Arcade. An establishment where the public is invited or permitted in which, for any form of consideration, one or more coin-operated, slug-operated, or electronically, electrically or mechanically controlled still or motion picture projectors, slide projectors, or similar machines, or other image producing machines, or other visual representations, for viewing by five or fewer persons each, are regularly used to show films, motion pictures, video cassettes, digital video discs, slides, or other photographic reproductions which are distinguished or characterized by their emphasis upon the depiction or description of "specified sexual activities" or "specified anatomical areas."

B. Adult Bookstore, Adult Novelty Store or Adult Video Store. A commercial establishment which has as a significant or substantial (i.e., 25% or more) portion of its stock-in-trade or derives a significant or substantial (i.e., 25% or more) portion of revenues or devotes a significant or substantial (i.e., 25% or more) portion of either its interior business or advertising budget to the sale or rental for any form of consideration, of any one or more of the following:

1. Books, magazines, periodicals or other printed matter, or photographs, films, motion pictures, video cassettes, slides, compact discs, digital video discs, or other visual representations which are distinguished or characterized by their emphasis upon the depiction or description of "specified sexual activities" or "specified anatomical areas;"
2. Instruments, devices, or paraphernalia which are designed for use or marketed primarily for stimulation of human genital organs or for sadomasochistic use or abuse of self or others.

An establishment may have other principal business purposes that do not involve the offering for sale, rental or viewing of materials depicting or describing "specified sexual activities" or "specified anatomical areas," and still be categorized as an adult bookstore, adult novelty store, or adult video store. Such other business purposes will not serve to exempt such establishments from being categorized as an adult bookstore, adult novelty store or adult video store so long as the definition above is met.

C. Adult Cabaret. A nightclub, bar, restaurant, private club, bottle club, juice bar or similar commercial establishment, whether or not alcoholic beverages are served, which regularly features any of the following:

1. Persons who appear nude or semi-nude or in a state of nudity or semi-nudity.
2. Live performances which are characterized by the exposure of "specified anatomical areas" or by "specified sexual activities".

3. Films, motion pictures, video cassettes, compact discs, digital video discs, slides, or other photographic reproductions which are distinguished or characterized by their emphasis upon the depiction or description of "specified sexual activities" or "specified anatomical areas." "Private Club" shall mean an establishment where patrons may bring in their own bottle or other container of alcohol (including beer, wine, or liquor) and, in some manner compensate the establishment for the privilege of consuming the beverage through means such as a fee for refrigeration or storage, purchase of a mixture for the same or use of a glass from the club or business or other similar method.

"Private Club" shall mean an establishment where patrons may bring in their own bottle or other container of alcohol (including beer, wine or liquor) and, in some manner compensate the establishment for the privilege of consuming the beverage through means such as a fee for refrigeration or storage, purchase of a mixture for the same or use of a glass from the club or business or other similar method.

- D. Adult Motel.** A motel, hotel or similar commercial establishment which offers public accommodation, for any form of consideration, and which provides patrons with closed-circuit television transmissions, films, motion pictures, video cassettes, compact discs, digital video discs, slides or other photographic reproductions which are distinguished or characterized by their emphasis upon the depiction or description of "specified sexual activities" or "specified anatomical areas" and which establishment advertises the availability of this sexually oriented type of material by means of a sign visible from the public right-of-way, or by means of any off-premises advertising including, but not limited to, billboards, newspapers, magazines, pamphlets or leaflets, radio or television.
- E. Adult Motion Picture Theater.** A commercial establishment where films, motion pictures, video cassettes, digital video discs, slides or similar photographic reproductions which are distinguished or characterized by their emphasis upon the depiction or description of "specified sexual activities" or "specified anatomical areas" are regularly shown for any form of consideration.
- F. Adult Motion Picture Drive-In Theater.** An open-air drive-in theater where films, motion pictures, video cassettes, digital video discs, slides or similar photographic reproductions which are distinguished or characterized by their emphasis upon the depiction or description of "specified sexual activities" or "specified anatomical areas" are regularly shown for any form of consideration.

- G. Adult Theater.** A theater, concert hall, auditorium, or similar commercial establishment which, for any form of consideration, regularly features persons who appear in a state of nudity or semi-nudity or live performances which are characterized by exposure of "specified anatomical areas" or by "specified sexual activities" which is not customarily open to the general public during such features because it excludes minors by reason of age.
- H. Escort Agency.** A person or business association that furnishes, offers to furnish, or advertises to furnish escorts as one of its primary business purposes for a fee, tip, or other consideration. "Escort" means a person who, for any form of consideration, agrees or offers to act as a companion, guide, or date for another person, or who agrees or offers to privately model lingerie or to privately perform a striptease for another person or to privately appear in the state of nudity or semi-nudity for another person.
- I. Semi-Nude Model Studio.** Any place where a person regularly appears in a state of nudity or semi-nudity or displays "specified anatomical areas" for money or any form of consideration to be observed, sketched, drawn, painted, sculptured, photographed, or similarly depicted by other persons.

A modeling class or studio is not a Seminude Model Studio and is not subject to this chapter if it is operated in any of the following ways:

1. By a college or university supported entirely or partly by taxation.
 2. By a private college or university that maintains and operates educational programs, the credits for which are transferable to a college or university supported entirely or partly by taxation.
 3. In a structure to which all of the following apply:
 - a. It has no sign visible from the exterior of the structure and no other advertising indicating that a person appearing in a state of nudity or semi-nudity is available for viewing.
 - b. In order to participate in a class in the structure, a student must enroll at least three days in advance of the class.
 - c. Not more than two nude or seminude models are on the premises at any one time.
- J. Sexual Encounter Establishment.** A business or commercial establishment, including, but not limited to, establishments categorized as a "private club" or a "swingers' club" by their owners, that as one of its principal business purposes, offers for any form of consideration.
1. A place where two or more persons may congregate, associate, or consort for the purpose of "specified sexual activities" or the exposure of "specified anatomical areas;" or

2. Activities between male and female persons and/or persons of the same sex when one or more of the persons is in a state of nudity or semi-nudity.

The definition of sexually oriented businesses shall not include an establishment where a medical practitioner, psychologist, psychiatrist, or similar professional person licensed by the State of Ohio engages in medically approved and recognized sexual therapy.

“Adult entertainment” means the sale, rental, or exhibition, for any form of consideration, of books, films, video cassettes, digital video discs, slides, magazines, periodicals, or live performances or activities that are characterized distinguished or characterized by their emphasis upon the exposure or display of “specified anatomical areas” or “specified sexual activity.”

“Covering” means any clothing or wearing apparel, including pasties, but does not include any substance that can be washed off the skin, such as paint or makeup, or any substance designed to simulate the appearance of the anatomical area beneath it.

“Distinguished or characterized by their emphasis upon” means the dominant or principal character and the theme of the object described by this phrase. For instance, when the phrase refers to films “that are distinguished or characterized by their emphasis upon the exhibition or description of specified sexual activities or specified anatomical areas,” the films so described are those whose dominant or principal character and theme are the exhibition or description of specified sexual activities or specified anatomical areas.

“Nudity,” “nude” or “state of nudity” means the showing of the human male or female genitals, pubic area, vulva, perineum, anus, anal cleft, or cleavage, or pubic hair with less than a fully opaque covering; or the showing of female breasts with less than a fully opaque covering of any part of the nipple or areola; exposing to view male genitals in a discernibly turgid state, even if entirely covered by an opaque covering; exposing to view any device, costume, or covering that gives the appearance of or simulates any of these anatomical areas.

“Residential District” means any zoning district in Harrison Township set forth in the Township Zoning Resolution containing the word “Residential” in its title.

“Regularly shows,” “or “regularly features” or “regularly appears” means a consistent or substantial course of conduct, such that the films or performances exhibited constitute a consistent or substantial portion of the films or performances offered as a part of the ongoing business of the establishment. Section 3.4 Violations – Remedies

In case any building is or is proposed to be located, erected, constructed, reconstructed, enlarged, changed, maintained or used, or any land is or is proposed to be used in violation of this Resolution or any amendments or supplements thereto; the Board of Harrison Township Trustees, the Code Enforcement Officer, or Building Inspector, or any adjacent or neighboring property who would be specially damaged by such violation, in addition to other remedies provided by law; may institute injunction, mandamus, abatement, or other appropriate action, proceedings to prevent, enjoin, abate or remove such unlawful location, erection, construction, enlargement, change, maintenance or use.

Section 3.5 Violations and Penalties

It shall be unlawful to locate, erect, construct, reconstruct, enlarge, change, maintain or use, any building or land in violation of any regulation in, or any provisions of this Resolution or any amendment or supplement thereto adopted by the Harrison Township Board of Trustees, Montgomery County, Ohio under Section 509.02 et seq. of the Ohio Revised Code. Any person firm or corporation, violating any regulation in, or any provision of this Resolution, or any amendment or supplement thereto, shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be fined not more than \$500. Each and every day during which such illegal location, erection, construction, reconstruction, enlargement, change, maintenance or use continues, shall be deemed a separate offense.

Section 3.6 Stop Work Order

When the Code Enforcement Official becomes aware of any construction that has commenced for which a zoning permit is required but not issued, in addition to other remedies provided by law, the enforcement official may issue a "Stop Work Order" to bring immediate cessation of all work for which a permit has not been issued.

Section 3.7 Fees

Any application under this Resolution for a zoning certificate variance, conditional use permit, sign permit, planned development, amendment or filing of a notice of appeal shall be accompanied by such fee as shall be specified from time to time by resolution of the Harrison Township Board of Trustees. There shall be no fee, however, in the case or application initiated by the Harrison Township Board of Trustees or the Harrison Township Zoning Commission. The fees shall be in addition to any other fees which may be imposed under any applicable Resolutions of Harrison Township.

ARTICLE 4. BOARD OF ZONING APPEALS

Section 4.1 Appointment

A. Establishment. A Board of Zoning Appeals for Harrison Township is hereby created. Such Board shall consist of five members, to be appointed by the Board of Township Trustees, who shall be residents of the unincorporated territory of Harrison Township, included in this Zoning Plan. The terms of all members shall be of such length and so arranged that the term of one member shall expire each year. Each member shall serve until his successor is appointed and qualified.

B. Removal. Members of the Board shall be removable for nonperformance of duty, misconduct in office, or other cause by the Board of Township Trustees upon written charges having been filed with the Trustees and after a public hearing has been held regarding such charges, a copy of the charges having been served upon the member so charged at least ten days prior to the hearing, either personally, or by registered mail, or by leaving the same at his usual place of residence. The member shall be given an opportunity to be heard and answer such charges. Vacancies shall be filled by the Board of Township Trustees and shall be for the unexpired term.

Section 4.2 Organization.

The Board of Zoning Appeals shall organize and adopt rules in accordance with the provisions of this Zoning Resolution. Meetings of the Board of Zoning Appeals shall be held at the call of the Chairman, and at such other times as the Board may determine. The Chairman, or in his absence, the Acting Chairman, may administer oaths and the Board may compel the attendance of witnesses. All meetings of the Board shall be open to the public.

The Board shall keep minutes of its proceedings showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the Office of the Board of Township Trustees and shall be a public record. A copy of the decision for each case shall be given to the applicant, and the Harrison Township Zoning Commission.

Three members of the Board shall constitute a quorum. The Board shall act by resolution, and the concurring note of three members of the Board shall be necessary to reverse an order or determination of the Zoning Inspector, or to decide in favor of an

applicant in any matter over which the Board has original jurisdiction under this Resolution, or to grant any variance from the requirements stipulated in this Resolution.

Section 4.3 Jurisdiction.

The Board of Zoning Appeals shall have the following jurisdiction:

A. Administrative Appeal. To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by the Code Enforcement Officer in the enforcement of this Zoning Resolution.

B. Variances.

- 1. Variances on Lots.** To authorize upon appeal, in specific cases, such variance from the terms of this Zoning Resolution as will not be contrary to the public interest, where, owing to special conditions of the land, i.e., (an irregular shaped lot having the required area; a lot of exceptional topography; or an exceptionally narrow, shallow or irregular lot, existing and of record at the time of the passage of this Zoning Resolution), a literal enforcement of the provisions of this Zoning Resolution will result in unnecessary hardship. In granting such variance, the Board of Zoning Appeals shall prescribe appropriate conditions and safeguards to maintain the intent and spirit of the Zoning District in conformity with this Zoning Resolution.
- 2. Variances on Existing Buildings and Structures.** To grant the projection of a building or structure existing at the time of the adoption of this Resolution into a required yard to secure an addition to the building or structure practicable in its construction and arrangement. Such projection shall not exceed one third of the required depth or width or the required yard. In granting such variance, the Board of Zoning Appeals shall prescribe appropriate conditions and safeguards to maintain the intent and spirit of the Zoning District in conformity with this Zoning Resolution.

This section shall not be construed to permit variances which shall in effect amend the Use Provisions in this Zoning Resolution.

- C. Conditional Use.** To grant conditional zoning certificates for the use of land, buildings, or other structures, if such certificate for specific uses is provided for in the Zoning Resolution.
- D. Nonconforming Uses.** Nonconforming uses as provided in Article 36 of this Resolution.

Section 4.4 Procedure for Administrative Appeal.

- A. Authorization.** An appeal from a decision of the Code Enforcement Officer with respect to the interpretation or application of this Resolution, may be taken to the Board of Zoning Appeals by any person aggrieved, or his agent, or by any officer of the Township affected by such decision of the Code Enforcement Officer.
- B. Notice of Appeal.** Appeals to the Board shall be filed within 20 days after the decision of the Code Enforcement Officer by filing a written notice of appeal with the Code Enforcement Officer and with the Board of Zoning Appeals.

The notice of appeal shall specify the grounds for such appeal. Upon receipt of a notice of appeal, the Code Enforcement Officer shall forthwith transmit to the Board all of the papers constituting the record upon which the decision being appealed was based.

- C. Hearing on Appeal.** The Board shall select a reasonable time and place for the hearing of an appeal, which shall be held not less than 15 nor more than 70 days after receipt of the application; give at least ten days written notice thereof to the owners of property within 300 feet of the applicant's property, as they shall appear on the notice of appeal. In addition, public notice of such hearings as to the time, place, date, and subject of the hearing, shall be published in a newspaper of general circulation at least ten days prior to the date of the hearing. Any party in interest may appear and be heard at the hearing in person, by agent, or by attorney.
- D. Decision on Appeals.** The Board shall have all the powers of the Code Enforcement Officer with respect to such decision. The concurring vote of a majority of the members of the Board shall be necessary to reverse or modify any decision of the Code Enforcement Officer under this Resolution. The Board shall render a written decision on the application without unreasonable delay after the close of a hearing, and in all cases, within 30 days after the close of the hearing. A copy of the decision and finding of fact shall be sent to the applicant, The Board of Trustees and Zoning Commission.

Section 4.5 Procedure for Obtaining a Variance.

- A. Nature of Variance.** A variance is permission to deviate in a specific manner from the terms of the Zoning Resolution, where, owing to special conditions the land itself, a literal enforcement of the provisions of this Zoning Resolution will result in unnecessary hardship, and provided that only deviations from development standards shall be permitted.

B. Authorization. The Board of Zoning Appeals may authorize variances from the terms of this Resolution as stated in Section 4.3, when the Board has made findings of fact, based upon the standards set out in Section 4.5(E) of this Resolution.

C. Application for Variance. An application for a variance, together with an application for a zoning certificate shall be filed with the Code Enforcement Officer, who shall forward without delay a copy of each to the Secretary of the Board. The application shall contain the following:

1. Description of Property and Nature of Variance.

- a. The nature of the variance i.e., including the specific provisions of the Zoning Resolution from which the variance is requested.
- b. A description sufficient to identify the property, including a reference of the volume and page of the last recorded deed.
- c. A statement of the special circumstances or conditions applying to the land or structure and not applying generally throughout the Zoning District.
- d. A statement showing that the special conditions and circumstances do not result from the actions of the applicant.
- e. A statement showing that the granting of the application is necessary to the preservation and enjoyment of substantial property rights.
- f. Such other information regarding the appeal as may be pertinent or required for appropriate action by the Board of Zoning Appeals.

2. Plot Plan. The application shall be accompanied by six copies of a plot plan drawn to an appropriate scale showing the following:

- a. The boundaries and dimensions of the lot.
- b. The size and location of existing and proposed structures.
- c. The proposed use of all parts of the lot and structures, including access ways, walks, off-street parking and loading spaces and landscaping.
- d. The relationship of the requested variance to the standards set by the Zoning Resolution.
- e. The use of land and location of structure on adjacent property.

- D. Information for Zoning Commission.** The Code Enforcement Officer shall file one copy of the application and plot plan with the Montgomery County Planning Commission within three days after the filing of such application by the applicant, for informational purposes.
- E. Hearing on Variance.** A hearing on the application shall be held by the Board and notice thereof given, as specified under Section 4.4(C) of this Resolution.
- F. Standards for Variances.** The Board shall not grant a variance unless it shall, in each specific case, make specific findings of fact directly based upon the particular evidence presented to it, that support conclusions that:
1. The variance requested arises from special conditions of, or involving the property which are unique, that is, a situation which is not ordinarily found in the same zoning district and that the situation results from the enforcement of this Resolution and not by an action or actions of the property owner, the applicant, or any other person or party who has had control of the property.
 2. The strict application of the provisions of this Resolution from which a variance is requested will constitute unnecessary hardship upon the property owner represented in the application.
 3. The variance desired will not adversely affect the public health, safety, and morals.
 4. The variance desired will not compromise the general spirit and intent of this Resolution.
- G. Conditions and Restrictions.** In granting a variance, the Board may impose such conditions, safeguards and restrictions upon the premise benefited by the variance as may be necessary to comply with the standards set out in Section 4.5(E) of this Resolution to reduce or minimize potentially injurious effects¹ of such variance upon other property in the neighborhood, and to carry out the general purpose and intent of this Resolution.
- H. Decision on Variance.** The Board shall have all the powers of the Code Enforcement Officer with respect to such decision. The concurring vote of a majority of the members of the Board shall be necessary to reverse or modify any decision of the Code Enforcement Officer under this Resolution. The Board shall render a written decision on the application without unreasonable delay after the close of a hearing, and in all cases, within 30 days after the close of the hearing. A copy of the decision and findings of fact shall be sent to the applicant, the Board of Trustees, and the Zoning Commission.

¹ Affects to effects

- I. Period of Validity.** A variance granted by the Board shall terminate at the end of six months from the date on which the Board grants the variance, unless within such six months period, a zoning certificate is obtained.

Section 4.6 Procedure for Obtaining a Conditional Use.

- A. Authorization.** Specifically listed Conditional Uses are provided within the Zoning District regulations in recognition that such uses, although often desirable, will more intensely affect the surrounding area in which they are located than the Permitted Uses of such Zoning District.

The intent of the procedure for authorizing a Conditional Use is to set forth the development standards and criteria for locating and developing a Conditional Use in accordance with the nature of the surrounding area, conditions of development, and with regard to appropriate plans.

- B. Application for Conditional Use.** Any person owning or having an interest in property may file an application to use such property for one or more of the Conditional Uses provided for by this Resolution in the Zoning District in which the property is situated. An application for a Conditional Use Certificate shall be filed in duplicate with the Code Enforcement Officer who shall forward without delay a copy to the Secretary of the Board.

The application for a Conditional Use shall contain the following:

1. Description of Property and Intended Use.

- a. A description sufficient to identify the property including a reference of the volume and page of the last recorded deed.
- b. The proposed use of the property.
- c. A statement of the necessity or desirability of the proposed use to the neighborhood or community.
- d. A statement of the compatibility of the proposed use of adjacent property and land use.
- e. Such other information regarding the property, proposed use, or surrounding area as may be pertinent to the application or required for appropriate action by the Board of Zoning Appeals.

2. Plot Plan. The application shall be accompanied by six copies of the plot plan, drawn to an appropriate scale, clearly showing the following:

- a. The boundaries and dimensions of the lot.
- b. The size and location of existing and proposed structures.

- c. The proposed use of all parts of the lot and structures, including access ways, walks, off-street parking, loading spaces, and landscaping.
- d. The relationship of the proposed development to the development standards in the existing Zoning District.
- e. The use of land and location of structures on adjacent property.

C. Information for Township Zoning Commission. The Code Enforcement Officer shall file one copy of the application and plot plan with the Harrison Township Zoning Commission within three days after the filing of such application by the applicant, for informational purpose.

D. Hearing on Conditional Use. A hearing on the application shall be held by the Board and notice thereof given, as specified under Section 4.4(C) of this Resolution.

E. Standards for Conditional Use. The Board shall not grant a Conditional Use unless it shall, in each specific case, make specific findings of fact directly based upon the particular evidence presented to it, that support conclusion that:

1. The proposed Conditional Use will comply with all applicable regulations of this Resolution, including lot size requirements, development standards and use limitations.
2. Adequate utility, drainage and other such necessary facilities have been or will be provided.
3. Adequate access roads or entrance and exit drives will be provided and will be so designed as to prevent traffic hazards and to minimize traffic conflicts and congestion in public streets and alleys.
4. All necessary permits and license for the use and operation of the Conditional Use have been obtained, or evidence has been submitted that such permits are obtainable for the proposed Conditional Use on the subject property.
5. All exterior lights for artificial open-air illumination are so shaded as to avoid casting direct light upon any property located in a Residential District.
6. The location and size of the Conditional Use, the nature and intensity of the operation involved or conducted in connection with it, the size of the site in relation to it, and the location of the site with respect to streets giving access to it, shall be such that it will be in harmony with the appropriate and orderly development of the district in which it is located.

7. The location, nature, and height of buildings, structures, walls, and fences on the site and the nature and extent of landscaping and screening on the site shall be such that the use will not unreasonably hinder or discourage the appropriate development, use and enjoyment of adjacent land, buildings, and structures.
8. The Conditional Use desired will not adversely affect the public health, safety, and morals.

9. Places of Worship.

- a. The site contains a minimum one acre of land area and has a minimum of one hundred and 150 feet of lot frontage.

- b. Minimum setbacks are:

Front - 25 feet

Side - 40 feet

Rear - 40 feet

- c. Site is located along a thoroughfare having an existing right-of-way of 70 feet or greater.

The Board may waive the 70-foot right-of-way requirement, if a specific finding is made that the existing thoroughfare is adequate to handle the additional traffic generated and/or the site is located so as not to cause increased traffic congestion on residential streets.

- d. There are a maximum of two curb cuts onto the major thoroughfare.
- e. Screening between off-street parking areas and adjacent residential uses are in accordance with Section 40.2.

10. Rooming House.

- a. All rental units shall have a minimum of 400 square feet of living area per unit.
- b. Submission of a floor plan of the proposed rooming house.
- c. Evidence of a license or ability to obtain a license from the Montgomery County Combined Health District for the operation of a rooming house.
- d. There is adequate off-street parking area to accommodate the number of rooms being proposed.

- e. All rental units are located within the principal structure.

11. Cemeteries.

- a. **Area Requirements.** New cemeteries shall be a minimum of 20 acres. There shall be no minimum area requirement for the expansion of existing cemeteries.
- b. **Setback Requirements.** There shall be a minimum setback of 200 feet from any burial site (including mausoleums) to any existing right-of-way line, and 100 feet to any adjacent property line.

12. Automotive Sales.

a. Lot Requirements.

- i. The minimum lot area required for new automotive sales is 80,000 square feet.
- ii. The minimum lot area required for used automotive sales, is 20,000 square feet.
- iii. Any lot/parcel of land to be used for automotive sales shall have a minimum depth of 200 feet.
- iv. If multiple lots must be used to meet these requirements for a single business or operation, all lots shall be consolidated before an application for a conditional use can be considered.

b. Off-Street Loading.

- i. No loading or unloading of car haulers or trailers shall be permitted on public rights-of-way.
- ii. Car haulers/trailers must be able to access the site and have adequate room to maneuver on site for loading and unloading without backing onto a public right-of-way.

c. Required Office/Sales Display Room. All automotive sales businesses shall have an on-site permanent sales building or office with ADA accessible bathrooms for employees and customers. The building shall meet all dimensional and construction standards of the district in which it is located.

d. No Outdoor Storage or Display of Junk or Inoperable Vehicles. No junk or inoperative vehicle shall be permitted to remain outdoors on the property for a period exceeding 72 hours.

e. Maximum Impervious Surface. The maximum impervious surface for a lot used for automotive sales shall be 80%, inclusive of any building footprints, parking and drive aisles, or other paved areas. Pervious pavement may be used in areas where vehicles are not stored or displayed.

F. Conditions and Restrictions. In granting a Conditional Use Certificate, the Board may impose such conditions, safeguards and restrictions upon the premises benefited by the Conditional Use as may be necessary to comply with the standards set out in Section 4.6(E) to reduce or minimize potentially injurious effects of such Conditional Uses upon other property in the neighborhood, and to carry out the general purpose and intent of this Resolution.

G. Period of Validity. A Conditional Use Certificate granted by the Board shall terminate at the end of one year from the date on which the Board grants the Conditional Use, unless within the one-year period a building permit is obtained, and the erection or alteration of a structure is started.

The Conditional Use Certificate will suffice as the Zoning Certificate required by Article 3, Section 3.2 of this Resolution.

Section 4.7 Revocation of Conditional Use Permit.

In addition to other remedies contained in this resolution to abate a zoning violation, the Board of Zoning Appeals may revoke a conditional use permit for failure to comply with the conditions upon which the conditional use permit was issued, or for operating in violation of or contrary to any of the provisions of this resolution.

A. Determination by Code Enforcement Officer. Upon the township's own initiation or after receipt of a complaint that a conditional use is being operated in violation of any provision of this zoning resolution or contrary to any condition upon which the conditional use permit was granted, the enforcement official shall conduct an investigation into the alleged violation. Upon the Code Enforcement Officer making a determination that the conditional use is being operated in violation of any provision of this zoning resolution or any of the conditions upon which the conditional use permit was granted, the enforcement official, in addition to other remedies contained in this resolution, may initiate the process contained herein to revoke the conditional use permit.

- B. Process for Revocation of Conditional Use Permit.** When the Code Enforcement Officer has determined that the conditions upon which a conditional use permit was granted have not been complied with, or the conditional use has been or is being operated in violation of or contrary to any provision of this resolution, the Code Enforcement Officer shall serve a notice of violation upon the holder of the conditional use permit. The notice of violation shall state the specific nature of the violation; corrective action needed to be taken to abate the violation; specific time period for abatement of the violation; and a statement that failure to comply with the notice of violation may be cause for revocation of the conditional use permit.
- C. Service.** Service of the notice of violation may be made in any one of the following ways:
- 1. Certified Mail.** The notice of violation may be sent by certified mail. The violation notice shall be addressed to the holder of the conditional use permit as it appears on the conditional use permit application form, or the latest subsequent occupancy permit and be mailed to the permit holder's address appearing thereon. In addition, a copy of the notice shall be sent by regular mail, addressed as it appears on the tax duplicate in the office of the Montgomery County Auditor for the property on which the conditional use is located.
 - 2. Personal Service.** The notice of violation may be personally served on the holder of the conditional use permit by any Code Enforcement Officer or agent of the township. The notice of violation shall be delivered to the address for which the conditional use permit was issued. It shall be sufficient to serve any person at the address for which the permit was issued. In addition, a copy of the notice shall be sent by regular mail, addressed as it appears on the tax duplicate in the office of the Montgomery County Auditor for the property on which the conditional use is located.
 - 3. Posting.** If the certified mailing is returned unclaimed or personal service cannot be made, it shall be sufficient to post the notice of violation in a conspicuous place on the property for which the notice has been addressed. In addition, a copy of the notice shall be sent by regular mail, addressed as it appears on the tax duplicate in the office of the Montgomery County Auditor for the property on which the conditional use is located.

- D. Setting of the Public Hearing by the Board of Zoning Appeals.** Upon failure of the holder of the conditional use permit to comply with the Notice of Violation within the time period stipulated thereon and upon request by the Community and Economic Development Director to do so, within 30 days of such request the Board shall set a time and place for a public hearing on the alleged violation. The public hearing shall not be held in less than 20 days nor more than 60 days from the date of the setting of the public hearing. A public notice of such hearing as to the time, place, and subject of the hearing, shall be published in a newspaper of general circulation at least ten days prior to the date of the public hearing.
- E. Public Hearing by the Board of Zoning Appeals.** At the public hearing, the holder of the conditional use permit may appear in person, by a representative or may state their position in writing. The permit holder or representative may present evidence and examine witnesses.
- F. Standards for revoking a Conditional Use Permit.** Prior to the Board revoking any conditional use permit, in each specific case, the Board shall make the following findings:
1. The Board of Zoning Appeals authorized the granting of a conditional use permit to operate the use as described in the Notice of Violation.
 2. The holder of the conditional use permit was served with a Notice of Violation as provided for in Section 4.7(C).
 3. The Notice of Violation that was served upon the holder of the conditional use permit stated the specific nature of the violation; corrective action needed to be taken to abate the violation; specific time period for abatement of the violation; and a statement that failure to comply with the Notice of Violation may be cause for revocation of the conditional use permit.
 4. Within the time period stipulated in the Notice of Violation, the holder of the conditional use permit failed to comply with the Notice of Violation by not abating the violation, and/or by not bringing the use into compliance with the conditions upon which the conditional use permit was issued.
 5. An administrative appeal was not filed with the Board of Zoning Appeals as provided for in this resolution, alleging an error in any order, requirement, decision, or determination made by the Code Enforcement Officer relative to this case.
 6. Upon expiration of the date indicated for compliance in the Notice of Violation, the use was being operated in violation of specific provisions of the Zoning Resolution and/or conditions imposed by the Board as a prerequisite to authorizing the granting of the conditional use permit.

- G. Authority of the Board.** The concurring vote of a majority of the Board of Zoning Appeals members present at the public hearing shall be necessary to render a decision. The Board shall have the power to reverse or affirm, wholly or partly, or may modify orders contained in the Notice of Violation. Upon affirming, wholly or partly the Notice of Violation, the Board shall have the power to revoke the conditional use permit. The Board shall not have the power to delete, change or modify the conditions upon which the conditional use permit was issued, unless the procedure contained in this resolution for the granting of a conditional use permit are complied with.
- H. Decision by the Board.** The Board shall render its decision in writing within 30 days of the close of the public hearing. The holder of the conditional use permit shall be notified of the Board's decision in the same manner the Notice of Violation was served upon the holder of the conditional use permit, and a written copy of the decision shall be sent by regular mail to the addressee as it appears on the tax duplicate in the office of the Montgomery County Auditor for the property on which the conditional use is located.

Section 5.2 Boundaries.

- A. Incorporation.** The boundaries of these districts are hereby established as shown on the Zoning Maps of the unincorporated areas of Harrison Township in Montgomery County, Ohio, which maps are hereby made a part of this Resolution. The said "Zoning Map" and all notations and references and other matters shown thereon, shall be and are hereby made part of this Resolution. Said "Zoning Map" properly attested, shall be and remain of file in the Office of the Harrison Township Community and Economic Development Director, The Board of Harrison Township Trustees, and the Harrison Township Zoning Commission of Montgomery County, Ohio.
- B. Areas Shown on Map.** It is the intent of this Zoning Resolution that the entire area under the jurisdiction of Harrison Township Zoning, including all land, water areas, rivers, streets, alleys, railroad, and other rights of way be included in the districts established by this Resolution. Any area not shown on the Official Zoning Map of the Township as being included in any district shall be deemed to be in the "R-1", Single Family Residential District.
- C. Rules of Interpretation.** In the event uncertainty exists with respect to the intended boundaries of the various districts as shown of the Official Zoning Map, the following rules shall apply:
1. Where the designation of a boundary line on the Zoning Maps coincides with the location of a street or alley, the centerline of such street or alley shall be construed to be the boundary of such district.
 2. Where the district boundaries do not coincide with the location of streets, alleys, but do coincide with lot lines, such lot lines shall be construed to be the boundary of such district.
 3. Where the district boundaries do not coincide with the location of streets, alley or lot lines, the district boundaries shall be determined by the use of the scale shown on the Zoning Maps.
 4. All street, alleys, public ways, waterways, and railroad rights of way, if not otherwise specifically designated, shall be deemed to be in the same zone as the property immediately abutting upon such streets, alleys, public ways, waterways, and railroad rights of way.
 5. Where the centerline of a street, alley, public way, waterway, or railroad right-of-way, serves as a district boundary, the zoning of such areas, unless otherwise specifically designated, shall be deemed to be the same as that of the abutting property up to the centerline.

ARTICLE 6. DISTRICT CHANGES AND RESOLUTION AMENDMENTS

Section 6.1 Township Zoning Commission

- A. Organization.** The Board of Township Trustees of Harrison Township proceeding under Section 519.01 to 519.99 inclusive of the Ohio Revised Code, shall create and establish a Township Zoning Commission. The Commission shall be composed of five member who reside in the unincorporated area of the Township, included within this Zoning Plan, to be appointed by the Board of Township Trustees and the terms of the members shall be of such length and so arranged that the term of one member will expire each year.
- B. Removal.** Each member shall serve until his successor is appointed and qualified. Members of the Zoning Commission shall be removable in accordance with Section 519.04 Ohio Revised Code (see Section 4.1 of this Resolution).

Section 6.2 General

Amendments or supplements to the Zoning Resolution shall be affected² as provided by Section 519.02 et seq., of the Revised Code of the State of Ohio.

Section 6.3 Procedure for Change

Such side yard shall be equal to twice the height of the structure with a minimum requirement of 20 feet and a maximum requirement of 50 feet. If a use is to be serviced from the rear, the yard shall be at least 50 feet deep.

*The front yard depth shall be measured from the established right-of-way lines as shown on the Official Thoroughfare Plan for Montgomery County.

C. Maximum Lot Coverage. 50% of lot area.

D. Maximum Floor Area Ratio. 0.5.

ARTICLE 24. "I-2" GENERAL INDUSTRIAL DISTRICT

Preamble. This district has been established to accommodate a broad range of industrial activities; diverse in product, operational techniques, and size and which have a greater impact upon their environment than those permitted in "I-1".

Section 24.1 Principal Permitted Uses.

A. Agriculture / Public & Semi-Public Uses

1. Agriculture, Large Scale
2. Community Garden
3. Government Facility, Non-Office
4. Government Facility, Office
5. Hospital
6. Library
7. Museum
8. Nature Preserve
9. Park / Playground
10. Trade or Business School
11. University / College

B. Commercial Uses

1. Auto-Oriented Use, Heavy
2. Auto Sales, New
3. Auto Sales, Used
4. Boat / RV Sales & Service
5. Boat / RV Storage (Outdoors)
6. Equipment Rental

- 7. Financial Institution
- 8. Fitness Center
- 9. Funeral Home
- 10. Kennel
- 11. Manufactured Home Sales
- 12. Office
- 13. Recreation, Indoors
- 14. Retail, Wholesale
- 15. Trucks & Trailer Sales & Service

C. Industrial Uses

- 13. Builder's Supply Store
- 14. Brewery
- 15. Commercial Cleaning
- 16. Contractor's Office
- 17. Contractor's Yard
- 18. Distribution Facility
- 19. Food & Beverage Production
- 20. General Industrial Production
- 21. Light Industrial Assembly & Distribution
- 22. Microbrewery / Artisan Distillery
- 23. Research & Development
- 24. Truck Shipping Facility
- 25. Truck Stop / Travel Center

Section 24.2 Accessory Uses.

- A.** Accessory uses, building or other structures customarily incidental to any aforesaid permitted use.

- B.** Temporary buildings for uses incidental to construction work, which buildings shall be removed upon the completion or abandonment of the construction work.

Section 24.3 Conditional Uses.

The following Conditional uses subject to approval in accordance with Section 4.6.

- A.** Residential Uses

- 1. Dwellings, Single-Family

- B.** Agriculture / Public & Semi-Public Uses

- 1. Agriculture, Small Scale
 - 2. Cemetery
 - 3. Correctional Facility
 - 4. Parking Lot / Garage (as a primary use)
 - 5. Place of Worship
 - 6. School (Grades Pre-School through 12)

- C.** Commercial Uses

- 1. Auto-Oriented Use, Light
 - 2. Brewpub
 - 3. Shooting Range

- D.** Industrial Uses

- 1. Power Generation Facility
 - 2. Recycling Center

Section 24.4 Required Conditions.

No zoning certificate shall be issued for a "I-2" use, until the applicant shall have certified to the zoning inspector that:

- A.** Where the property lines separate an Industrial District from a Residential District, a visual and mechanical barrier, a minimum of six feet in height, shall be provided along the common lot lines, which may consist of any of the following:

- 1.** An evergreen hedge used with a chain link fence. Such hedge shall not be less than three feet in height.
 - 2.** A solid fence of a non-deteriorating material.
 - 3.** Masonry wall.
- B.** No noise from any operation conducted on premises either continuous or intermittent, shall violate the provisions of Article 41.
- C.** No emission of toxic or noxious matter, which is injurious to human health, comfort or enjoyment of life and property or to animals or plant life shall be permitted. Where such emissions could be produced as a result of accident or equipment malfunction, adequate safeguards considered suitable for safe operation in the industry involved shall be taken.
- D.** The emission of smoke or other air pollutants shall not violate the standards and regulations of the Montgomery County Health Department. Dust and other types of air pollution borne by the wind shall be kept to a minimum by appropriate landscaping, paving, oiling, or other acceptable means.
- E.** No person shall cause, permit, or allow the emission of odorous matter in such concentration and frequency or for such duration that such odor can be perceived when one volume of odorous air is diluted with seven volumes or odor free air for two separate trials not less than 15 minutes apart within the period of one hour.
- F.** There will be no vibrations which can be detected without the use of instruments at or beyond the lot lines.
- G.** Any operation that produces intense glare or heat shall be performed within a completely enclosed building or structure and expose sources of light shall be screened so as not to be detectable at the lot line.
- H.** Exterior lighting shall be shaded wherever necessary to avoid casting direct light upon property located in any Residential District or upon any public street.
- I.** No building or structure shall be used for residential purposes except that a watchman or custodian may reside on the premises.
- J.** All premises shall be furnished with all-weather hard surface walks or a material such as bituminous or Portland cement concrete, wood, tile terrazzo, or similar material and, except for parking areas, the grounds shall be planted and landscaped.
- K.** The storage, utilization and manufacture of solid, liquid, and gaseous chemicals and other materials shall be permitted subject to the following conditions:

1. The storage, utilization or manufacture of solid materials or products ranging from free or active burning to intense burning is permitted, but only if said material or products are stored, utilized, or manufactured within completely enclosed buildings having incombustible exterior walls and protected throughout by an automatic fire extinguishing system.
2. All activities involving the use and/or storage and/or disposal of flammable liquids or materials which produce flammable or explosive vapors or gases shall be provided with adequate safety and protective devices against hazards of fire and explosion, as well as with adequate firefighting and suppression equipment and devices standard to the industry involved. All above ground storage shall be in enclosed fireproof vaults.
3. The storage, utilization or manufacture of pyrophoric and explosive powders and dusts, and of materials and products which decompose by detonation is prohibited.
4. The manufacture of flammable liquids or materials which produce flammable or explosive vapors or gases is prohibited.
5. The storage and utilization of flammable liquids, or of materials that produce flammable or explosive vapors or gases shall be permitted on any lot in strict conformance with the applicable regulations set forth in the "Ohio Rules and Regulations of the Division of the State Fire Marshall for the manufacture, storage, handling, sale and transportation of flammable and combustible liquids."

Furthermore, the following table shall establish minimum quantities of flammable materials in gallons:

Closed CUP Flash Point in Degrees F	Above Ground	Below Ground
Class I below 100' F. ⁴	I Not Permitted	60,000
Class II above 100' F. and below 140' F.	II 3,000	120,000
Class III above 140' F.	III 15,000	240,000

Note: If this table conflicts with above State Fire Marshall Regulations the more restrictive will apply.

⁴ Included "100' F" like the other table

- L.** The handling of radioactive materials, the discharge of such materials into air and water and the disposal of radioactive wastes shall be in strict conformance with:
- 1.** The applicable regulations of The Energy Research and Development Administration.
 - 2.** The applicable regulations of any instrumentality of the State of Ohio.
- M.** Materials or merchandise stored or stockpiled in unsheltered storage bins or outside storage piles or pits shall not exceed a height limit of 20 feet above normal ground level at that point and said storage area shall not be located closer than 50 feet from any property zoned for residential purposes.

Failure to comply with any of the Required Conditions by property owners or users will be considered a zoning violation appropriate for prosecution under the terms of this Resolution.

Section 24.5 Development Standards

In addition to provisions of Chapter VIII and IX, General Regulation and Special Regulations, the following standards for arrangement and development of land and buildings are required in the "I-2" General Industrial District.

A. Height Regulations. No structure shall exceed 40 feet in height.

B. Lot Area, Frontage and Yard Requirements.

Lot Area	None
Lot Frontage	Minimum 100 ft.
Front Yard Depth*	50 ft.
Side Yard	A side yard shall be required adjacent to a Residential or a Planned Residential District. Such side yard shall be equal to twice the height of the structure with a minimum requirement of 20 feet and a maximum requirement of 50 feet.
Rear Yard	A rear yard shall be required adjacent to a Residential or a Planned Residential District. Such side yard shall be equal to twice the height of the structure with a minimum requirement of 20 feet and a maximum requirement of 50 feet. If a use is to be serviced from the rear, the yard shall be at least 50 feet deep.

*The front yard depth shall be measured from the established right-of-way lines as shown on the Official Thoroughfare Plan for Montgomery County.

C. Maximum Lot Coverage. 50% of lot area.

D. Maximum Floor Area Ratio. 0.5.

ARTICLE 25. "I-3" HEAVY INDUSTRIAL DISTRICT

Preamble. This district is established to accommodate industrial uses not provided for in other Industrial Zoning Districts.

Section 25.1 Principal Permitted Uses.

A. Agriculture / Public & Semi-Public Uses

1. Agriculture, Large Scale
2. Community Garden
3. Government Facility, Non-Office
4. Government Facility, Office
5. Hospital
6. Library
7. Museum
8. Nature Preserve
9. Park / Playground
10. Trade or Business School
11. University / College

B. Commercial Uses

1. Auto-Oriented Use, Heavy
2. Manufactured Home Sales

C. Industrial Uses

1. Brewery

2. Commercial Cleaning
3. Concrete / Asphalt Production Facility
4. Contractor's Office
5. Contractor's Yard
6. Distribution Facility
7. Food & Beverage Production
8. General Industrial Production
9. Light Industrial Assembly & Distribution
10. Microbrewery / Artisan Distillery
11. Power Generation Facility
12. Research & Development
13. Truck Shipping Facility
14. Truck Stop / Travel Center
15. Warehouse

Section 25.2 Accessory Uses.

- A.** Accessory uses, building or other structures customarily incidental to any aforesaid permitted use.
- B.** Temporary buildings for uses incidental to construction work, which buildings shall be removed upon the completion or abandonment of the construction work.

Section 25.3 Conditional Use.

The following Conditional Uses subject to approval in accordance with Section 4.6.

- A.** Agriculture / Public & Semi-Public Uses
 1. Agriculture, Small Scale
 2. Cemetery
 3. Correctional Facility

4. Parking Lot / Garage (as a primary use)
5. Place of Worship
6. School (Grades Pre-School through 12)

B. Commercial Uses

1. Auto-Oriented Use, Light

C. Industrial Uses

1. Hazardous Materials Production & Storage
2. Mineral Extraction
3. Recycling Center
4. Waste Disposal Facility
5. Wastewater Treatment Facility

Section 25.4 Conditions for Conditional Uses.

- A.** Uses of the type exemplified by Section 25.3(A), shall be confined to tracts located at least 1,000 feet from any property where residents are permitted by this Zoning Resolution.
- B.** Junk yards subject to the requirements of Section 25.3(B), shall be confined to tracts located at least 600 feet from any property zoned for residential purposes, shall observe a 50-foot front yard setback, and shall comply with Chapter 4737, of the Ohio Revised Code.

Section 25.5 Required Conditions.

No zoning certificate shall be issued for a "I-3" use, until the applicant shall have certified to the zoning inspector that:

- A.** Where the property lines separate an Industrial District from a Residential District, a visual and mechanical barrier, a minimum of six feet in height, shall be provided along the common lot line, which may consist of any of the following:
 1. An evergreen hedge used with a chain link fence. Such hedge shall not be less than three feet in height.
 2. A solid fence of a non-deteriorating material.
 3. Masonry wall.

- B.** No noise from any operation conducted on the premises, either continuous or intermittent, shall violate the provision of Article 41.
- C.** No emission of toxic or noxious matter, which is injurious to human health, comfort or enjoyment of life and property or to animals or plant life shall be permitted. Where such emissions could be produced as a result of accident or equipment malfunction, adequate safeguards considered suitable for safe operation in the industry involved shall be taken.
- D.** The emission of smoke or other air pollutants shall not violate the standards and regulations of the Montgomery County Health Department. Dust and other types of air pollution borne by the wind shall be kept to a minimum by appropriate landscaping, paving, oiling, or other acceptable means.
- E.** No person shall cause, permit, or allow the emission or odorous matter in such concentration and frequency or for such durations that such odor can be perceived when one volume of odorous air is diluted with seven volumes of odor free air for two separate trials not less than 15 minutes apart within the period of one hour.
- F.** There will be no vibrations which can be detected without the use of instruments at or beyond the lot lines.
- G.** Any operation that produces intense glare or heat shall be performed within a completely enclosed building or structure; and exposed sources of light shall be screened so as not to be detectable at the lot line.
- H.** Exterior lighting shall be shaded wherever necessary to avoid casting direct light upon property located in any Residential District or upon any public street.
- I.** No building or structure shall be used for residential purposes except that a watchman or custodian may reside on the premises.
- J.** The storage, utilization and manufacture of solid, liquid, and gaseous chemicals and other materials shall be permitted subject to the following conditions:
 - 1.** The storage, utilization or manufacture of solid materials or products ranging from free or active burning to intense burning is permitted only if said materials or products are stored, utilized, or manufactured within completely enclosed buildings have incombustible exterior walls and protected throughout by an automatic fire extinguishing system.

2. All activities involving the use and/or storage and/or disposal of flammable liquids or materials which produce flammable or explosive vapors or gases shall be provided with adequate safety and protective devices against hazards of fire and explosion, as well as with adequate firefighting and suppression equipment and devices standard to the industry involved. All above ground storage shall be in enclosed fireproof vaults.
3. The storage and utilization of flammable liquids, or of materials that produce flammable or explosive vapors or gases shall be permitted on any lot in strict conformance with the applicable regulations set forth in the "Ohio Rules and Regulations of the Division of the State Fire Marshall for the manufacture, storage, handling, sale and transportation of flammable and combustible liquids."

Closed CUP Flash Point in Degrees F⁵	Above Ground	Below Ground
Class I below 100' F.	I Not Permitted	Unlimited
Class II above 100' F. and below 140' F.	II Unlimited	Unlimited
Class III above 140' F.	III Unlimited	Unlimited

Note: If this table conflicts with above State Fire Marshall Regulations the more restrictive will apply.

- K.** The handling of radioactive materials, the discharge of such materials into air and water and the disposal of radioactive wastes shall be in strict conformance with:
 1. The applicable regulations of the Energy Research and Development Administration.
 2. The applicable regulations of any instrumentality of the State of Ohio.
- L.** Materials or merchandise stored or stockpiled in unsheltered storage bins or outside storage piles or pits shall not exceed a height limit of twenty feet above normal ground level at that point and said storage area shall not be located closer than fifty feet from any property zoned for residential purposes.

⁵ Update to match other tables.

Section 25.6 Development Standards

In addition to provisions of Chapters VIII and IX, General Regulations and Special Regulations the following standards for arrangements and development of land and buildings are required in the "I-3" Heavy Industrial District.

A. Height Regulations. No structure shall exceed 40 feet in height.

B. Lot Area, Frontage and Yard Requirements. The following minimum requirements shall be observed.

Lot Area	None
Lot Frontage	Minimum 100 ft.
Front Yard Depth*	50 ft.
Side Yard	A side yard shall be required adjacent to a Residential or a Planned Residential District. Such side yard shall be equal to twice the height of the structure with a minimum requirement of 20 feet and a maximum requirement of 40 feet.
Rear Yard	A rear yard shall be required adjacent to a Residential or a Planned Residential District. Such side yard shall be equal to twice the height of the structure with a minimum requirement of 50 feet. If a use is to be serviced from the rear, the yard shall be at least 50 feet deep.

*The front yard depth shall be measured from the established right-of-way lines as shown on the Official Thoroughfare Plan for Montgomery County.

C. Maximum Lot Coverage. 50% of lot area.

D. Maximum Floor Area Ratio. 0.75.

ARTICLE 26. “F” FLOOD PLAIN DISTRICT

Preamble. Certain areas within the unincorporated territory of Harrison Township are not readily usable or suitable for residential, commercial, or industrial uses and should be reserved as conservation areas. Such areas may be subject to periodic flooding which makes development contrary to public interest.

Section 26.1 Principal Permitted Uses.

A. Agriculture / Public & Semi-Public Uses

1. Agriculture, Small Scale
2. Agriculture, Large Scale
3. Community Garden
4. Nature Preserve
5. Park / Playground

B. Commercial Uses

1. Farmer’s Market (as a primary use)

Section 26.2 Conditional Use.

The following Conditional Uses subject to approval in accordance with Section 4.6.

Before taking action on such request, the Board shall secure a written recommendation from the Montgomery County Planning Commission, and Miami Conservancy District regarding the advisability and approval of the request and setting the necessary standards and conditions for the proper operation of the proposed use.

A. Commercial Uses

1. Recreation, Outdoors
2. Shooting Range

ARTICLE 27. "WP" WELL FIELD PROTECTION OVERLAY DISTRICT

Preamble. The "WP" Well Field Protection Overlay District is designed to safeguard the public health, safety and welfare of citizens and institutions that are customers of any "protected public water supply" by regulating the land use and the storage, handling, use and/or production of Regulated Substances. The areal extent of the zone is described as the land area within Harrison Township adjacent to existing and proposed protected public wells which lie within the Well Field Protection Area. The intent of this designation is to protect the region's potable water supply against contamination.

Section 27.1 Applicability of Well Field Protection Overlay District to Underlying Zoning Districts.

The provisions of this Article shall be applicable to all lands shown as being located within the boundaries of the "WP" Well Field Protection Overlay District on the Zoning Map and shall be supplemental to the regulations of the underlying zoning district. Where the requirements of this Article are in conflict with the regulations of the underlying district, the more restrictive regulations shall apply.

Section 27.2 Determination of Applicability.

It shall be the responsibility of any person owning real property and/or owning or operating a business within Harrison Township to make a determination of the applicability of this Article as it pertains to the property and/or business under his/her ownership or operation and his/her failure to do so shall not excuse any violations of this Article.

Section 27.3 Definitions.

- A. Administrator.** Shall be the Planning/Zoning Director and such individuals or agencies authorized by the Township Trustees to assist in administration and enforcement of the provisions of this article.
- B. Aquifer.** A glacial formation, group of glacial formations or part of a glacial formation that contains enough saturated permeable material to yield significant quantities of water.
- C. Potable Water.** Water that is satisfactory for drinking, culinary and domestic purposes, meeting current drinking water standards.

- D. Protected Public Water Supply.** A public water system which serves at least 15 service connections used by year-round residents or regularly services at least 25 year-round residents and having a one-year capture area defined through appropriate hydrologic study.
- E. Recharge Lagoon.** A body of water designed and maintained by man to add water to the groundwater at a rate greater than that occurring naturally.
- F. Regulated Substance(s).** Substances to be regulated, hereinafter referred to as Regulated Substances, are chemicals and mixtures of chemicals which are health hazards. Regulated Substances include:
1. Chemicals for which there is scientific evidence that acute or chronic health effects may result from exposure including carcinogens, toxic and highly toxic agents, reproductive toxins, irritants, corrosives, sensitizers, hepatotoxins, nephrotoxins, neurotoxins, agents which act on the hematopoietic system, and agents, which damage the lungs, skin, eyes, or mucous membranes.
 2. Mixtures of chemicals which have been tested as a whole and have been determined to be a health hazard.
 3. Mixtures of chemicals which have not been tested as a whole but which contain any chemical which has been determined to be a health hazard and which comprises one percent or greater of the composition on a weight per unit weight basis, and mixtures of chemicals which include a carcinogen if the concentration of the carcinogen in the mixture is one tenth of one percent or greater of the composition on a weight per unit weight basis.
 4. Ingredients of mixtures prepared within the "WP" Well Field Protection Overlay District in cases where such ingredients are health hazards but comprise less than one tenth of one percent of the mixture (on a weight per unit weight basis) if carcinogenic, or less than one percent of the mixture (on a weight per unit weight basis) if non carcinogenic.
 5. Petroleum and non-solid petroleum derivatives (except non-PCB dielectric fluids in use in equipment for the transmission of electric power to homes and businesses).
- G. Underground Storage Tank.** One or any combination of tanks (including underground pipes connected thereto) that are used to contain an accumulation of Regulated Substances and the volume of which (including the volume of underground pipes connected thereto) is ten percent or more beneath the surface of the ground. The term Underground Storage Tank does not include any of the following:

1. Pipeline facilities, including gathering lines, regulated under the "Natural Gas Pipeline Safety Act of 1968" 82 Stat. 720, 49 U.S.C.A. as amended.
2. Surface impoundments, pits, ponds, or lagoons.
3. Storm or wastewater collection systems.
4. Flow-through process tanks.
5. Storage tanks located in underground areas when the tanks are located on or above the surface of the floor and the integrity of the tank is periodically visually evaluated.
6. Septic tanks.
7. Tanks used for storing heating fuel for consumptive use on the premises where stored, provided the premises are single- or two-family residences.

H. Well Field. A tract of land that contains a number of wells for supplying water.

I. Well Field Protection Area. The surface and subsurface area surrounding a water well or well field, supplying a public water system, through which contaminants are reasonable likely to move toward and reach such water well or well field.

Section 27.4 Principal Permitted Uses.

The principal permitted uses allowed within the "WP" Well Field Protection Overlay District shall be those of the underlying zoning district, provided they meet all requirements of this Article. Uses not specifically mentioned are not permitted.

Section 27.5 Accessory Uses.

The accessory uses allowed within the "WP" Well Field Protection Overlay District shall be those of the underlying zoning district, provided they meet all requirements of this Article. Uses not specifically mentioned are not permitted.

Section 27.6 Conditional Uses.

The conditional uses allowed within the "WP" Well Field Protection Overlay District shall be those of the underlying zoning district, provided they meet all requirements of this Article in addition to any applicable requirements established under any other Article. In addition, specific conditional use provisions for the extraction of minerals and existing uses within the "WP" district shall be as follows:

- A. Mineral Extraction.** The excavation, extraction, mining or processing of sand, gravel, and limestone from the earth for resale shall remain as conditional uses in the "WP" Well Field Protection Overlay District subject to BZA approval of an excavation and facilities plan that includes, but is not limited to:
1. An existing site plan with topographic detail at two-foot contour intervals, all planimetric information, depth to ground water and flood plain characteristics where applicable.
 2. The proposed extent and depth of excavations.
 3. Slope angle of excavation walls (any final slopes shall be at the angle of repose for the remaining material).
 4. Use and disposition of the soil and/or overburden materials from the excavations including a landscaping and vegetation plan to stabilize any disturbed material.
 5. Surface Drainage Plan:
 - a. Drainage into on site excavations from proximate off-site transportation facilities such as roadways and roadbeds and off-site watercourses is prohibited unless the applicant provides a plan which otherwise protects the excavations from offsite waterborne regulated substances.
 - b. The final on site grading shall minimize all surface drainage into the excavations.
 6. A post excavation and operation land use plan.
 7. A security plan (unauthorized access shall be strictly prohibited as long as any excavations remain on site).
- B. Existing Businesses.** Existing legal businesses within the "WP" district as of the effective date of this article may make application to increase the maximum quantities of regulated substances maintained on site in response to changes in the market and/or need to increase production.
1. All other methods to respond to changes in the market or increase production without exceeding the maximum quantities or reported regulated substances have been exhausted.
 2. There shall be no greater hazard and/or threat of hazard to the aquifer and/or ground water as a result of increasing the number of regulated substances.

Section 27.7 Specific Prohibited Uses.

The following uses are prohibited in the Well Field Protection Areas:

- A.** Construction and demolition waste and debris sites.
- B.** Sanitary waste facility and/or sanitary waste processing facility.
- C.** Hazardous waste facility and/or hazardous waste processing facility.
- D.** Dry well.
- E.** Underground storage tank.

Section 27.8 Groundwater Protection Standards.

- A. Regulated Substances Maximum Quantities.** Use, storage, handling and/or production of Regulated Substances in conjunction with permitted and conditional uses in this district shall be limited to or as follows:
 - 1. Aggregate of Regulated Substances.** The aggregate of Regulated Substances in use, storage, handling and/or production may not exceed 20 gallons or one hundred and 160 pounds at any time.
- B. Limited Exclusions.** Limited exclusions from the provisions of Section 27.8(A) are authorized for:
 - 1. Non-Routine Maintenance or Repair of Property or Equipment.** The use, storage, handling and/or production of Regulated Substances under this exclusion shall be limited to:
 - a.** The aggregate of Regulated Substances in use, storage, handling, and/or production may not exceed 50 gallons or 400 pounds at any time.
 - 2. Medical & Research Laboratory Uses.** Excluded Regulated Substances shall be stored, handled, or used in containers not to exceed five gallons or 40 pounds of each substance and the aggregate inventory of Regulated Substances shall not exceed 250 gallons or 2,000 pounds.
 - 3. Cleaning Agents.** Excluded Regulated Substances which are cleaning agents shall be packaged for personal or household use or be present in the same form and concentration as a product packaged for use by the general public. The aggregate inventory of such cleaning agents shall not exceed 200 gallons or 1600 pounds at any time. In no case shall Regulated Substances claimed under this exclusion include hydrocarbon or halogenated hydrocarbon solvents.

- 4. Construction Materials.** Regulated Substances associated with construction for which a permit has been issued, paving or the pouring of concrete shall be excluded from regulation while present on the construction site provided such regulated substances do not pose a real and present danger of contaminating surface and/or ground water. For the on-site storage of fuel and lubricants for vehicles or other equipment, which may be associated with such construction activity, the fuel storage containers shall be secondarily contained. Regulated Substances not used in the construction process and all wastes generated during construction shall be removed from the construction site no later than at the time of completion of the construction. If construction activity has ceased for 60 days, all Regulated Substances shall be removed from the site until such time as the construction activity is to resume.
- C. Underground Storage of Fuel and Lubricants.** With the exception of residential use of heating fuels, the underground storage of fuel and lubricants for vehicle operations and fuel for building and/or process heating in conjunction with permitted and conditional uses in this district shall be secondarily contained and monitored. Such installations shall be subject to approval by the Administrator.
- D. Nonconforming Uses.**

 - 1. Underground Storage Tanks.** Notwithstanding other provisions in this Article, nonconforming uses in this district using underground storage tanks on November 20, 2008, for fuel and lubricants for vehicle operations and fuel for building and/or processing heating shall be permitted to replace existing tanks with those constructed as per the specifications of Section 27.8(C) above and not exceeding the capacity of existing tanks. Replacement of underground tanks for Regulated Substances other than the above noted fuels and lubricants are not permitted.
 - 2. Substitutions of Nonconforming Uses.** As part of the findings required under Article 33, the Administrator shall use the Total Maximum Daily Inventory and Facility Hazard Potential Rating to assist in the determination of intensity of use within this district. Except as provided for in Section 27.6(B), no substitutions of a non-conforming use shall be permitted which result in an increase in the Total Maximum Daily Inventory of Regulated Substances or that result in an increase of the Facility Hazard Potential Rating on a parcel within this district.

- E. Exemption of Certain Regulated Substances.** The Administrator is authorized to exempt certain regulated substances that pose no threat to groundwater, from the provisions of this Article. Prior to authorizing the exemption of any regulated substance, the Administrator shall have such request for exemption reviewed by the City of Dayton's Environmental Advisory Board (E.A.B.). The recommendation of the E.A.B. shall be binding on the Administrator.
- F. Technical Consultants.** Upon application for a Zoning Permit and/or Occupancy Certificate and/or Conditional Use Permit for a use within the "WP" Well Field Protection Overlay District, the Administrator may employ such technical expertise as needed to ensure compliance with the provisions of this Article. All documented costs incurred in the compliance review process shall be passed through to the applicant and shall be in addition to those fees normally charged by the Township to review a Zoning Permit and/or Occupancy Certificate and/or Conditional Use Permit.
- G. Existing Business/Nonconforming Uses.** All legal uses located within the "WP" district, as of the effective date of this Article shall be "Grandfathered" in and have the maximum quantities (determined by peak business cycle) for each reportable regulated substance, "Grandfathered" in at the reported maximum quantity with no annual use limitation. Existing uses and Total Maximum Daily Inventory, in combination with "Facility Hazard Potential Rating" shall run with the land and be administered in conformance with all other applicable nonconforming provisions of this Zoning Resolution and the "Ohio Revised Code."
- H. Removal of Regulated Substances.** Any nonresidential use of property that becomes unoccupied or has discontinued operation for a period of 60 days or more shall remove all regulated substances other than those used exclusively for heating, cooling and providing electrical lighting from the property upon which it is located within 30 days.

Section 27.9 Reporting Requirements.

A. Regulated Substances Activity Inventory.

1. Applicability.

- a.** Except as provided in Section 2709 (A)(2), any owner or occupant of any land in the Well Field Protection Overlay District at the effective date of this Article shall file a Regulated Substance Activity Inventory Report with the Administrator. Said report shall be filed by January 30th of every even numbered calendar year.

- b.** Any prospective new owner or occupant of any land in the Well Field Protection District shall file a Regulated Substance Activity Inventory Report with the Director before occupying the site and henceforth as required in Section 27.9(A)(1)(a). Any prospective new owner or occupant that is also required to obtain a new Certificate of Zoning Compliance shall obtain such certificate before occupying the site. For purposes of this subdivision, "new" shall be defined as subsequent to the effective date of this section.
- c.** Where a person owns, operates, or occupies more than one location, Regulated Substance Activity Inventory Reports shall be made for each location.

2. Exclusions to activity Inventory Reporting.

- a.** Any exclusion set forth in this Paragraph shall apply provided that said exclusion does not substantially increase any risk or hazard to the public health, aquifer, water supply, wells or well fields; and provided further that any spill, leak, discharge, or mishandling shall be subject to the provision of this Article. Any exclusion granted herein shall not remove or limit the liability and responsibility of any person or activity involved.
- b.** A limited exclusion from Regulated Substance Activity Inventory reporting is hereby authorized for routine uses of Regulated Substances provided the uses are limited as follows:
 - i.** The aggregate of Regulated Substances in use may not exceed 20 gallons or one hundred and 160 pounds at any time.
- c.** A limited exclusion from Regulated Substance Activity reporting is hereby authorized for non-routine maintenance or repair of property in the Well Field Protection Overlay District provided the uses are limited as follows:
 - i.** The aggregate of Regulated Substances in use may not exceed 50 gallons or 400 pounds at any time.
- d.** A limited exclusion from Regulated Substance Activity Inventory reporting is hereby authorized for Regulated Substances which are cleaning agents provided however, such cleaning agents are packaged for personal or household use or are present in the same form and concentration as a product packaged for use by the general public, and provided that aggregate inventory of such cleaning agents shall not exceed 200 gallons or 1600 pounds at any time. In no case shall Regulated Substances claimed under the exclusion include halogenated hydrocarbon solvents.

- e.** A limited exclusion from Regulated Substance Activity Inventory Reporting is hereby authorized for medical and research laboratory uses in the Well Field Protection Overlay District, provided however, Regulated Substances shall be stored, handled, or used in containers not to exceed five gallons or 40 pounds of each substance and the aggregate inventory of Regulated Substances shall not exceed 250 gallons or 2,000 pounds.
- f.** An exclusion from Regulated Substance Activity Inventory Reporting is hereby authorized for the transportation of Regulated Substances being transported through the Well Field Protection Overlay District provided that the transporting vehicle is in compliance with applicable local ordinances and Federal and Ohio laws and provided that the transporting vehicle is in continuous transit, making delivery, or is stopped for no more than 72 hours.
- g.** A limited exclusion from Regulated Substance Activity Inventory Reporting is hereby authorized for single or two-family residences provided that the storage and use of such Regulated Substances are related to the maintenance of the residence or vehicles at the residence and provided waste Regulated Substances are handled and disposed of properly.
- h.** A limited exclusion from Regulated Substances Activity Inventory Reporting is hereby authorized for regulated substances that are contained within tanks that are designed as an integral part of the motor vehicle or watercraft and used specifically and solely for the operation of the motor vehicle. This exclusion does not apply to inoperative motor vehicles. Except as provided for in Section 27.9(A)(2)(F), in no case shall the tanker portion of a tractor trailer truck be included in this exclusion.
- i.** A limited exclusion from Regulated Substance Activity Inventory Reporting is hereby authorized for Regulated Substances for melting ice from walking and driving areas of a property or using water softeners, provided such Regulated Substances are salts and are stored inside a building that has an impervious floor.
- j.** A limited exclusion from Regulated Substance Activity Inventory Reporting is hereby⁶ authorized for Regulated Substances for swimming pool water quality maintenance, provided that the total of Regulated Substances does not exceed 110 gallons or 180 pounds at any time.
- k.** A limited exclusion from Regulated Substance Activity Inventory Reporting is hereby authorized for Regulated Substances for the operation of elevators, escalators, moving walkways, and similar devices that are an integral part of the building or structure.

⁶ Update "herby" to 'hereby' in 10-19.

1. A limited exclusion from Regulated Substance Activity Inventory Reporting is hereby authorized for refrigerants contained in equipment used for on-site air-cooling or contained in household appliances.
- m. A limited exclusion from Regulated Substance Activity Inventory Reporting is hereby authorized for the solid form of plastic resins, solid inks, dry wall mud, caulking, joint and topping compounds and similar solids and semi-solids that have been determined by the Administrator to pose a minimal threat to the ground water, provided the substances are stored inside a building that has an impervious floor. Plastic resins containing chlorine are not excluded from reporting.
- n. A limited exclusion from Regulated Substance Activity Inventory Reporting is hereby authorized for gasses, with the exception of ammonia, halogens and halogenated compounds. Gasses for retail are not excluded from reporting. Regulated Substances used in the manufacturing and extraction of gasses and repackaged, or warehoused gasses are not excluded from reporting.
- o. A limited exclusion from Regulated Substance Activity Inventory Reporting is hereby authorized for food grade citric acid.
- p. A limited exclusion from Regulated Substance Activity Inventory Reporting is hereby authorized for batteries in use in equipment and the storage of new replacement batteries provided the batteries are stored inside a building that has an impervious floor. Batteries for retail, to be disposed, or to be recycled are not excluded from reporting. Regulated Substances used in the manufacturing of batteries and repacked or warehoused batteries are not excluded from reporting.
- q. A limited exclusion from Regulated Substance Activity Inventory Reporting is hereby authorized for Cosmetics as defined by Section 321 of Title 21 of the United States Code. Regulated Substances used in manufacture and extraction of Cosmetics and repackaged, or warehoused cosmetics are not excluded from reporting.
- r. A limited exclusion from Regulated Substance Activity Inventory Reporting is hereby authorized for regulated substances for personal or household use as food or drink for a person or animal, except that Regulated Substances used in the manufacture and extraction of such are not excluded from reporting.

B. Spills, Leaks or Discharges.

1. **Notification.** Any person with direct knowledge of a spill, leak or discharge of a Regulated Substance within the Well Field Protection Overlay District shall, if such spill, leak, or discharge escapes containment, contacts a non-impervious ground surface and is not immediately and completely remediated, give notice to the Harrison Township Fire Dispatcher, by telephone within 30 minutes of such spill. When it is impractical for a person to give notice of a spill within the first 30 minutes, notice shall be given as soon as it becomes practicable to do so. The notification shall include at a minimum, the location of the incident, name and telephone number, date, and time thereof, type of substance(s), concentration and volume, and control or corrective action taken. Such notification shall in no way alleviate other local, state, and federal reporting obligations as required by law.
2. **Liability.** Any entity or person who spills, leaks or discharges said substance(s) shall be liable for any reasonable expense, loss or damages incurred by the Township in response to such an incident, in addition to the amount of any fines imposed on account thereof under Ohio and Federal law; said entity or person shall document and maintain sufficient records so as to reflect accurately the circumstances related to any such incident and develop and implement procedures to substantially eliminate the likelihood of recurrence of such spills, leaks or discharges as soon as practicable following the incident, but no later than 180 days after the incident.
3. **Posting.** Harrison Township shall post signs in conspicuous places advising transporters of Regulated Substances of notification procedures in the event of a spill or accidental discharge.

Section 27.10 Underground Storage Tanks.

Owners and operators of underground storage tanks systems, as defined in Section 27.3(G), which are located within the Well Field Protection Overlay District, shall comply with requirements of the Ohio Administrative Code, Section 1301:7-9, as amended, irrespective of whether they are defined as underground storage tank systems by OAC Section 1301:7-9. Owners and operators of underground storage tank systems within the Well Field Protection Overlay District shall comply with the requirements of this subsection irrespective of whether they are located within a sensitive area as defined in Ohio Administrative Code Section 1301:7-9-09, as amended. Owners and operators of any underground storage tank system in the Well Field Protection Overlay District when required to file a Closure Assessment Report by OAC Section 1301.7-9 shall file one copy of the Closure Assessment Report with the Administrator.

Section 27.11 Falsifying Information.

No person shall make any false statement, representation, or certification in any report or other document filed or required to be maintained pursuant to this Article.

Section 27.12 Retention of Records.

Any reports or records compiled or submitted pursuant to this Article shall be maintained by the user for a minimum of five years or so long as enforcement or judicial proceedings are being pursued, whichever is longer.

Section 27.13 Enforcement.

A. Application. If any activity or use of Regulated Substance is deemed by the Administrator to be in violation of this Article or poses a real and present danger of contaminating surface and/or ground water which would normally enter the public water supply, in accordance with Section 519.24 (O.R.C.) or other applicable State Laws, the Administrator is authorized to:

1. Cause cessation of said activity or use of the Regulated Substance.
2. Require the provision of administrative controls and/or facilities sufficient to mitigate said danger.
3. Cause the provision of pollution control and/or abatement activities.

B. Considerations. When considering the exercise of any of the above authorities or actions, the Administrator shall notify and consult with the Director or designated representative of the affected water supply to determine what measures need to be taken to ensure the public water supply is reasonably and adequately protected from contamination for the present and the future. The Administrator may take into consideration any evidence represented by the entity regarding cost effectiveness and the economic effectiveness and the economic impact imposed by the requirements or actions.

Section 27.14 Hazard Potential Ranking System.

In order to assess the risk for potential groundwater contamination, a hazard ranking has been developed for various activities categorized by their Standard Industrial Classification (SIC) code. This ranking is based on the kinds of materials commonly associated with each use looking only at the most critical hydrologic factor.

- A. Table 1 Hazard Potential by Land Use*.** Table 1 lists the site hazard potential by land use activity on a scale of 1 - 9, with 1 being a low hazard and 9 a very high hazard. This rating is based on the intrinsic hazards posed by different land uses and is related to the materials commonly used or stored on the site or the types and amounts of wastes commonly discharged.
- B. Table 2 Hazard Potential by Material*.** Table 2 lists the hazard potential determined on the basis of materials known to be used, stored, or disposed of at a specific site.

*If the two tables referenced above indicate different site hazard potential ratings for the SIC coded land use activity and the materials found on site, the higher of the two scores is the rating for the site.

ARTICLE 28. "OSI-1" OFFICE / SERVICE / INDUSTRIAL PARK DISTRICT

Preamble. The intent of the "OSI 1" District is to provide for the development of office, service, research, and industrial types of activities, generally characterized by their low intensity and having little or no negative impact on the community and environment. This district is also intended to serve as a transitional zone between commercial and industrial districts, and to encourage redevelopment along major thoroughfares where higher intensity zoning is deemed inappropriate.

Section 28.1 Principal Permitted Uses.

A. Residential Uses

1. Long-Term Care Facility
2. Residential Care Facility

B. Agriculture / Public & Semi-Public Uses

1. Agriculture, Large Scale
2. Clinic
3. Community Garden
4. Event / Conference Center
5. Government Facility, Non-Office
6. Government Facility, Office
7. Hospital
8. Library
9. Museum
10. Nature Preserve
11. Park / Playground
12. Place of Worship
13. Trade or Business School

14. University / College

C. Commercial Uses

1. Auto Rental
2. Bar / Lounge
3. Convenience Store
4. Daycare Center, Adult or Child
5. Dry Cleaning / Laundromats
6. Financial Institution
7. Fitness Center
8. Funeral Home
9. Grocery Store
10. Hookah Bar
11. Hotel
12. Instructional Center
13. Massage Services, Therapeutic
14. Office
15. Personal Care, Services
16. Recreation, Indoors
17. Recreation, Outdoors
18. Retail, General
19. Retail, Small-Scale
20. Retail, Wholesale
21. Social Club
22. Veterinarian Office

D. Industrial Uses

1. Builder's Supply Store
2. Contractor's Office
3. Light Industrial Assembly & Distribution
4. Microbrewery / Artisan Distillery
5. Research & Development

Section 28.2 Accessory Uses.

Accessory uses, buildings or other structures normally associated with and incidental to any listed permitted or conditionally permitted use.

Section 28.3 Conditional Uses.

The following Conditional Uses subject to approval in accordance with Article 4.

A. Residential Uses

1. Adult Group Home
2. Dwelling, Single-Family
3. Family Child-Care Home

B. Agriculture / Public & Semi-Public Uses

1. Agriculture, Small Scale
2. Cemetery
3. Community Center

C. Commercial Uses

1. Brewpub

D. Industrial Uses

1. Distribution Facility
2. Food & Beverage Production Facility

Section 28.4 Minimum Performance Standards.

In addition to other applicable requirements contained in this Zoning Resolution, the following standards shall apply to all uses within the "OSI-1" district:

- A. Outdoor Storage.** Except as hereinafter specified, all outdoor storage shall be prohibited.
- B. Business Activity Enclosed.** All business activity shall be conducted wholly within a completely enclosed building.
- C. Exterior Building Materials.** The exterior building wall face oriented towards the front lot line shall be constructed with a minimum of 50% decorative brick or block, stone, wood/vinyl siding or similar building materials. No more than 50% of the exterior building wall face oriented towards the front lot line shall be constructed with a metal sheeting or similar building materials.
- D. Storage of Flammable Materials.** The outdoor storage of flammable liquids, or of materials that produce flammable or explosive vapors or gases may be permitted when such storage is directly related to a permitted or conditionally permitted use, and when such storage meets all applicable state and local regulations governing such storage.
- E. Storm Water Control.** All uses within the "OSI 1" district shall be provided adequate drainage facilities and a storm water runoff control plan that meets the design requirements of the Montgomery County Engineer's Office.
- F. Lighting.** Exterior lighting shall be shaded wherever necessary to avoid casting direct light upon property located in any Residential District or upon any public street.
- G. Residential Uses Prohibited.** No building or structure shall be used for residential purposes, except that a watchman or custodian may reside on the premises.
- H. Screening.** Where any required yard abuts a residential district and is not separated from the residential district by a dedicated street, there shall be a permanently maintained 25-foot buffer located along the abutting lot lines. Within the buffer shall be located a screen of sufficient density or opaqueness to obstruct the view of the structures or activities within the nonresidential district.
 - 1. Types of Screening Permitted.** Screening may be one of the following or a combination of two or more:
 - a.** Solid masonry wall.
 - b.** Decorative fence, excluding chain link with slats.
 - c.** Dense evergreen plantings.

- d. Landscaped mounding with ground cover.
 - 2. **Height of Screening.** At the time of placement, all screening material shall be a minimum of six feet in height.
 - 3. **Required Ground Cover.** The space between any screening, the adjoining property line and the perimeter of the buffer zone shall be landscaped with appropriate ground cover.
 - 4. **Maintenance, Repair and/or Replacement of Screening.** All screening shall be maintained in good condition and free of all advertising or other signs and repaired and replaced as needed to maintain the integrity of the screen as originally designed.
- I. **Required Off-Street Loading and Parking.** Off-street loading and parking shall be provided in accordance with the requirements specified in Article 39 "Off-Street Loading Regulations" and Article 40 "Off-Street Parking Requirements."

Section 28.5 Development Standards.

In addition to other provisions of this Zoning Resolution, the following standards for arrangement of land, buildings and/or structures shall be applicable to all uses within the "OSI-1" Office/Service/Industrial Park District.

- A. **Maximum Height Limitation.** No structure shall exceed 40 feet in height.
- B. **Minimum Lot Area.** The minimum zoning lot shall be 20,000 square feet.
- C. **Minimum Lot Width.** The minimum zoning lot width shall be 100 feet.
- D. **Minimum Yard Setbacks.**
 - 1. **Front Yard.** There shall be a minimum setback of not less than 25 feet. The front yard depth shall be measured from the established right-of-way lines as shown on the Official Thoroughfare Plan for Montgomery County.
 - 2. **Side Yards.** There shall be a minimum side yard of not less than ten feet; except when adjacent to any residential district the minimum side yard shall be 25 feet with screening as provided for in Section 28.4(H).
 - 3. **Rear Yard.** There shall be no minimum rear yard requirement; except when adjacent to a residential district the minimum rear yard setback shall be 25 feet with screening as provided for in Section 28.4(H).
- E. **Maximum Lot Coverage.** The maximum lot coverage, exclusive of parking lots and storm water detention/retention systems, shall be 50%.
- F. **Maximum Floor Area Ratio.** 0.5.

ARTICLE 29. "OSI-2" OFFICE/SERVICE/INDUSTRIAL PARK DISTRICT

Preamble. The intent of the "OSI-2" District is to provide for the development of a broader range of office, service, research, and industrial types of activities, generally characterized as more intensive than those uses in the "OSI-1" District, where diversity in product, operational technique and size may have a greater impact on the environment than those uses permitted in the "OSI-1" District.

Section 29.1 Principal Permitted Uses.

A. Agriculture / Public & Semi-Public Uses

1. Agriculture, Large Scale
2. Community Garden
3. Event / Conference Center
4. Government Facility, Non-Office
5. Government Facility, Office

Accessory uses, buildings or other structures normally associated with and incidental to any listed permitted or conditionally permitted use.

Section 29.3 Conditional Uses.

The following Conditional Uses subject to approval in accordance with Article 4.

A. Residential Uses

1. Adult Group Home
2. Dwellings, Single-Family
3. Family Child-Care Home

B. Agriculture / Public & Semi-Public Uses

1. Agriculture, Small Scale
2. Cemetery
3. Clinic
4. Community Center
5. Correctional Facility

C. Commercial Uses

1. Auto-Oriented Use, Light
2. Brewpub

3. Daycare Center, Adult or Child
4. Shooting Range

D. Industrial Uses

1. Recycling Center

Section 29.4 Minimum Performance Standards

In addition to other applicable requirements contained in this Zoning Resolution, the following standards shall apply to all uses within the "OSI-2" district:

- A. Outdoor Storage:** Within the "OSI-2" District, outdoor storage may be conditionally permitted by the Board of Zoning Appeals when the Board finds:
1. The outdoor storage area is associated with and is an integral part of a permitted or conditionally permitted use.
 2. The outdoor storage area shall not exceed a maximum of ten percent of the lot area.
 3. The items in the outdoor storage area shall be limited to products awaiting transit, excess inventory, stock for processing and similar material. Scrap, junk, and discarded combustible and noncombustible material shall not be maintained in any outdoor storage area.
 4. The outdoor storage shall be located behind the principal or accessory building and shall be screened from view of adjacent properties and public right-of-ways as specified in Section 29.4(H) (Screening).
- B. Business Activity Enclosed.** All business activity shall be conducted wholly within a completely enclosed building.
- C. Exterior Building Materials.** The exterior building wall face oriented towards the front lot line shall be constructed with a minimum of 50% decorative brick or block, stone, wood/vinyl siding or similar building materials. No more than 50% of the exterior building wall face oriented towards the front lot line shall be constructed with a metal sheeting or similar building materials.
- D. Storage of Flammable Materials.** The outdoor storage of flammable liquids, or of materials that produce flammable or explosive vapors or gases may be permitted when such storage is directly related to a permitted or conditionally permitted use, and when such storage meets all applicable state and local regulations governing such storage.
- E. Storm Water Control.** All uses within the OSI-2 district shall be provided adequate drainage facilities and a storm water runoff control plan that meets the design requirements of the Montgomery County Engineer's Office.

- F. Lighting.** Exterior lighting shall be shaded wherever necessary to avoid casting direct light upon property located in any Residential District or upon any public street.
- G. Residential Uses Prohibited.** No building or structure shall be used for residential purposes, except that a watchman or custodian may reside on the premises.
- H. Screening.** Where any required yard abuts a residential district and is not separated from the residential district by a dedicated street, there shall be a permanently maintained 25-foot buffer located along the abutting lot lines. Within the buffer shall be located a screen of sufficient density or opaqueness to obstruct the view of the structures or activities within the nonresidential district.
- 1. Types of Screening Permitted.** Screening may be one of the following or a combination of two or more:
 - a.** Solid masonry wall.
 - b.** Decorative fence, excluding chain link with slats.
 - c.** Dense evergreen plantings.
 - d.** Landscaped mounding with ground cover.
 - 2. Height of Screening.** At the time of placement, all screening material shall be a minimum of six feet in height.
 - 3. Required Ground Cover.** The space between any screening, the adjoining property line and the perimeter of the buffer zone shall be landscaped with appropriate ground cover.
- I. Maintenance, Repair and/or Replacement of Screening.** All screening shall be maintained in good condition and free of all advertising or other signs and repaired and replaced as needed to maintain the integrity of the screen as originally designed.
- J. Required Off-Street Loading and Parking.** Off-street loading and parking shall be provided in accordance with the requirements specified in Article 39 "Off-Street Loading Regulations" and Article 40 "Off-Street Parking Requirements."

Section 29.5 Development Standards

In addition to other provisions of this Zoning Resolution, the following standards for arrangement of land, buildings and/or structures shall be applicable to all uses within the "OSI-2" Office/Service/Industrial Park District.

- A. Maximum Height Limitation.** No structure shall exceed 40 feet in height.

B. Minimum Lot Area. The minimum zoning lot shall be 20,000 square feet.

C. Minimum Lot Width. The minimum zoning lot width shall be 100 feet.

D. Minimum Yard Setbacks.

- 1. Front Yard.** There shall be a minimum setback of not less than 25 feet. The front yard depth shall be measured from the established right-of-way lines as shown on the Official Thoroughfare Plan for Montgomery County.
- 2. Side Yards.** There shall be a minimum side yard of not less than ten feet; except when adjacent to any residential district the minimum side yard shall be 25 feet with screening as provided for in Section 28.4(H).
- 3. Rear Yard.** here shall be no minimum rear yard requirement; except when adjacent to a residential district the minimum rear yard setback shall be 25 feet with screening as provided for in Section 2804(H).

E. Maximum Lot Coverage. The maximum lot coverage, exclusive of parking lots and storm water detention/retention systems, shall be 50%.

F. Maximum Floor Area. 0.5.

ARTICLE 30. PLANNED UNITY DEVELOPMENT DISTRICT (P.U.D.)

Preamble. This article is intended to permit a more creative and imaginative design environment for the development and redevelopment of land within the Township. Increased design flexibility is intended to promote the most efficient use of land and take the greatest advantage of existing topography, trees and vegetation, and other natural amenities that may exist on the site. Regulations contained herein need not be uniform, but may vary in order to promote public health, safety and morals.

Section 30.1 Types of Planned Unit Development Districts.

Planned unit development districts may include a single land use or mixed land use that is to be developed in a unified manner. In the case of a single land use, the applicable conventional zoning district classification shall follow the letters "P.U.D." (e.g., P.U.D./R-7). In the case of a mixed land use development, the applicable conventional zoning districts (in order of intensity) shall follow the letters "P.U.D." (e.g., P.U.D./R-2; P.U.D./R-7; P.U.D./O-2).

Section 30.2 Fees for Planned Unit Development.

Fees charged for the submission of an application for Planned Unit Development shall be established by Resolution of the Township Trustees.

Section 30.3 Administrative Review.

- A. Permitted Uses.** An activity listed as a permitted use in a specific conventional zoning district classification shall be considered a permitted use within that area of the approved P.U.D. that has the same zoning district designation. Determining the conformity of the permitted use with the conventional zoning district classification and the approved P.U.D., and the issuance of any subsequent zoning permits and/or certificates to operate such permitted use shall be administratively processed.
- B. Accessory Uses.** Accessory uses, buildings or other structures normally associated with and incidental to a listed permitted use shall be permitted within that area of the P.U.D. that has the same zoning district designation, provided such use, building or structure meets all of the provisions of the conventional zoning district classification and all elements of the approved P.U.D. Determining conformity of the accessory use, building or structure with the conventional zoning district classification and the approved P.U.D., and the issuance of any subsequent zoning permits and/or certificates shall be administratively processed.

C. Architectural Features. Unless the Resolution adopting the Final Development Plan specifically prohibits an administrative review of building additions and/or structural alterations, such additions and/or alterations that meet the conventional zoning district classification and all elements of the approved P.U.D., shall be administratively processed. If there is a conflict between the conventional zoning district and the approved P.U.D. requirements, the requirements of the P.U.D. shall prevail.

Section 30.4 Conditional Uses.

Conditional Uses listed within the conventional zoning district classification shall be conditionally permitted within the area indicated by the conventional zoning district designation, subject to approval in accordance with the Article 4, provided such conditional use does not otherwise conflict with other provision of the approved P.U.D.

Section 30.5 Area Requirements.

No minimum land area shall be required.

Section 30.6 Pre-Application Consultation.

The applicant is encouraged to engage in informal consultations with the township officials and when appropriate, with county planning officials prior to filing of any application; however, no statements or representations by such officials shall be binding on either the Zoning Commission, Montgomery County Planning Commission or Township Trustees.

Section 30.7 Issuance of Permits.

A zoning permit shall only be issued for that phase of a P.U.D. having an approved Final Development Plan. The Final Development Plan shall include an approved storm water and sediment abatement control plan.

Section 30.8 Developers plan Submission Options

The Township provides an applicant a three-step process for review of a Planned Unit Development. The process steps include: a concept plan stage which is processed in a manner described in Section 30.9; a preliminary development plan stage which is processed in a manner described in Article 6 and the subsequent preliminary development for any portion of the approved preliminary development the applicant wishes to develop. The Final Development Plan submitted according to this option shall be processed in the manner described in Section 30.11; a Final Development Plan without a preliminary development plan pursuant to Section 30.7. A final development plan so submitted shall be processed in the manner described in Article 6.

The stage at which the process is initiated shall be at the applicant's discretion.

Section 30.9 Concept Plan

This stage is intended to provide the applicant a mechanism by which a public meeting with members of the Zoning Commission and the general public can take place, where the applicant can make an informal presentation, answer questions, and be provided with information that may be incorporated into a preliminary and/or final development plan. The concept plan stage is not part of the formal rezoning process for a P.U.D.; therefore, no decisions regarding approval or denial can be made at this level.

A. Details of the Concept Plan. At the concept plan stage, the applicant is expected to present the proposed project in sufficient detail that will allow participants at the public meeting the ability to formulate opinions, questions, and suggestions regarding the proposed project. The concept plan should contain in map and text form the following information:

1. **Boundaries.** Boundaries of the tract to be developed.
2. **Existing Features.** Existing major physical features and land uses on the tract.
3. **Schematic Site Layout.** General areas of the site proposed for development and tentative building footprint designs and approximate locations.
4. **Density.** Approximate density levels for each residential area.
5. **Zoning Classification.** Proposed zoning district classification(s).
6. **Access Points.** Points of ingress and egress and their relationship to existing rights-of-way.¹¹

B. Action by the Applicant.

1. **Continuation of the Public Meeting.** The applicant may request the commission continue a public meeting to permit further discussions of the concept plan. In the time period between the public meetings, the applicant may make changes and refinements to the concept plan as a result from input from the public meeting.

¹¹ Right-of-ways to “rights-of-way”

- 2. Closing of the Public Meeting.** At any point in the proceedings, the applicant may request the commission to close the public meeting. Upon such request, the commission's chairperson shall close the public meeting. Should the applicant desire to reopen the case after the chairperson has closed public meeting, the applicant shall be required to resubmit a concept development plan application and follow the procedures contained therein.
- C. Application Process – Concept Plan.** Any owner(s) or lessee(s) of a tract of land, or a developer that has an option on the tract of land may make application to submit a concept plan to the Zoning Commission for a Planned Unit Development.
 - 1. Application.** The application for a concept plan shall be on forms provided by the township and contain the information and supporting documentation required therein.
 - 2. Public Meeting.** The Zoning Commission shall hold a public meeting on the concept plan within 45 days of receipt of the application.
 - 3. Notice.** Ten days prior to the public meeting, all property owners within 300 feet of the property for which the concept plan has been filed shall be sent notice of such meeting by regular mail.
- D. Jurisdiction Over the Concept Plan.** The Zoning Commission shall have exclusive jurisdiction over the concept plan; however, as supporting documentation, the applicant may file a copy of the concept plan with the preliminary and/or final development plan.

Section 30.10 Preliminary Development Plan

Ten copies of a Preliminary Development Plan and one 8 1/2" x 11" copy of the Preliminary Development Plan and supporting documentation shall be submitted and include in text and map form:

- A. Survey.** A survey of the tract that is to be developed showing features of the property including streets, alleys, easements, utility lines, existing land uses, general topography, and physical features.
- B. Designation of Zoning Districts.** On the preliminary site plan, the proposed zoning district designation for each zoning district classification specified in the rezoning application; there shall be a clear delineation of each different type of zoning district on the preliminary plan.
- C. Arrangement of Site Plan.** A preliminary site plan identifying proposed land uses, approximate configuration and location, the relationship with abutting land uses and zoning districts, proposed lots, and amount of buildable area within each lot.

- D. Landscaping Plan.** A general landscaping plan, including the location and design of proposed screening and buffering, the extent of grubbing, existing tree cover to remain, and areas of the site that are to remain undisturbed in their natural state.
- E. Public Areas.** If applicable, location of schools, parks, and other community facilities.
- F. Utilities.** Identification of existing and proposed water, sanitary and storm sewer facilities, and areas to be reserved for storm water detention or retention.
- G. Access Points.** Location of proposed access points (ingress and egress) in relationship to existing rights-of-way.¹²
- H. Traffic Data.** Preliminary traffic data expected to be generated by the proposed development and resultant proposed improvements to existing thoroughfares (e.g., road widening, deceleration lanes, traffic signals, etc.) to accommodate increased traffic loads.
- I. Care & Maintenance.** A statement describing the provision that is to be made for the care and maintenance of open space, recreational facilities, common areas and storm water detention.
- J. Off-Street Parking.** A parking plan showing generally the location, configuration, and capacity of off-street parking facilities.
- K. Ownership/Lease Agreement/Option.**
1. Identification of all owners of property within the proposed P.U.D.; in addition, if the applicant is not an owner of property upon which the proposed P.U.D. is to be developed, a copy of the lease agreement between the applicant and the property owner(s).
 2. Only a property owner or lessee may make application for a P.U.D.; however, if the developer or developer's designee is representing the property owner or lease holder, a copy of the option agreement to purchase the land upon which the proposed P.U.D. is to be located.
- L. Additional Information.** Additional information may be required of the applicant by the Zoning Commission when the commission deems such information essential in formulating their recommendation to the Township Trustees.
- M. Action by the Zoning Commission.**

¹² Right-of-ways to "rights-of-way."

1. **Public Hearing.** The Zoning Commission shall hold a public hearing on the Preliminary Development Plan as provided by Article 6 of this Resolution.
2. **Recommendation.** Within 30 days of the close of the public hearing on the Preliminary Development Plan, the Zoning Commission shall make its recommendation to the Township Trustees. The commission's recommendation shall be in resolution form and indicate approval, approval with conditions, modifications and/or specifications, or disapproval. Any agreements, modifications or specifications shall appear in the approved resolution and a copy transmitted to the Township Trustees.

N. Action by the Township Trustees.

1. **Public Hearing.** The Township Trustees shall hold a public hearing on the Preliminary Development Plan as provided by Article 6 of this Resolution.
2. **Decision by Trustees.** If the application is granted, the Resolution authorizing the change of district classification shall incorporate the text and map of Preliminary Development Plan and include any agreements, modifications or specifications that have been designated as part of the Preliminary Development Plan by the Township Trustees.
3. **Limitation.** Approval of the Preliminary Development Plan shall be limited to the acceptability of the land uses proposed and density levels and shall not be construed to approve the precise location of uses, configuration of parcels or engineering feasibility which are to be determined in the Final Development Plan.
4. **Designation of District Classification.** Upon approval of the application, the area of land described therein shall be redesignated as provided for in Section 30.1 of this Resolution.

Section 30.11 Submission of Final Development Plan¹³

A Final Development Plan may be filed with the Zoning Commission for any portion of an approved Preliminary Development Plan the applicant wishes to develop and it shall conform substantially to the approved Preliminary Development Plan. The filing fee shall be the same as that required for a change in zoning district. Ten copies of the Final Development Plan and one 8 1/2" x 11" Photostat of the Final Development Plan shall be submitted and include in text and map form:

¹³ Removed "In Final Development Plan"

A. Changes to Survey. Any changes necessary to the survey described in Section 30.10(A).

B. Site Plan. A site plan showing areas to be developed, including:

1. The exact location and arrangement of all existing and proposed structures.
2. The traffic circulation pattern within the development.
3. Location and layout of off-street parking facilities.
4. Points of ingress and egress, including access streets where required.
5. Existing contagious surrounding land uses.
6. Lot layouts.
7. The location and size of storm water detention/retention areas.
8. If applicable, location of schools, parks and other community facilities or common open space.

C. Density. A statement of density, the proposed total gross floor area, and percentage of the development which is to be occupied by structures.

D. Elevations & Floor Plans. Building elevations and floor plans of all proposed structures.

E. Staged Developments. When a P.U.D. is to be constructed in stages or units, a schedule for the development of such stages or units shall be submitted. No such stage or unit shall have a density that exceeds by more than 20% the density of the entire P.U.D. When a P.U.D. provides for common open space, the total area of common open space provided at any stage of development shall, at a minimum, bear the same relationship to the total open space to be provided in the entire P.U.D. as the stages or units completed or under development bear to the entire P.U.D.

F. Landscaping Plan. A detailed landscaping plan which shall identify any changes from the preliminary landscaping plan, and indicate species and type of landscaping to be used within the developed portion of the P.U.D.

G. Ownership/Lease Agreement/Option. A statement indicating any changes of ownership, lessee or option holder described in Section 30.10(I).

- H. Care and Maintenance.** When a P.U.D. includes provisions for open space, recreational facilities, common areas, storm water detention, private streets or similar facilities, a statement describing the provisions that are to be made for the care and maintenance of such facilities. If it is proposed that any such facility be owned and/or maintained by any entity other than a governmental authority, copies of the articles of incorporation and bylaws of such entity shall be submitted. If it is proposed a governmental authority provide such care and maintenance, a copy of an agreement with the governmental authority accepting such responsibility shall be submitted.
- I. Traffic Data.** Specific traffic data, which may include trip generation rates; origins and destination (direction & distribution) estimates; if traffic signals are proposed for installation, traffic signal warrants; conformance with existing thoroughfare plan. Decisions regarding required traffic data shall be determined by the Montgomery County Engineer's Office.
- J. Restrictive Covenants.** Copies of any restrictive covenants that are to be recorded with respect to property included in the P.U.D.
- K. Additional Information.** Additional information may be required of the applicant by the Zoning Commission for any changes that have been made to the Final Development Plan from the approved Preliminary Development Plan.
- L. Action by the Zoning Commission.**
- 1. Public Hearing.** The Zoning Commission shall hold a public meeting on the Final Development Plan. The applicant shall submit the Final Development Plan at least 20 days prior to the date of the public hearing. Property owners within 300 feet of the Final Development Plan shall be given ten days' notice of the meeting by regular mail.
 - 2. Decision by the Zoning Commission.** Within 30 days of the close of the public meeting on the Final Development Plan, the Zoning Commission shall make its decision on the plan. The commission's decision shall be in resolution form and indicate approval, approval with agreements, modifications and/or specifications, or disapproval of the Final Development Plan. If the Final Development Plan is disapproved by the commission, the specific reason(s) for such denial shall be incorporated into the commission's resolution. Upon commission's approval of the Final Development Plan, such plan shall go into immediate effect.
 - 3. Approval May not Constitute Authority to Build.** Approval of the Final Development Plan may not constitute authority for the applicant to proceed with actual physical development of the property. Authority for the applicant to proceed and for the issuance of a zoning permit shall be dependent upon approval of the subdivision plat as set forth in Section 30.14.

Section 30.12 Submission of Final Development Plan Without an Approved Preliminary Development Plan.

The applicant need not file a Preliminary Development Plan if a Final Development Plan is filed for the entire site, incorporating all requirements of both the Preliminary and Final Development Plans as described in this Section. The Final Development Plan shall be processed, noticed, and heard in the manner prescribed in Article 6. Ten copies of the Final Development Plan and one 8 1/2" x 11" Photostat of the Final Development Plan shall be submitted and shall include in text and map form:

- A. Survey.** A survey of the tract that is to be developed showing features of the property including streets, alleys, easements, utility lines, existing land uses, general topography, and physical features.
- B. Site Plan.** A site plan showing areas to be developed, including:
 - 1. The specific location and configurations of all existing and proposed structures including respective land uses.
 - 2. The traffic circulation pattern within the development, including proposed public and private streets.
 - 3. Location and layout of off-street parking facilities.
 - 4. Ingress and egress point of intersection with any public right-of-way.
 - 5. Existing contiguous surrounding land uses.
 - 6. Lot layouts.
 - 7. Identification of existing and proposed water, sanitary and storm sewer facilities, proposed easements and size of storm water detention and retention areas.
 - 8. If applicable, location of schools, parks and other community facilities or common open space.
 - 9. Existing zoning and delineation of proposed conventional zoning district classifications.
- C. Density.** A statement of density, total gross floor area, and percentage of the development which is to be occupied by structures.
- D. Elevations & Floor Plans.** Building elevations and floor plans of all structures.

- E. Landscaping Plan.** A detailed landscaping plan, including the extent of grubbing, predevelopment and post development tree cover, areas of the site to remain undisturbed in its natural state, and indicate species and type of landscaping to be used within the developed portion of the P.U.D.
- F. Traffic Data.** Specific traffic data, which may include trip generation rates; origin and destination (direction & distribution) estimates; if traffic signals are proposed for installation, traffic signal warrants; conformance with existing thoroughfare plan, including any proposed right-of-way improvements. Decision regarding required traffic data shall be determined by the Montgomery County Engineer's Office.
- G. Care and Maintenance.** When a P.U.D. includes provisions for open space, recreational facilities, common areas, storm water detention or similar facilities, a statement describing the provisions that are to be made for the care and maintenance of such facility. If they are to be owned and/or maintained by any entity other than a governmental authority, copies of the articles of incorporation and bylaws of such entity shall be submitted. If it is proposed that a governmental authority provide such care and maintenance, a copy of an agreement with the governmental authority accepting such responsibility.
- H. Restrictive Covenants.** Copies of any restrictive covenants that are to be recorded with respect to property included in the P.U.D.
- I. Staged Developments.** When a P.U.D. is to be constructed in stages or units, a schedule for the development of such stages or units shall be submitted. No such stage or unit shall have a density that exceeds by more than 20% the density of the entire P.U.D. When a P.U.D. provides for common open space, the total area of common open space provided at any stage of development shall, at a minimum, bear the same relationship to the total open space to be provided in the entire P.U.D. as the stages or units completed or under development bear to the entire P.U.D.
- J. Ownership/Lease Agreement/Option.**
1. Identification of all owners of property within the proposed P.U.D.; in addition, if the applicant is not an owner of property within the proposed P.U.D., a copy of the lease agreement between the applicant and the property owner(s).
 2. If the developer or developer's designee is representing the property owner or lease holder, a copy of the option agreement to purchase the proposed P.U.D.
- K. Additional Information.** Additional information may be required of the applicant when either the Zoning Commission or Trustees deem such information essential in formulating their decision regarding approval or denial of the proposed P.U.D.

L. Action by the Zoning Commission.

1. **Public Hearing.** The Zoning Commission shall hold a public hearing on the Final Development Plan as provided by Article 6 of this Resolution.
2. **Recommendation.** Within 30 days of the close of the public hearing on the Final Development Plan, the Zoning Commission shall make its recommendation to the Township Trustees. The commission's recommendation shall be in resolution form and indicate approval, approval with agreements, modifications and/or specifications, or disapproval. Any agreements, modifications or specifications shall be itemized in the approved resolution and a copy transmitted to the Township Trustees.

M. Action by the Township Trustees.

1. **Public Hearing.** The Township Trustees shall hold a public hearing on the Final Development Plan as provided by Article 6 of this Resolution.
2. **Decision by Trustees.** If the application is approved, the Resolution authorizing the change of district classification shall incorporate the text and map of Final Development Plan and include any agreements, modifications or specifications that have been designated as part of the Final Development Plan by the Township Trustees.
3. **Designation of District Classification.** Upon approval of the application, the area of land described therein shall be redesignated as provided for in Section 30.1 of this Resolution.
4. **Approval May Not Constitute Authority to Build.** Approval of the Final Development Plan may not constitute authority for the applicant to proceed with actual physical development of the property. Authority for the applicant to proceed and for the issuance of a zoning permit shall be dependent upon approval of the subdivision plan as set forth in Section 30.14.

Section 30.13 Minor and Major Modifications.

- A. Minor Modifications.** Minor adjustments in the Final Development Plan which become necessary because of field conditions, detailed engineering data, topography or critical design criteria pertaining to drives, curb cuts, retaining walls, swimming pools, tennis courts, fences, building locations, and building configurations, parking area locations or other similar project particulars, may be authorized in writing by the Planning/Zoning Director, provided such adjustments do not increase the density, decrease the number of parking spaces or allow buildings closer to perimeter property lines of the P.U.D.

- B. Major Modifications.** Except as provided for in Section 30.13(A), any change to a Final Development Plan shall be considered a major modification and require resubmission to the Zoning Commission for approval for an amended Final Development Plan. An amended Final Development Plan shall follow the procedures outlined in Section 30.11 for the submission of a Final Development Plan.

Section 30.14 Subdivision Plat Required.

- A. Approval by Planning Commission.** No zoning permit shall be issued for any structure in any portion of a P.U.D. unless and until the final subdivision plat for that portion has been approved by the Montgomery County Planning Commission having plating jurisdiction of the P.U.D. and recorded in the public record of the County.
- B. Waiver of Plating Requirement by Zoning Commission.** To the extent of its authority to do so, the Zoning Commission may deem a subdivision plan not required and waive the plating requirement.

ARTICLE 31. "C/S-1" COMMERCIAL/SERVICE DISTRICT

Preamble. The intent of the "C/S-1" District is to provide for the development of a broad range of commercial and service-related activities, uses that are generally characterized by having little or no negative impact on the community and environment. This district is also intended to encourage development and redevelopment of property along designated major thoroughfares, where established conventional zoning districts have been deemed ineffective in addressing changes in market trends.

Section 31.4 Minimum Performance Standards.

In addition to other applicable requirements contained in this zoning resolution, the following standards shall apply to all uses within the "C/S-1" District:

- A. Outdoor Storage.** Except as hereinafter specified all outdoor storage shall be prohibited.
- B. Business Activity Enclosed.** All business activity shall be conducted wholly within a completely enclosed building.
- C. Exterior Building Materials.** The exterior building wall face oriented towards the front lot line shall be constructed with a minimum of 50% decorative brick or block, stone, wood/vinyl siding or similar building materials. No more than 50% of the exterior building wall face oriented towards the front lot line shall be constructed with a metal sheeting or similar building materials.
- D. Storage of flammable materials.** The outdoor storage of flammable liquids, or of materials that produce flammable or explosive vapors or gases may be permitted when such storage is directly related to a permitted or conditionally permitted use, and when such storage meets all applicable state and local regulations governing such storage.

E. Storm Water Control. All uses within the "C/S-1 " District shall be provided with adequate drainage facilities and a storm water run-off control plan that meets the design requirements of the Montgomery County Engineer's Office.

F. Lighting. Exterior lighting shall be shaded wherever necessary to avoid casting direct light upon property located in any residential district or upon any public right-of-way.

G. Noise. No noise from any operation conducted on the premises, either continuous or intermittent, shall violate the provisions of Article 41.

H. Adult Entertainment Facilities.

1. No Adult Entertainment Facility shall be established within a radius of 500 feet of any School or Library.
2. No Adult Entertainment Facility shall be established within a radius of 250 feet of any Residential District.
3. No Adult Entertainment Facility shall be established within a radius of 500 feet of any Public Park or Recreation Area.
4. No Adult Entertainment Facility shall be established within a radius of 500 feet of any Church or Church Grounds.
5. No Adult Entertainment Facility shall be established within 1,000 feet of an existing Adult Entertainment Facility.
6. All distances shall be measured in a straight, horizontal line, without regard for intervening structures. Measurements from the Adult Entertainment Facility shall be made from the closest part of the building housing any part of the Adult Entertainment Facility to the closest real estate parcel boundary of any parcel containing a School, Library, Public Park or Recreation Area, Church or Church Grounds, or a parcel within a Residential District. Measurements from one Adult Entertainment Facility to another existing or proposed Adult Entertainment Facility shall be made from the closest part of the building housing any part of an Adult Entertainment Facility to the closest part of the building housing, or planned to house, any part of the other Adult Entertainment Facility.
7. All building openings, entries, windows, etc. for Adult Entertainment Facility uses shall be located, covered, or serviced in such a manner as to prevent a view into the interior from any public area, sidewalk, or street. For new construction, the building shall be oriented so as to minimize any possibility of viewing the interior from public areas.

8. No screens, loudspeakers or sound equipment shall be used for adult motion picture theaters (enclosed or drive-in) that can be seen or discerned by the public from public areas, or adjoining private areas not owned by the owner of the adult motion picture theater.
9. "Established" means and includes any of the following:
 - a. The opening or commencement of any Adult Entertainment Facility as a new business; The conversion of an existing business.
 - b. Whether or not an Adult Entertainment Facility, to any of the Adult Entertainment Facilities defined in this zoning resolution.
 - c. The addition of any of the Adult Entertainment Facilities defined in this zoning resolution to any other Adult Entertainment Facility.
 - d. The relocation of any such Adult Entertainment Facility.
10. No more than one classification of Adult Entertainment Facility may be operated in any one location, structure, or parcel of real estate.

I. Pawn Shops & Secondhand Dealers

1. **Recording of Transaction.** All dealers shall keep and preserve a separate book or record in which the dealer shall enter in the English language, at the time of each purchase, receipt, or exchange of such articles the following information:
 - a. The name, address, social security number or date of birth of the individual making the transaction.
 - b. A description of the person from whom the article was purchased or received.
 - c. The date and time of the transaction.
 - d. A complete and accurate description of the article(s) purchased, received, or exchanged, including the name of the maker or manufacturer, initials, serial numbers or other identifying features, including the price paid for each article.
 - e. The dealer shall require the seller of any article to sign their name on the page on which that person's transaction is recorded.
2. **Inspection of Records.** The book or record shall be open to inspection by any enforcement official or law enforcement officer during normal business hours.

- 3. Maintenance of Records.** Each page of the book or record shall consist of one or more sequentially and consecutively numbered forms which shall contain appropriate blanks for furnishing all the information required in Section 21.4(O). The numbering of the forms shall begin with the number one and all numbers thereafter shall be accounted for.
- 4. Preservation of Records.** The dealer shall preserve the book or record for a period of not less than one year after making the final entry on any purchase or exchange of property recorded therein.
- 5. Screening.** Where any required yard abuts a residential district and is not separated from the residential district by a dedicated street, there shall be a permanently maintained 25-foot buffer located along the abutting lot lines. Within the buffer shall be located a screen of sufficient density or opaqueness to obstruct the view of the structures or activities within the nonresidential district.
 - a. Types of Screening Permitted.** Screening may be one of the following or a combination of two or more:
 - i.** Solid masonry wall.
 - ii.** Decorative fence, excluding chain link with slats.
 - iii.** Dense evergreen plantings.
 - iv.** Landscaped mounding with ground cover.
 - b. Height of Screening.** At the time of placement or planting, all screening material shall be a minimum of six feet in height.
 - c. Required Ground Cover.** The space between any screening, the adjoining property line and the perimeter of the buffer zone shall be landscaped with appropriate ground cover.
 - d. Maintenance, Repair and/or Replacement of Screening.** All screening shall be maintained in good condition and free of all advertising or other signs and repaired and replaced as needed to maintain the integrity of the screen as originally designed.

- 1. Recording of Transaction.** All dealers shall keep and preserve a separate book or record in which the dealer shall enter in the English language, at the time of each purchase, receipt, or exchange of such articles the following information:
 - a.** The name, address, social security number or date of birth of the individual making the transaction.
 - b.** A description of the person from whom the article was purchased or received.
 - c.** The date and time of the transaction.
 - d.** A complete and accurate description of the article(s) purchased, received, or exchanged, including the name of the maker or manufacturer, initials, serial numbers or other identifying features, including the price paid for each article.
 - e.** The dealer shall require the seller of any article to sign their name on the page on which that person's transaction is recorded.
- 2. Inspection of Records.** The book or record shall be open to inspection by any enforcement official or law enforcement officer during normal business hours.
- 3. Maintenance of Records.** Each page of the book or record shall consist of one or more sequentially and consecutively numbered forms which shall contain appropriate blanks for furnishing all the information required in Section 21.4(O). The numbering of the forms shall begin with the number one¹⁴ and all numbers thereafter shall be accounted for.
- 4. Preservation of Records.** The dealer shall preserve the book or record for a period of not less than one year after making the final entry on any purchase or exchange of property recorded therein.

I. Seasonal Temporary Sales, as regulated by Section 45.2.

¹⁴ On to "one"

J. Automobile Sales, Lease or Rental. In addition to other applicable sections of this Zoning Resolution, Automobile Sales, Lease and/or Rental businesses shall comply with the following requirements.

1. Location and Setback

- a.** All parking and sale display areas shall be set back a minimum of 10 feet from the right-of-way. The required setback shall be landscaped in accordance with the following screening and landscaping requirements.
- b.** Display of vehicles for sale shall be located on a paved surface and shall comply with the parking setbacks according to the regulations in Article 40 Off-Street Parking Requirements.

2. Pavement and Markings.

- a. Pavement.** All display areas, parking lots, driveways and access roads shall be made of asphaltic, concrete or some other comparable all-weather dustless materials. In no case shall crushed stone, gravel or similar material be considered a suitable substitute for asphalt concrete.
 - b.** All outdoor display areas for vehicles shall be marked with a yellow or white all-weather paint. The minimum size for each outdoor display area stall shall be a minimum of eight- and one-half feet in width and 18 feet in depth.
 - c.** Parking for customers and employees shall be provided and marked as required by Article 40 Off-Street Parking Requirements.
- 3.** One elevated display pad shall be permitted per 100 feet of lot frontage. The elevated display pad shall be a solid, permanent structure and shall not exceed a height of two feet above finished grade.
- 4.** Automotive service or repair, if permitted, shall be performed, and conducted inside of a building.
- 5.** No outdoor speaker systems shall be permitted.
- 6.** No auctions shall be permitted on non-conforming lots or on properties adjacent to or across the street from a residential district.
- 7.** All lighting shall be arranged and designated to deflect light away from adjoining properties and public rights-of-way. The use of an energized lamp bulb, where the surface of the bulb is directly visible to persons not located on the premises, is prohibited.

8. All off-street parking and/or outdoor sales display area shall be separated from the public right-of-way by a landscaped area at least ten feet in width. On streets having an existing curb on the street side, a six-inch-high curb shall be required only on the inside of the parking/sales area. On streets not having an existing curb on the street side, a six-inch-high curb shall be required to completely enclosed the ten-foot separation strip. No vehicles shall be displayed or parked within the ten-foot landscaped area.
9. Within the ten-foot landscaped area, all shrubs at the time of planting shall have a minimum height of one foot and a maximum height of three feet and shall be planted so as to completely screen the undersides of vehicles. Grass or other ground cover shall be planted on all portions of the landscaped area not occupied by shrubs. All plantings, including ground cover, shall be kept trimmed and maintained with necessary care to ensure their survival. Any plant material that dies or otherwise becomes unhealthy shall be immediately replaced with like planting material. To ensure traffic visibility, no shrubs shall be permitted to exceed a height of three feet.

K. Screening. Where any required yard abuts a residential district and is not separated from the residential district by a dedicated street, there shall be a permanently maintained 25-foot buffer located along the abutting lot lines. Within the buffer shall be located a screen of sufficient density or opaqueness to obstruct the view of the structures or activities within the nonresidential district.

1. **Types of Screening Permitted.** Screening may be one of the following or a combination of two or more:
 - a. Solid masonry wall.
 - b. Decorative fence, excluding chain link with slats.
 - c. Dense evergreen plantings.
 - d. Landscaped mounding with ground cover.
2. **Height of Screening.** At the time of placement or planting, all screening material shall be a minimum of six feet in height.
3. **Required Ground Cover.** The space between any screening and the adjoining property line and the perimeter of the buffer zone shall be landscaped with appropriate ground cover.

- A. Height Regulations.** No structure shall exceed 40 feet in height.
- B. Minimum Lot Area.** The minimum lot shall be 20,000 square feet.
- C. Minimum Lot Width.** The minimum lot width shall be 100 feet.
- D. Minimum Yard Setbacks.**
- 1. Front.** There shall be a minimum setback of not less than 25 feet. The front yard setback depth shall be measured from the established right-of-way lines as shown on the official thoroughfare plan for Montgomery County.
 - 2. Side Yards.** There shall be a minimum side yard of not less than ten feet, except when adjacent to any residential district; the minimum side yard shall be 25 feet with screening as provided for in Section 32.4(L).
 - 3. Rear Yard.** There shall be no minimum rear yard requirement, except when adjacent to a residential district the minimum rear yard setback shall be 25 feet with screening as provided for in Section 32.4(L).
- E. Maximum Lot Coverage.** 50% of the lot.
- F. Maximum Floor Area Ratio.** 0.5.

Section 32.6 Minor Modifications.

The community and economic development director shall have the authority to make minor modifications to specifications contained in the "C/S-2" District.

ARTICLE 33. EXISTING AND NONCONFORMING USE

Section 33.1 Conformance Required.

Except as hereinafter specified, no land, building, structure or premises shall hereafter be used, and no building or part thereof, or other structure, shall be located, erected, moved, reconstructed, extended, enlarged, or altered except in conformity with the regulations herein specified for the district in which it is located.

Section 33.2 Intent

The legitimate interests of those who lawfully established these nonconformities are recognized in this article by permitting such nonconformities to continue, subject to regulations for and limitations upon their completion, restoration, reconstruction, extension, and substitution. It is recognized, however, that nonconformities substantially and adversely affect the orderly development, maintenance, use, and taxable value of other property in the district, property that is itself subject to the regulations of this Zoning Resolution. In order to secure eventual compliance with the standards of this chapter, it is necessary to regulate non-conformities strictly and to prevent the reestablishment of non-conformities that have been discontinued.

Section 33.3 Nonconforming Vacant Lots.

A. Nonconforming Vacant Lots in Residential District. In any district where dwellings are permitted, a single family detached dwelling may be erected on any lot of official record as of the effective date of the Zoning Resolution of Miami Township, when by reason of its lot area, width or depth it does not meet minimum requirements for a lot under these regulation; provided, however, that no lot shall be deemed to be less than 40 feet wide for the calculation of yard requirements and provided, further:

1. The sum of the side yard widths on any such lot of record shall be at least 25% of the width of the lot.
2. In no case shall the width of any side yard be less than ten percent of the width of the lot, except that on a corner lot, the width of side yard adjoining the side street lot line shall be no less than ten feet.
3. The depth of the rear yard of any such lot need not exceed 20% of the depth of the lot, but in no case shall it be less than twenty 20 feet.
4. If the width of such lot meets the standards of this Resolution but the depth is such that the total area is less than 7,500 square feet, the rear yard for such lot shall have a minimum of 30% of the depth of the lot but in no case shall it be less than 30 feet.

B. Nonconforming Vacant Lots in Other Districts. In any district, other than a Residential District, a building designed for any permitted use in such district may be erected on any lot of official record as of the effective date of the Zoning Resolution of the Township, provided that:

1. Such building shall comply with all regulations applicable in the district in which the lot in question is located; provided, however, the width of any required side yard need not be greater than that derived by applying the following equation, where "X" = the required side yard width:

$$X = \frac{\text{Minimum side yard required by district regulations}}{\text{Actual Lot Width} \div \text{Minimum lot width required by district regulations.}}$$

Section 33.4 Nonconforming Structures

- A. Continuation.** Any structure which is devoted to a use which is permitted in the zoning district in which it is located, but which is located on a lot which does not comply with the applicable lot size requirements and/or development standards, may be continued, so long as it remains otherwise lawful, subject to the restrictions of 33.4(B) through 33.4(D).
- B. Enlargement, Repair, Alterations.** Any such structure described in Subsection 33.4(A) may be enlarged, maintained, repaired or structurally altered; provided, however, that no such enlargement, maintenance, repair or structural alteration shall either create any additional nonconformity or increase the degree of existing nonconformity of all or any part of such structures; except that as to structures located on a lot that does not comply with the applicable lot size requirements, the side yard requirements shall be determined by Subsection 33.3(A) or 33.3(B), whichever is applicable.
- C. Damage or Destruction.** In the event that any such structure described in Section 33.4(A) is damaged or destroyed, by any means, to the extent of more than 50% of the current replacement cost of the entire structure, such structure shall not be restored unless it shall thereafter conform to the regulations for the zoning district in which it is located; provided, that structures located on a lot that does not comply with the applicable lot size requirements shall not in any event be required to provide a side yard that exceeds the yard requirements in Section 33.2. When a structure is damaged to the extent of 50% or less, no repairs or restoration shall be made unless a zoning certificate is obtained, and restoration is actually begun within one year after the date of such partial destruction.

- D. Moving.** No structure described in Subsection 33.4(A) shall be moved in whole or in part for any distance whatever, to any other location on the same or any other lot unless the entire structure shall thereafter conform to the regulations of the zoning district in which it will be located after being moved.

Section 33.5 Nonconforming Uses

- A. Continuation.** Any lawfully existing nonconforming use of part or all of a structure or any lawfully existing nonconforming use of land, not involving a structure, may be continued, so long as otherwise lawful, subject to the restriction of Subsection 33.5(B) through 55.3(I).

B. Repair, Maintenance, and Structural Alteration.

1. Normal maintenance of a building or other structure containing or related to a lawful nonconforming use is permitted, including necessary nonstructural repairs and incidental alterations which do not physically extend or intensify the nonconforming use. This paragraph shall not be deemed to authorize any violation of Subsections 33.5(C) through 33.5(D).
2. Nothing in this Resolution shall be deemed to prevent the strengthening or restoring to a safe condition any building or their structure (other than a damaged or destroyed building or other structure subject to the provisions of 33.5(E) of this section) in accordance with the order of a public official who is charged with protecting the public safety and who declares such building or other structure to be unsafe and orders its restoration to a safe condition.
3. All nonconforming residential buildings in a Business or Industrial District may be maintained, repaired, improved, modernized or enlarged in accordance with the development standards of Section ____ ; provided, however, that no increase in the number of dwelling units shall be permitted. A dwelling may not, however, be demolished and a new dwelling constructed unless the new dwelling is in full compliance with this Resolution.

- C. Structural Alteration.** Structural alterations to nonconforming single-family residences within any zoning district shall be permitted in accordance with the development standards of Section ____, provided, however, that no increase in the number of dwelling units shall be permitted.

- D. Extension and Enlargement.** The Board of Zoning Appeals may permit a nonconforming building or structure to be extended, expanded, enlarged, or increased in intensity subject to the following conditions:

1. A nonconforming use may be extended throughout any part of such building or other structure that was lawfully and manifestly designed or arranged for such use on the effective date of this Resolution.

2. The Board may permit either an expansion of a nonconforming building or structure, or a substitution of a nonconforming use in such a building or structure, but not both.
3. A building or structure that is devoted to a nonconforming use may be extended or enlarged upon the lot occupied by such building on the effective date of this Resolution or on an adjoining lot, provided such lot was under the same ownership as the lot in question on the effective date of this Resolution. Such building may be enlarged or extended to an extent not exceeding 25% of the gross floor area of such structure or building lawfully existing at the time of the adoption of this Resolution.
4. The extension or enlargement of a building or structure may not occupy ground space suitable and otherwise available for meeting the off-street parking requirements of this Resolution.
5. A nonconforming use of land may not be extended enlarged or increased in intensity.
6. Nothing contained in this section shall in any way prohibit a nonconforming use from acquiring additional off-street parking space.

Application for an extension or enlargement in accordance with paragraphs 1 and 6 shall be noticed and heard in the manner prescribed for appeals in Section 4.4 hereof.

In granting an extension or enlargement, the Board may impose such reasonable safeguards and restrictions upon the premises benefited by the extension or enlargement as may be necessary to reduce or minimize any potentially injurious effect of such extension or enlargement upon other property in the neighborhood and to carry out the general purpose and intent of this chapter.

E. Damage or Destruction.

1. Nothing in this Resolution shall be deemed to prevent the total restoration of any legal nonconforming single-family residence, so long as such restoration is actually begun within one year after the date of its damage or destruction.

- 2.** In the event that nay building or structure that is devoted in whole or in part to a nonconforming use, other than that of a single-single family residence, is damaged or destroyed by any means, to such an extent that the cost of restoration to the condition in which it was before such damage or destruction exceeds 50% of the current replacement cost of the entire building or other structure, exclusive of foundation, such building or other structure shall not be restored unless such building or other structure and the use thereof shall thereafter conform to the regulations of the district in which it is located. Moreover, even if such damage is 50% or less, no repair or restoration shall be made unless a building permit is obtained and restoration is actually begun, within one year after the date of such partial destruction.
- F. Moving.** No structure devoted in whole or in part to a nonconforming use, shall be moved to any other location on the same lot or any other lot unless the entire structure and the use thereof shall thereafter conform to the regulations of the district in which it will be located after being so moved. Moreover, no nonconforming land use shall be relocated, in whole or in part, to any other location on the same or any other lot unless such use shall thereafter conform to the regulations of the district in which it is located after being moved.
- G. Change.** The Board of Zoning Appeals may permit a substitution for a nonconforming use in a building or structure lawfully existing at the time of the adoption of this Resolution subject to the following conditions:

 - 1.** The Board may permit either an expansion of a nonconforming building or structure or a substitution of a nonconforming use, but not both.

 - a.** A nonconforming use of land (as opposed to a building or structure) may not be changed.
 - b.** Application for a substitution in accordance with paragraph “a” shall be noticed and heard in the manner prescribed for appeals in Section 4.4 hereof.
 - c.** The proposed use shall be of no greater intensity and shall be more compatible with the surrounding neighborhood than the existing nonconforming use.
 - 2.** The Board shall not grant a substitution unless it shall, in each specific case, make specific findings of fact directly based upon the particular evidence presented to it, that support conclusions that:

 - a.** Adequate utility, drainage, and other such necessary facilities have been or will be provided.
 - b.** Adequate access roads or entrance and exit drives shall be provided and will be designed so as to prevent traffic hazards and to minimize traffic conflicts and congestion in public streets.

- c. All exterior lighting fixtures are shaded wherever necessary to avoid casting direct light upon any property located in a residential district.
 - d. The proposed substitution will not cause substantial injury to the value of other property in the neighborhood in which it is located and will contribute to and promote the convenience and welfare of the public.
 - e. In granting a substitution, the Board may impose such reasonable safeguards and restrictions upon the premises benefited by the substitution as may be necessary to comply with the above standards and to reduce or minimize any potentially injurious effect of such substitution upon other property in the neighborhood and to carry out the general purpose and intent of this chapter.
3. If a nonconforming use is changed to any use other than a conforming use without obtaining approval pursuant to this paragraph that change shall constitute a discontinuance of the nonconforming use, and the property involved shall thereafter be used only for conforming uses.

H. Discontinuance.

- 1. Discontinuance of nonconforming use of land: In the event that operation of a nonconforming use of land is voluntarily discontinued for a period of two years, such nonconforming use shall not thereafter be reestablished, and any subsequent use or occupancy of such land shall conform to the regulations of the district in which it is located.
- 2. Discontinuance of nonconforming use of buildings or structures: In the event that operation of a nonconforming use of all or part of a building or other structure is voluntarily discontinued for a period of two years, such nonconforming use shall not thereafter be reestablished, and any subsequent use or occupancy of such building or other structure shall conform to the regulations of the district in which it is located.
- 3. When any lawful nonconforming use of any structure or land in any zoning district has been changed to a conforming use, it shall not thereafter be changed back to any nonconforming use.

- I. Nonconforming Accessory Uses.** No nonconforming accessory use shall continue after the principal use to which it is accessory has been discontinued.

J. Exclusion for Certain Nonconforming Uses in the Well Field Protection

¹⁵**“WP” Overlay Zoning District.** In the “WP” District, uses that are nonconforming solely because their Total Maximum Daily Inventory exceeds the limits established by Article 27 shall be excluded from the provisions of subsection 33.5(E)(2). In the “WP” District, uses that are nonconforming solely because their Total Maximum Daily Inventory exceeds the limits established by Article 27 shall be excluded from the provisions of subsection 33.5(F) when the moving is to another location on the same lot, but not when the relocation is to another lot.

¹⁵ Moved Protection before “WP”

ARTICLE 34. PROVISIONS AFFECTING AREA, YARDS, AND COURTS

Section 34.1 Minimum Floor Area for Dwellings.

The minimum total livable floor area for single family detached dwellings shall be 720 square feet.

Section 34.2 Street Frontage Requirement.

Except as permitted by other provisions of this Zoning Resolution, no lot or parcel shall contain any building used in whole or part unless the front lot line of such lot abuts fully on a dedicated street. Each lot shall meet the minimum frontage requirements of the Zoning District in which it is located.

Section 34.3 Traffic visibility Across Corner Lots.

In any District on any corner lot, no fence, or planting shall be erected or maintained within 20 feet of the "corner" if it interferes with traffic visibility across the corner.

Section 34.4 Reduction of Area or Space.

No lot, yard, court, parking area or other space shall be reduced in area or dimension, thereby making said area or dimension less than minimum required by this Zoning Resolution; and, if already less than the minimum required by this Zoning Resolution, said area or dimension shall not be further reduced. No part of a yard, court, parking area, or other space provided about, or for, any building or structure for the purpose of complying with the provisions of this Zoning Resolution, shall be included as part of a yard, court, parking area or other space required under this Zoning Resolution, for another building or structure.

Section 34.5 Off-Street Parking and Loading.

In any district, spaces for off-street parking and for loading or unloading shall be provided in accordance with the provisions of Article 39 and 40.

Section 34.6 Buildings Per Lot.

Except as permitted by other provisions of this Zoning Resolution, there shall not be more than one principal building for each lot.

ARTICLE 35. ACCESSORY USES

Section 35.1 Permitted Accessory Uses – Residential, Office/Residential and Office Districts

The following accessory uses are permitted in each Residential District, Residential/Office District, and the Office District.

- A.** Private garages or carports.
- B.** A structure for storage incidental to a permitted use.
- C.** A swimming pool, bath house, tennis court, and other recreational facilities designed for the use of the occupants of a single-family dwelling and their guests. Such facilities shall comply with the following conditions and requirements:
 - 1.** Such facilities shall be located only in the rear yard and have a minimum setback of five feet from side and rear lot lines.
 - 2.** Swimming pools in excess of 24 inches in depth shall have fencing around the pool as provided for in Section 36.9(D).
 - 3.** Such facilities shall be located on the same lot as the principal building.
- D.** Statuary, arbors, trellises, barbecue equipment, flag poles, fences, play equipment, non-mechanical laundry drying equipment, walls, and hedges.
- E.** Recreational vehicles and camping equipment subject to the following conditions:
 - 1.** Parked or stored recreational vehicles and camping equipment as defined by Article 2 shall not be connected to electricity, water, gas, or sanitary sewer facilities; and at no time shall this equipment be used for living or housekeeping purposes.
 - 2.** Recreational vehicles and camping equipment parked or stored outside a garage or a completely enclosed structure shall be parked or stored to the rear of the house may be parked or stored in the existing rear yard, or in a side yard not fronting on public right-of-way provided:
 - a.** Such vehicle or equipment is located behind the front building line of the principal structure.
 - b.** The vehicle or equipment shall be parked or stored on a dust free all-weather surface.

- c. Except when parked in a driveway, a privacy fence a minimum of six feet in height shall be constructed along the front building line between the principal structure and the side lot line.
 - 3. Notwithstanding the provisions of subparagraph 2, camping and recreational equipment may be parked anywhere on the premises for loading or unloading purposes, for a period of not more than 48 hours within any seven-day period.
- F. Garage Sales (Including patio, basement, yard, block, or similar types of sales).** May be held from 8:00 A.M. to sundown and must comply with the following regulations:
- 1. No sale may extend for more than three consecutive days (or portion thereof).
 - 2. No more than two garage sales per dwelling unit may be held on any lot in any calendar year and no garage sale shall be permitted within a minimum period of 90 days of the previous garage sales.
 - 3. No person conducting a garage sale under the provisions of this article shall sell or offer for sale any food or beverage for consumption on the premises. Food or beverage may be provided for such consumption at no cost to the consumer, but only if a permit is obtained in advance from the Combined Health District.
 - 4. No fee or other charge shall be imposed upon members of the public attending any such sale.
 - 5. Balloons, streamers, special lighting, noise making devices or other similar advertising displays, or notices shall not be used to call attention to the garage sale.
 - 6. One non-illuminated sign not exceeding six square feet in size not more than three feet in height above grade may be displayed on the property where the sale is being held.
- G. Satellite Dishes, Antennae Towers and Similar Devices.** Satellite dishes, receiving and transmission towers (excluding commercial), wind generators, and similar structures shall not be located in any front yard. All such structures shall be located a minimum of three feet from any side or rear lot lines.
- H. Day Care Centers.** Day care centers with any number of individuals in conjunction with schools, community centers and places of worship.

Section 35.2 Accessory Uses Not Permitted Residential, Office/Residential and Office District.

- A.** Overnight parking or outdoor storage of trucks over 9,000 pounds gross vehicle weight, buses, or mobile homes.
- B.** Outdoor storage, unless specifically permitted by the specific zoning district regulations.
- C.** Outdoor storage such as, but not limited to junk, lumber, building materials, outdoor storage of or parking of inoperative or unlicensed motor vehicles or similar items of property, auto parts, truck parts, motorcycle parts, and household appliances.

Section 35.3 Standards – Residential and Office/Residential Land Office Districts.

Accessory structures shall meet the following minimum requirements:

- A. General.** An accessory use shall be located on the same lot as the principal structure. No accessory use shall be established prior to the establishment of the principal permitted use. No existing accessory use may be extended or expanded unless it is in compliance with all applicable provisions of the zoning resolution.
- B. Location.** A detached accessory building and / or structure shall be located only in the rear yard.
- C. Maximum Lot Coverage.** The total of all accessory buildings, structures and uses shall not occupy more than 40% of the area of the rear and side yard.
- D. Accessory Structures - Area, Height, and Setback Requirements:**
 - 1.** The total square footage of all accessory structures shall not exceed the square footage of the ground level of the primary structure.
 - 2.** All accessory structures shall be setback at least 3 feet from any side or rear property line.
 - 3.** The height of any accessory structure shall not exceed twenty-five (25) feet or the height of the primary structure, whichever is less.

Section 35.4 Accessory Uses – Business and Industrial Districts.

- A. Residential Uses in a Business and Industrial District.** The construction, placement or use of an accessory building on the property of a nonconforming residential use in a business or industrial district shall meet the accessory use requirements for residential uses as specified in Article 35.

- B. Uses Not Permitted in Business and Industrial Districts.** Outdoor storage such as, but not limited to junk, lumber, building material, outdoor storage of or parking of inoperable or unlicensed motor vehicles or similar items of property including antique autos, auto parts, truck parts, motorcycle parts, and household appliances or machinery, unless specifically permitted by the specific zoning district regulation.

Section 35.5 Home Occupations.

In any Residential, Office/Residential or Planned Residential District, a home occupation may be permitted in any Residential, Office/Residential or Planned Residential District provided such home occupations meet the following minimum requirements:

- A.** There are no changes in the outside appearance of the dwelling, other than one sign, not exceeding two square feet in area, non-illuminated and mounted flat against the wall of the principal building. No sign shall be painted directly upon the surface of any building or structure.
- B.** Does not generate traffic, parking, noise, light, odor, sewage, or water use in excess of what is normal in a residential neighborhood.
- C.** Does not create a hazard to person or property, results in electrical interference, or becomes a nuisance.
- D.** No person other than members of the family residing on the premises shall be engaged in the home occupation.
- E.** The use of the dwelling unit for the home occupation shall be clearly incidental and subordinate to its use for residential purposes.
- F.** Not more than 25% of the floor area of a dwelling unit, and no more than 25% of any one floor shall be devoted to the home occupation.
- G.** No mechanical or electrical equipment shall be used except normal domestic household equipment, typewriters, computers, copying machines, and other similar devices.
- H.** The home occupation shall be conducted by appointment only.
- I.** No wholesale, jobbing, or retail business shall be permitted unless it is conducted entirely by mail or telephone and does not involve the receipt, delivery, sale, or storage of merchandise on or from the premises.
- J.** There shall be no outdoor storage of equipment or materials used in the home occupation, nor shall any accessory building be used for any home occupation activity.

Section 35.6 Permitted Home Occupations.

The following uses are examples of permitted home occupations and are permitted provided they do not violate any of the provision of this zoning resolution:

- A.** Artists, sculptors, and authors.
- B.** Babysitting¹⁶, nursery or day care center of persons, including day care of children, adults, or elderly persons, shall be limited to a maximum of six persons on the premises at any one time. Any child under six years of age, related to the care giver and who are on the premises shall be counted.
- C.** Computer programming.
- D.** Dressmaking, seamstresses, and tailors.
- E.** Home cooking and preserving.
- F.** Home crafts, such as model making, rug weaving, and lapidary work.
- G.** Home office.

ARTICLE 36. EXCEPTIONS, MODIFICATIONS, AND INTERPRETATIONS

Section 36.1 Application.

The requirements and regulations specified herein before in this Zoning Resolution shall be subject to the following exceptions, modifications, and interpretations.

Section 36.2 Height Limits.

Height limitations stipulated elsewhere in this Zoning Resolution shall not apply:

- A.** To barns, silos or other farm buildings or structures on farms, provided these are more than 50 feet from every lot line; to church spires, belfries, cupolas and domes, monuments, water towers, masts, and aerial; to parapet walls extending not more than four feet above the limiting height of the building.
- B.** To places of public assembly in churches schools and other permitted public and semipublic buildings, provided that these are located on the first floor of such buildings and may provide that for each three feet by which the height of such building exceeds the maximum height otherwise permitted in the district, its side and rear yards shall be increased in width or depth by an additional foot over the side and rear yards required for the highest building otherwise permitted in the district.
- C.** To bulkheads, elevator penthouses, water tanks, monitors, scenery lofts, towers, and monuments. Fire towers, hose towers, cooling towers, grain elevators, gas holders or other structures, where the manufacturing process requires a greater height, provided, however, that all such structures above the heights otherwise permitted in the district shall not occupy more than 25 percent of the area of the lot and shall be distant not less than 25 feet in all parts from every lot line.

Section 36.3 Area Requirement Without Utilities.

In any district where plumbing facilities will not be connected to public sewer or water, such lot shall contain a minimum area of 40,000 square feet and shall have at least 150 feet of lot frontage along a public street or road.

Section 36.4 Corner Lots.

- A.** The area of a corner lot shall be 20% greater than the minimum area required for an interior lot.

- B.** When the principal building is located with its greatest depth on the long side of a corner lot, the required rear yard may be reduced to a minimum of 20% of the average lot depth; but in no case shall the shortest distance, measured horizontally between any part of a building, and the rear lot line, be less than 20 feet.

Section 36.5 Front Yard Exceptions, and Modifications.

- A.** In any Residential District where the average depth of at least two existing front yards on lots within 100 feet of the lot in question and within the same block front is less or greater than the least front yard depth prescribed elsewhere in this Zoning Resolution, the required depth of the front yard on such lot shall be modified. In such case, this shall not be less than the average depth of said existing front yards, or the average depth of existing front yards of the two lots immediately adjoining, or, in the case of a corner lot, the depth of the front yard on the lot immediately adjoining; provided, however, that the depth of a front yard on any lot shall be at least ten feet including all projections nor required to be more than 50 feet.
- B.** In any Residential District where the natural grade of a lot within the required front yard has an average slope, normal to the front lot line at every point along said line, of such a degree or percent of slope that it is not practicable to provide a driveway with a grade of 12% or less to a private garage conforming to the requirements of this Zoning Resolution, such garage may be located within such front yard, but not in any case closer than ten feet to the street lines.
- C.** All lots in Residential Districts fronting on major thoroughfares shall have a front yard depth of not less than 35 feet measured from the street right-of-way line.

Section 36.6 Double Frontage Lots.

Buildings on lots having frontage on two nonintersecting streets need not have a rear yard if any equivalent open space is provided on the lot in lieu of such required rear yard; applicable front yards must be provided, however, on both streets.

Section 36.7 Side Yard Exceptions or Modifications.

Side yard widths may be varied where the side wall of a building is not parallel with the side lot line or is broken or otherwise irregular. In such case the average width of the side yard shall not be less than the otherwise required least width; provided, however, that such side yard shall not be narrower at any point than one half the otherwise required least width, or narrower than six feet in any case.

A side yard along the side street lot line of a corner lot, which lot abuts in the rear, either directly or across an alley, the side lot line of another in a Residential District, shall have a

width of not less than one half the required depth of the front yard on such other lot fronting the side street.

Section 36.8 Projection into Required Yards.

Architectural features may project into required yards or into courts as follows:

- A.** Into any required front or side yard adjoining a side street:
 - 1.** Cornices, canopies, eaves, or other architectural features may project a distance not to exceed two feet, six inches.
 - 2.** Fire escapes may project a distance not to exceed four feet, six inches.
 - 3.** An open stair and necessary landing may project a distance not to exceed six feet.
 - 4.** A front porch may project into a front yard a distance not to exceed six feet, provided it is open on three sides, except for railing or banisters.
 - 5.** Bay windows, balconies, or chimney may project into a yard a distance not to exceed five feet provided, however, that the aggregate width of such projection shall not exceed one third of the length of the wall upon which they are located.
- B.** Subject to the limitations in the preceding subsections, the above-named features may project into any required side yard adjoining an interior side lot line, a distance not to exceed one fifth of the required least width of such side yard, but not exceeding three feet in any case.
- C.** Subject to the limitation in "A" above, the features named therein may project into any required rear yards or into any required outer court the same distance they are permitted to project into a front yard.

Section 36.9 Fences, Walls, and Hedges

Notwithstanding other provisions of this Zoning Resolution, fences, walls, and hedges in any "R", "OR-1" or "O" districts are permitted in yards under the following conditions:

- A. Corner Lots.** Within the triangular area formed by the right-of-way lines at corner lots and a straight line joining such right-of-way line at points which are 20 feet distant from the intersection of the right-of-way line and measured along such right-of-way lines (see Appendix, Figure 2), no fence, wall, hedge, or other planting shall exceed a height of two- and one-half feet above the center line grades of intersecting streets.
- B. Front Yards.** Except as provided for in Section 36.9(A) (Corner Lots), fences, walls, and hedges shall be permitted in front yards, provided that:

1. **Height.** Such fence, wall or hedge does not exceed a height of four (4) feet.
 2. **Front Setback.** All fences and walls shall be set back a minimum of five (5) feet from the front property line.
 3. **Right-of-Way.** No fence shall be permitted to be placed in the right-of-way or extend or project into the right-of-way.
 4. **Visibility.** No fence, wall or hedge shall be permitted to interfere with visibility along a driveway.
- C. Side and Rear Yards.** Within a side or rear yard, no fence, wall, or hedge shall be permitted to exceed a height of six feet, except:
1. **Height.** Such fence, wall, or hedge shall not exceed a height of six (6) feet, except:
 - a. **Topographical Considerations.** When topographical features of the property upon which a fence is to be located, or the topographical features of the surrounding property, make the six-foot height limitation impractical for providing adequate screening from surrounding properties, the Planning/Zoning Director may permit the placement of a fence up to eight feet in height.
 - b. **Tennis Courts.** Shall be permitted to have a fence surrounding the tennis court up to a maximum height of 12 feet, provided:
 - i. The fence material shall be comprised for a regulation tennis court mesh, whereby the openings in the wire mesh network that form the fence material shall not exceed one and three quarters inches in diameter.
 2. **Side or Rear Setback.** No setback is required for any fence that will be placed in a side or rear yard.
- D. Swimming Pools.** A swimming pool which has, at any point, a depth of 24 inches or more of water shall be required to have a fence of adequate size and strength to exclude the entrance of unauthorized persons and to meet the following requirements:
1. **Height.** Such fence shall be not less than five feet in height above the ground level.
 2. **Clearance From Bottom of Fence.** Such fence shall have not more than two inches of clearance from the bottom of the fence to the surface directly below the fence.
 3. **Setback From Water.** Such fence shall not be closer than five feet from the water's edge of the swimming pool.

4. **Mesh Openings.** Openings, if provided, shall be not larger than two- and one-half inches wide in their least dimension.
 5. **Gates.** Gates shall be capable of being securely fastened in a closed position at a height of not less than four feet above ground level.
 6. **Wire Gauge.** Chain or wire type fence shall be constructed of at least 14-gauge wire.
 7. **Above Ground Pools.** Swimming pools, such as above ground pools, which are equipped with a deck fence and a ladder which is capable of being secured in the up position when not in use, shall be permitted, provided the degree of protection is not less than the protection afforded by the enclosure, gate and latch described in this section.
 8. **Other Protective Devices.** Upon submission of documentation from a qualified expert, the Planning/Zoning Director may in lieu of the fencing requirement, permit the use of a natural barrier, hedge, pool cover, or other protective device provided degree of protection is not less than the protection afforded by the enclosure, gate and latch described in this section.
- E. Permitted Types of Fence Material.** Fences shall be constructed only of materials that are processed or manufactured and customarily used for permanent fencing.
- F. Barbed Wire, Electric Fences, Razor Ribbon.** The use of barbed wire, electrically charged, razor ribbon or any other type of fencing material that is designed to cause injury upon contact are prohibited in all residential, office/residential and office districts.
- G. Business and Industrial Districts – Fences Walls and Protective Enclosures.** Notwithstanding other provisions of this Zoning Resolution, fences, walls and other types of protective enclosures in any business and/or industrial districts are permitted under the following conditions:
1. **Corner Lots.** Within the triangular area formed by the right-of-way lines at corner lots and a straight line joining such right-of-way line at points which are twenty feet distant from the intersection of the right-of-way line and measured along such right-of-way lines (See Appendix, Figure 2), no fence, wall, hedge, or other planting shall exceed a height of two- and one-half feet above the center line grades of intersecting streets.
 2. **Front Yards.** Except as provided for in Section 36.9(A) (Corner Lots), fences, walls and hedges may be permitted in front yards, provided that:

- a. Type of Material.** In the front yard of any business or industrial district, no chain link fence or wire type material shall be permitted. The use of decorative fencing, or walls, designed to be complimentary to the surrounding land uses, may be located in the front yard provided:

 - i. Height.** Such fencing or walls shall not exceed six feet in height.
 - ii. Setback.** Shall be setback a minimum of ten feet from the existing right-of-way.
 - iii. Security Devices.** Barbed wire, razor ribbon or other type of fencing material that is designed to cause injury upon contact shall be placed in such a manner so as not to be visible from the street.
- 3. Side and Rear Yards.** Fences located in a side yard shall not exceed a maximum of eight feet in height. Security devices, such as barbed wire or razor ribbon may exceed the eight-foot height requirement by one foot.
- 4. Permitted Types of Fence Materials.** Fences shall be constructed only materials that are processed or manufactured and customarily used for permanent fencing.

ARTICLE 37. EXEMPTIONS FROM ZONING PROVISIONS

Section 37.1 Essential Services

Essential services shall be permitted as authorized and regulated by law and other Resolutions of the County, it being the intentions hereof to exempt such essential services from the application of this Zoning Resolution.

Section 37.2 Unsafe Buildings

Nothing in this Zoning Resolution shall prevent the strengthening or restoring to a safe condition of any part of any building or structure declared unsafe by proper authority.

Section 37.3 Existing Building Permits

Nothing contained in this Zoning Resolution shall require any change in the overall layout, plans, construction, size or designated use of any development, building, structure or part thereof, for which official approvals and required building permits have been granted before the enactment of this Revised Zoning Resolution, the construction of which, conforming with such plans, shall have been started prior to the effective date of this Revised Zoning Resolution, and continued to completion without interruption, except for causes beyond the builder's control.

Section 37.4 Exemption For Political Subdivisions

When acting in their capacity as a political subdivision of the State of Ohio, such political subdivisions are hereby exempt from the regulations contained in this zoning resolution. All political subdivisions that are exempt, wherever possible shall attempt to meet the spirit and intent of the Zoning Resolution.

ARTICLE 38. SIGN REGULATIONS

Section 38.1 General Provisions

The following general provisions are applicable to all signs unless modified by the general requirements or standards of a specific Zoning District:

- A. Permits.** Applications for permits shall be filed with the Community and Economic Development Department, together with a permit fee, and shall be issued prior to construction, erection or modification of any sign.
- B. Nonconforming Signs.**
 - 1. Any sign erected prior to the enactment of this Resolution and not conforming to the provisions of this Resolution shall be deemed to be nonconforming. This shall not prohibit the maintaining in a safe condition any sign which is nonconforming, but if the sign is damaged to more than one half of its replacement value or in a state of disrepair then it shall be removed and shall not be repaired or replaced.
 - 2. Any nonconforming sign which is altered, relocated, or replaced shall comply with all provisions of this Resolution.
- C. Maintenance, Abandonment, Removal and Responsibility.**
 - 1. **Maintenance.** Every sign, including those signs specifically exempt from this chapter in respect to permits, shall be afforded the normal care needed to keep the sign safe and functional, including the replacement of defective parts, cleaning, painting (except galvanized or signs of rust resistant material), repairing, or replacing broken faces, or other elements of the sign structures so that they are structurally safe.
 - 2. **Abandoned Signs.** Except as provided for in Section 38.1(D)(2)(B), any sign located on a property that is unoccupied for a period of 30 days or more, or any sign which pertains to a time, event, or purpose which no longer applies, shall be deemed to have been abandoned.
 - a. **Exceptions.** The following signs are specifically exempted from the provisions of Section 4101.01(B), provided such signs otherwise meet all of the other provisions of this article.

- i. Real estate signs.
 - ii. Signs pertaining to a specific use that operates on a seasonal basis.
- 3. **Removal of Signs.** Any sign, including those elements of the sign structure that are considered an integral part of the sign, for which a permit has not been issued, is not maintained in accordance with the provisions of this chapter, or has been deemed abandoned shall be removed by the property owner, or the person in charge of the property at the property owners' expense.
 - a. **Removal of Painted Wall Signs.** Any sign that is directly painted upon a building, shall have an imaginary rectangle or square (whichever configuration most closely encompasses the extremities of the wording of the painted wall sign; (see Appendix, Figure 1) placed around the perimeter of the word(s) and/or illustration(s), and the sign contained therein shall be painted or otherwise blocked out.
 - b. **Period for Compliance.** Upon receipt of a notice of Violation, the property owner or person in charge of the property shall have 30 days from the receipt of such notice to bring those signs, as described in the violation notice, into compliance with the provisions of this chapter.
 - c. **Removal of Signs Within the Right-of-Way.** Any sign placed within the street right-of-way without a permit is prohibited and the Code Enforcement Officer, Zoning Inspector, Services Director, Fire Chief or Sheriff's Officers are authorized to remove the sign or cause it to be removed without notice.
- 4. **Sign Responsibility.**
 - a. The building owner shall be held responsible for the removal and disposal of all abandoned signs including the complete blocking out of painted wall signs.
 - b. The owner of the sign shall be held responsible for the maintenance, repair, and upkeep of his signs.

D. Traffic Hazards.

- 1. No sign shall be erected at or near any intersection of any streets, or any railway and any street, in such a manner as to obstruct free and clear vision, or at any location where by reason of position, shape, or color, it may interfere with, obstruct the view of or be confused with any authorized traffic sign, signal, or device, or which makes use of the words "stop", "look", "danger", or other work, phrase, or symbol in such manner as to interfere with, mislead, or confuse traffic.
- 2. Light sources for illuminated signs shall not be of such brightness as to constitute a hazard to pedestrian or vehicular traffic.

3. No rotation beam, beacon or flashing illumination resembling an emergency light shall be used in connection with any sign display; nor shall any illuminated device designed to attract attention of users of the street be permitted unless it is an integral part of the sign as herein defined.

E. Signs Near “R” and “PD-1” Districts. No sign shall be located in a "B" or "I" district within 100 feet of any "R" or “PD” Residential district in such a manner as to be primarily viewed from "R" or “PD” Residential zoned property or from any street or alley within an "R" or "PD-1" District.

F. Setback. All signs shall be setback ten feet from the right-of-way as shown on the Official Thoroughfare Plan for Montgomery County.

G. Signs.

1. Wall Signs.

- a. Shall not extend more than 15 inches from the wall of the structure upon which it is mounted.
- b. May be inclined from the vertical only to the extent necessary for conformity to the general contour of the wall around projections or ornamental features, provided that no part of such sign, except the thickness thereof, shall extend beyond the lines of said projection in any direction.
- c. Shall not extend above the top of the wall, nor extend beyond the ends of the wall to which they are attached.

2. Painted Wall Signs.

- a. Painted wall signs may identify only the name of the building and/or occupant of the building on which located, or the principal use of the premises.
- b. A painted wall sign shall not be used as an advertising sign.

3. Awnings or Canopies. Signs located on an awning or canopy shall:

- a. Be affixed flat to the surface thereof.
- b. Not extend vertically or horizontally beyond the limits of the awning or canopy.
- c. Be non-illuminated.

4. Roof Signs.

- a. Shall not exceed the height limitations of the Zoning District in which they are located.
- b. Shall not extend beyond or overhang any exterior wall of the building upon which they are secured.
- c. Are permitted to be erected upon one story building roofs, provided not more than one roof sign structure shall be permitted upon a building.
- d. No roof sign structure shall be erected higher than ten feet above the roof of the building to which it is attached at the point of mounting, and a clearance of at least six feet shall be provided between the base of such signs and the roof level.

5. Project Signs.

- a. The bottom of a projecting sign may not be less than ten feet above grade.
- b. Shall be erected in such a manner that it forms an angle of 90 degrees with the building wall the projecting sign is attached.
- c. A projecting sign extending not more than three feet from the face of the building shall not be restricted as to the angle it makes with the face of the building wall.

6. Marquee Signs. Signs or sign structures located on a marquee shall:

- a. Be affixed to the face or top thereof.
- b. Not be greater than four feet in vertical measurement above the marquee.
- c. Not extend vertically below the marquee.
- d. Not extend horizontally more than 18 inches beyond the marquee limit.

7. Changeable Copy Area of Signs.

- a. Changeable copy area of wall, projecting, free standing, roof, marquee, awning, ground mounted, or canopy signs shall not exceed 50% percent of the total sign area.
- b. Any sign using electronic technology for changeable copy message boards which malfunctions, fails, or ceases to operate in its usual or normal programmed manner causing motion, movement, flashing or any other similar effects, shall be repaired or disconnected within 24 hours by the owner or operator of such sign.

- 8. Ground Mounted Signs.** Permanent ground mounted signs shall require a single continuous landscaped area to be maintained in accordance with the following standards:
 - a.** The minimum landscaped area shall be equal to the area of the sign face.
 - b.** The landscaped area shall include all points where sign structural supports are attached to the ground.
 - c.** The landscaped area shall include live plantings aesthetically located and maintained. The use of concrete, asphalt or any other paved surface inside the required landscape area shall be prohibited.
 - d.** Shall not exceed eight feet in height.

H. Temporary Signs.

- 1. Permit Required.** Unless otherwise specified in this article, no temporary sign shall be placed, located, or moved onto any site within the township until a Temporary Sign Permit has been issued for such sign by the Community and Economic Development Department.
- 2. General.** Where more stringent regulations are provided for within a particular zoning district relative to temporary signs, those regulations shall be applicable. Unless specifically exempted, all temporary signs shall be subject to the following minimum regulation:
 - a. Location.** All temporary signs shall be located only on the property for which the Temporary Sign Permit has been issued.
 - b. Size.** Temporary signs shall be limited to a maximum sign area of 32 square feet per face and shall be limited to a maximum of two sign faces.
 - c. Height.** Temporary signs shall not exceed eight feet in height.
 - d. Setback.** All temporary signs shall be set back a minimum of ten feet from the edge of the right-of-way and side property lines, except where visibility problems constitute a traffic hazard, the minimum sign setback requirement shall be increased to a sufficient distance to eliminate the hazard.
 - e. Display.** The placement of any temporary sign, as regulated in this section, shall be limited to a maximum of 30 consecutive days within a 60-day period. The 30-day time limitation may not be subdivided into smaller increments to permit the placement of a temporary signs more than one time within any 60-day period. Except as provided for in Section 38.1(H)(5) of this Article.

- f. Lighting.** Internal or external lighting may be permitted; however, no lighting shall be permitted to flash, blink, or rotate.
 - g. Motion.** Temporary signs shall not at any time convey the visual sensation or appearance of motion or present a non-constant visual image to the eye of the observer.
 - h. Number of Temporary Signs Permitted.** Not more than one temporary sign, per business frontage, shall be permitted to be displayed within any 60-day period.
 - 3. Portable/Promotional Signs.** In addition to the regulations contained in Section 38.1(H), all portable/promotional signs shall be subject to the following additional regulations:
 - a. Bonding.** In addition to the fee prescribed by the Trustees for a Temporary Sign Permit issued for the placement of a portable/promotional sign; at the time the permit is issued a \$100.00 cash bond shall be deposited with the township. The bond shall be forfeited to the township if the portable/promotional sign is not removed within two days of the expiration date of the Temporary Sign Permit.
 - b. Number of Portable/Promotional Signs Permitted.** On individual lots or multiple tenant locations with less than 500 lineal feet of lot frontage, only one portable/promotional sign shall be permitted per street frontage at any one time. At a shopping center or plaza location, where the street frontage exceeds 500 lineal feet, along that frontage three portable/promotional signs may be displayed at any one time.
 - 4. Real Estate Signs.** Real estate signs are specifically exempted from the provisions of Section 38.1(H)(5)(1); however, such signs shall otherwise be required to meet all of the other provisions of this article.
 - 5. Political Signs.** Signs involving any issue or candidate for public elective office may be temporarily placed within all zoning districts in accordance with the following regulations.
 - a. Size Limitation.** Political signs in all zoning districts shall be limited to the following maximum sizes:
 - i.** In all "A", "OR-1" and "R" zoning districts political signs shall not exceed six square feet per side.
 - ii.** In all "O", "B" and "I" zoning districts political signs shall not exceed 32 square feet per side.
 - b. Time Limitation.** No political sign shall be placed more than 30 days before the election in which the candidate is running or issue is to be voted on, and all political signs shall be removed within seven days after the election to which the sign pertains.

c. Restrictions. No political sign shall be attached to any structure providing essential services (Light poles, utility poles, traffic control devices, etc.), or be located in such a manner so as to cause a traffic hazard or visibility problem.

6. Seasonal Business Signs. Seasonal business signs may be displayed one continuous 90-day period in one calendar year per parcel. The fee for such sign shall be three times the regular fee for temporary signs. Seasonal business signs shall be exempt from Section 38.1(H)(2)(e). Seasonal business signs shall be required to meet all other provisions of this article.

Section 38.2 Exempted Signs.

The following signs are not subject to the provisions of this Resolution.

ARTICLE 39. OFF-STREET LOADING REGULATIONS

On the same premises with every building or structure or part thereof, erected and occupied for commerce, industry, public assembly, or other uses involving the receipt or distribution by vehicles of materials or merchandise, there shall be provided and permanently maintained the necessary off-street loading spaces as hereinafter required in this Zoning Resolution.

Section 39.1 General Provisions.

1. Design Standards.

- a. **Dimension.** Each off-street loading space shall be at least 12 feet in width by 25 feet in length with a vertical clearance of 14 feet or more and adequate area for ingress and egress.
- b. **Access.** Off-street loading spaces shall be provided with entrances and exits not less than 12 feet in width.
- c. **Surfacing and Drainage.** All loading areas shall be graded as necessary and improved with asphalt, concrete or Portland cement and shall meet the standards for storm water runoff control as stipulated by the Montgomery County Engineer's Office. In no case shall crushed stone, gravel or similar material be considered a suitable substitute for asphalt or concrete.

2. Location. All required loading spaces shall be located off-street and on the same lot as the specific use to be served. Except as provided for in this Article, loading spaces may be located in a required side and/or rear yard.

- a. No loading space shall be located within a required front yard.
- b. No loading space or driveway shall be located within any side yard when located adjacent to any "R" District.
- c. No permitted or required loading space in any district shall be located within 50 feet of the nearest point of intersection of any two streets or highways, except for areas used for the occasional drop off or pick up of goods in vans, step vans, or parcel trucks.
- d. No access drive or loading space shall be located in such a manner as to allow a vehicle to back onto a public street.
- e. No access road or loading space shall be located in such a manner so as to cause a vehicle to back into the loading space from a public right-of-way.

- f.** No loading space shall be located in such a manner so as to cause a vehicle to extend into the right-of-way while being loaded or unloaded.
- 3. Screening.** Whenever a loading area or access road/driveway is located adjacent to a residential district, it shall be screened on all sides from the residential district by an opaque fence, wall or planting. Such fence, wall or planting shall be a minimum of six feet in height. Whenever screening is located adjacent to any loading area or access road/driveway, such screening shall be protected by bumper blocks, posts or curbing to avoid damage by vehicles. All screening shall be maintained in good condition and remain free of all advertising. All screening that employs living material shall be kept trimmed and replaced as needed to maintain the integrity of the screen.
- 4. Marking.** Designated loading areas shall be marked as a loading area and shall be maintained in clearly visible condition.
- 5. Utilization.**
 - a.** No storage, motor vehicle repair work or service of any kind other than for an emergency shall be permitted within any loading berth.
 - b.** Space allocated to a required loading berth shall not be used to satisfy any requirement of this resolution for off-street parking spaces.

Section 39.2 Number of Loading Spaces Required.

Type of Use	Required Number of Loading Spaces
Retail and Service	One space for the first 10,000 square Establishments feet of gross floor area, and one space for each additional 20,000 square feet of gross floor area.
Freight and Truck	One space for every 5,000 square feet Terminal of gross floor area.
Warehouse	One space for every 7,500 square feet Wholesale of gross floor area.
Industrial Plant	One space.

ARTICLE 40. OFF-STREET PARKING REQUIREMENTS

Except as provided for herein, on the same premises with every building and structure erected, altered, or changed and all land used, there shall be provided the necessary off-street parking as hereinafter required in this Zoning Resolution.

Section 40.1 General Provisions.

- A. Use of Off-Street Parking Facilities.** Off-street parking facilities shall be used solely for the parking of motor vehicles in operating condition by patrons, occupants, or employees of the premises.
1. The sale of all types of vehicles shall be prohibited from the off-street parking facility, except for a private individual selling his/her personal vehicle from their residence.
 2. The display, sales, or storage of any merchandise shall not be permitted within any off-street area unless otherwise specifically provided for within this Zoning Resolution.
 3. The storage of trucks and/or trailers shall be prohibited on off-street parking facilities, except trucks parked in loading stalls during periods of loading and unloading. In no case shall a truck or trailer be used as a storage facility.
 4. No vehicle repair work or service of any kind, except emergency repairs, shall be permitted in any off-street parking area.
 5. No vehicle shall be parked in any unpaved area of a front or side yard.
- B. Building Additions.** Whenever a building addition results in an increase in the number of units used to measure the required off-street parking spaces, and such addition creates a need for an increase of more than ten percent of the required off-street parking spaces, additional off-street parking shall be provided on the basis of the increase in the number of such units of measurement, except that in the case of additional dwelling units created by conversion of an existing dwelling, two off-street parking spaces shall be required for each additional dwelling unit created.

C. Parking Plan. A parking plan shall be submitted with any application involving the construction, expansion, change of use or elimination of any off-street parking space. The parking plan shall be drawn to scale and fully dimensioned and detailed. All parking plans shall be subject to review by the Planning and Zoning Department prior to approval of such application. The Planning/Zoning Director may employ such technical expertise in the review of a parking plan as needed to ensure the adequacy of the off-street parking facility and traffic/pedestrian safety. All costs incurred in the review of a parking plan by outside consultants shall be passed through to the applicant.

D. Minimum Parking Space and Driveway Aisle.

Dimensions: The following minimum dimensions shall apply to all parking spaces and driveway aisles:

1. **Handicap Spaces.** Where provided, handicap parking spaces shall not be less than 12 feet in width and 20 feet in length.
2. **Standard Width and Length.** Perpendicular and angular parking spaces for retail stores and/or service facilities characterized high turnover of parking space use shall not be less than nine feet in width and 18 feet in length. Parallel parking spaces shall not be less than nine feet in width and 22 feet in length.
3. **Reduced Width Permitted.** Except for parallel parking, parking spaces for employees, residences, offices, and similar uses that are characterized by medium to low turnover of parking space use may have a minimum width of nine feet and a minimum length of 20 feet.
4. **Overhang Permitted.** Any parking space adjoining a landscaped area of the parking lot may include a two-foot overhang into the landscaped area as part of the required 20-foot length, provided curbing or other well maintained wheel stops are used.
5. **Driveway Aisles.** Driveway aisles shall have the following minimum dimensions*:

0-Degree ¹⁸ Parking (Parallel)		60-Degree Parking	
One-Way	12-feet	One-Way	17.5-feet
Two-Way	24-feet	Two-Way	24-feet
45-Degree Parking		90 Degree Parking	

¹⁸ Added "Degree" to all titles

One-Way	13-feet	One-Way	25-feet
Two-Way	24-feet	Two-Way	25-feet

*Parking spaces having angles not indicated herein shall provide aisle widths as indicated in the "Urban Planning and Design Criteria" manual or certified by an engineer.

- E. Reduction or Change in Required Parking Area.** Any area once designated as required off-street parking shall not be changed to any other use unless and until equal facilities are provided elsewhere. Off-street parking existing at the effective date of this Resolution in connection with the operation of an existing building or use shall not be reduced to an amount less than hereinafter required for a similar new building or new use.
- F. Special Provisions for Collective and Off-Site Parking Areas.** The following special provisions shall be applicable to all collective and offsite parking areas serving nonresidential uses:
- 1. Collective Parking Areas.** Two or more uses may collectively provide the required off-street parking area. The required number of parking spaces shall not be less than the sum of the requirements for the individual uses computed separately, unless the parking area is part of an approved planned development. A written agreement for joint usage, approved as to form and execution by the Township's legal counsel, shall be filed with the application for a Zoning Certificate or Occupancy Certificate.
 - 2. Off Site Parking Areas.** Parking spaces located within 300 feet of the building and/or use served on abutting properties may be used toward the calculation of the required number of spaces for a use, provided a written legal instrument is used to reserve such spaces for the subject use. Such legal instrument shall be approved as to form and execution by the Township's legal counsel prior to issuance of a Zoning Certificate or Occupancy Certificate.
- G. Access to Public or Private Streets.** All Parking Lots shall be designed in such a manner that any vehicle entering or exiting the parking lot via a public or private street shall be traveling in a forward direction. Access roads or driveways for parking areas shall be located in such a manner that any vehicle entering or leaving such lot shall have adequate site distance, as specified by the Montgomery County Engineer's office. Acceleration and/or deceleration lanes may be required where traffic volumes indicate the need.
- H. Curbing and Wheel Stops.**
- 1.** Where required a continuous curbing and/or the installation of wheel stops shall be required for any parking lot or portion thereof, where any of the following conditions exist:

- a. Encroachment of a vehicle into any traffic aisle, pedestrian walkway, sidewalk or any public right-of-way.
- b. Parking area abuts a wall, light pole/fixture, fence, or any other structure.
- c. A severe grade change or embankment at the edge of a parking lot.

2. Standards.

- a. All curbing shall be a minimum of four inches in height and be made of concrete. Except as provided for in Section 40.1, Paragraph H(2)(b), other suitable materials may be approved by the Planning/Zoning Director, provided such material is an integral part of an overall development scheme. The use of asphalt as a curb material shall be prohibited.
 - b. All curbing adjacent to or along any public right-of-way shall be constructed of concrete and shall meet the design standards of the Montgomery County Engineer's Office for curbing along a public right-of-way.
 - c. Wheel stops shall be made of concrete a minimum of six feet in length and permanently affixed to the paved surface beneath it.
 - d. All curbing and wheel stops shall provide a minimum clearance of at least 30 inches from any adjacent sidewalk, traffic aisle, embankment, wall, fence or other structure.
 - e. A sidewalk adjacent to a building may be used as a curb or wheel stop providing said sidewalk is a minimum of six- and one-half feet in width.
- I. Required Surfacing.** All parking lots, driveways and access roads shall be made of asphaltic, concrete or some other comparable all weather dustless material. In no case shall crushed stone, gravel or similar material be considered a suitable substitute for asphalt concrete.
- J. Marking Required.** All parking spaces and driveway aisles shall be marked with an all-weather paint. Such markings shall be maintained in clearly visible condition and be in accordance with the approved parking plan.
- K. Lighting.** Any parking area which is intended to be used during non-daylight hours shall be properly illuminated to avoid accidents. Any lights used to illuminate a parking lot shall be arranged and designed so as to deflect the light away from adjoining or opposite residential property and public streets.
- L. Drainage.** Except for the "A" through "R-5" districts, all open off-street parking areas shall be provided with adequate drainage facilities and a storm water runoff control plan as approved by the Montgomery County Engineer's office.
- M. Separation.**

1. All unenclosed off-street parking areas shall be separated from public rights of way by a planted, landscaped area of at least ten feet in width. On streets having an existing curb on the street side, a minimum four-inch-high curb shall be required only on the inside of the parking area. On streets not having an existing curb on the street side, a curb meeting the standards of the Montgomery County Engineer's Office, shall be required to completely enclose the ten-foot separation strip.
2. All unenclosed off-street parking areas shall be separated from principal buildings by a minimum four-inch-high curb so as to maintain a clear unobstructed three-foot corridor between the building and the parked vehicles.
3. No driveways or parking areas shall be:
 - a. **Residential Districts.** One fourth the distance of the existing side yard.
 - b. **Office, Business, and Industrial Districts.** Located in any required side or rear yard, when adjacent to any "A", "R" or "OR-1" district. The separation shall be landscaped, and a minimum four-inch-high curb placed on the driveway and/or parking side of the space.

N. Front-Yard – Surface Limitation, “A” Through “R-7” District. In the agricultural and residential districts, no asphalt, concrete, or other parking surface shall cover more than 40% of the front yard.

Section 40.2 Screening.

No parking lot used for nonresidential purposes shall be constructed, altered, enlarged, or changed until a screening plan has been submitted and approved by the Planning/Zoning Director.

A. When Required. Any open off-street parking area that is located adjacent to any residential district and not separated from the residential district by a dedicated street, shall provide a screen between off-street parking area and the residential district. At the time of placement, the screen shall be of sufficient density or opaqueness to completely obstruct the view of the parking lot from the adjacent residential district.

B. Types of Screening Permitted.

1. Solid masonry wall.
2. Decorative fence, excluding chain link with slats.
3. Dense evergreen plantings.
4. Landscaped mounding with ground cover.

- C. Height of Screening.** At the time of placement, all screening material shall be a minimum of six feet in height.
- D. Location of Screening.** All screening shall be located in such a manner that the off-street parking area shall be completely obstructed from the view of the residential district.
- E. Required Ground Cover.** The space between any screening, adjoining property line and the perimeter of the off-street parking lot shall be landscaped with appropriate ground cover.
- F. Protection of Screening.** Whenever screening is located adjacent to any parking area or driveway, such screening shall be protected by bumper blocks, posts, or a minimum four-inch-high curbing to prevent damage to the screen by vehicles.
- G. Maintenance, Repair and/or Replacement of Screening.** All screening shall be maintained in good condition and free of all advertising or other signs and repaired and replaced as needed to maintain the integrity of the screen as originally designed.
- H. Compliance with Landscaping Requirements.** All screening composed of landscaping shall be in conformity with Section 40.3.

Section 40.3 Landscaping Requirements.

- 1. Maintenance and Replacement of Landscaping.** All landscaping shall be maintained in good condition and replaced as needed to maintain the integrity of the landscaping as originally designed.
- 2. Perimeter Requirements.** The setback areas for off-street parking facilities and other vehicular use areas shall be landscaped. In addition, the required 10-foot setback between the front property line and the vehicular use area shall be landscaped with one tree for each 35 feet of lot frontage. Where the Planning/Zoning Director has determined the provision of this section will interfere with traffic visibility the required landscaping may be relocated on site, provided the standards of this section are maintained.
- 3. Interior Landscaped Areas Required.** Within interior vehicular use areas 10,000 square feet in size or greater, and for each additional 10,000 square foot unit or a proportional fraction thereof, there shall be provided a minimum total of 400 square feet of planting area consisting of separate sub areas. For individual parking lots with more than five parking spaces and less than 10,000 square feet in area, four percent of the vehicular use area, irrespective of the perimeter requirements, shall be devoted to landscape. All interior landscaping shall be in accordance with the following provisions:

- a. Reduction of Landscaping Amount Per Unit.** The total planting area for a unit may be reduced by 100 square feet if such amount is relocated elsewhere so as to emphasize an entrance corridor or feature.
- b. Total Landscaping Required.** Grass or other ground cover shall be planted on all portions of the interior planting area not occupied by other approved landscape material. Landscaping, other than grass or ground cover, shall not be located closer than three feet from the edge of any pavement.
- c. Arrangement of Landscape Areas.** In order that there shall be safe access to parking spaces, landscaped strips shall be arranged so as to divide parking corridors and to limit cross taxiing through open parking spaces.
- d. Minimum Width.** The minimum width of landscaped areas shall be four feet, except that the minimum distance from a tree to a vehicle area shall be four feet measured from the face of the tree.
- e. Redistribution of Interior Landscaping.** In vehicular use areas where the Planning/Zoning Director has determined the standards of this section will interfere with the function of the area, the required interior landscaping may be located near the perimeter of the paved area, including such perimeters which may be adjacent to a building.
- f. Credit for Preserving Existing Trees.** If the Planning/Zoning Director deems appropriate, credit may be received on the interior landscaping plan by preserving existing trees capable of tolerating adjacent construction. The Planning/Zoning Director may employ such technical expertise as necessary, to review the landscaping plan to ensure that all trees being maintained for credit can be expected to survive the adjacent construction. All costs incurred in the review of the landscaping plan by outside technical consultants shall be passed through to the applicant. In order to maintain any tree deemed eligible for credit, 50% of the ground area under and within the drip line of the tree shall be preserved from the trunk out to the edge of the drip line and shall be maintained in either vegetative landscape material or previous surface cover, except when the Planning/Zoning Director determines that lesser areas and other ground cover treatment will provide sufficient nourishment for the continued growth of the preserved type of tree. The required number of new trees may be reduced in accordance with the following schedule in exchange for preserving existing trees:

Diameter of Existing Crown Spread of Preserved Tree*		Diameter of Tree Trunk of Preserved Tree** ¹⁹		Number of Trees Credited
90ft. or greater	OR	36 inches or greater	=	7
60-89 ft.		30-35 inches		6
50-59 ft.		26-29 inches		5
40-49 ft. ²⁰		20-25 inches		4
30-39 ft.		13-19 inches		3
20-29 ft.		8-12 inches		2
16-19 ft.		4-7 inches		1

* Rounded off to the nearest whole foot.

** Measured at a height of four- and one-half feet above the natural grade and rounded off to the nearest whole inch

Section 40.5 Uses Not Specifically Mentioned.

The requirements for off-street parking facilities for any use not specifically mentioned in Section 40.4 shall be the same as for a similar permitted use. For uses not having a similar activity, the Planning/Zoning Director may use professional manuals containing parking demand data, professional consultants or consult with area jurisdictions having similar uses to determine the minimum number of required parking spaces.

Section 40.6 Restricted Accessory Parking Areas.

The Board of Zoning Appeals may permit accessory parking upon an adjacent lot within a residential or office district as a conditional use, providing:

- A.** The accessory parking lot is not located closer than 50 feet²² to any lot line of a residential district. Greater setbacks may be required where the Board finds a need for the increased setback.
- B.** Screening shall be required along the mutual boundaries between the accessory parking lot and the residential district. Such screening shall be a minimum of six (6) feet in height and shall be of such density to completely obstruct the view of the parking lot from the adjacent residential property.
- C.** The accessory parking lot shall not be permitted within any required front yard. The resulting open area shall be planted in grass and landscaped as provided for in this Zoning Resolution.
- D.** Whenever a restricted accessory parking lot is located across the street from a residential district, the parking lot shall be screened from the residential district. The screening shall be located on or behind the front setback line and shall otherwise conform to Section 4103.05(B).
- E.** If the accessory lot is intended to be lighted, a lighting plan shall be submitted as part of the conditional use application.

²² Added "feet"

- F.** All of the provisions of Article 38 shall apply to an accessory parking lot, unless otherwise specifically waived by the Board.
- G.** The parking lot shall be for use in connection with the land use to which the parking lot is accessory and shall be used solely for the parking of passenger vehicles.
- H.** The Board may impose further conditions and/or restrictions as may be necessary to ensure compatibility of the accessory parking lot with the adjacent residential district.

Section 40.7 Units of Measurement

For the purpose of determining off-street parking requirements, the following units of measurements shall apply:

- A. Floor Area.** Floor area for nonresidential purposes shall be the sum of the gross horizontal area of all the floors of a building measured from the exterior faces of the exterior walls or from the center line of walls separating two buildings.
- B. Hospital Bassinets.** In hospitals, bassinets shall not be counted as beds.
- C. Places of Assembly.**
 - 1. Benches.** In stadiums, sports arenas, churches and other places of assembly in which those in attendance occupy benches, pews or other similar seating facilities, each twenty inches of such seating facilities shall be counted as one seat for the purpose of determining the off-street parking requirements.
 - 2. Fixed Seats and Assembly Area.** In cases where a place of assembly has both fixed seats and open assembly area, requirements shall be computed separately for each type and added together.
- D. Fractions.** When units of measurement determining the number of required parking spaces results in requirement of a fractional space, any fraction up to one half shall be disregarded and any fraction over and including one half shall require one parking space.

ARTICLE 41. NOISE

Section 41.1 Method of Measurement.

For the purposes of enforcing the provisions of these regulations, noise shall be measured in dba using a sound level meter, with the measurements taken at the noisiest point within the receiving property.

- A.** A dba is the sound pressure in decibels measured using the "A" weighting network on the sound level meter. The sound pressure level, in decibels, of a sound is 20 times the logarithm to the base of ten of the ratio of the pressure of the sound to a reference pressure of 20 micropascals.
- B.** A sound level meter is a device which measures sound pressure levels and conforms to Type 1 or Type 2 as specified in the American National Standards Institute Specification S1. 4 1971.
- C.** The receiving property is real property within which the maximum permissible noise levels specified herein shall not be exceeded from sources outside such property.

Section 41.2 Exemptions.

- A.** The following shall be exempt from the provisions of Section 4403, Table I, between the hours of 7:00 A.M. and 10:00 P.M. only:
 - 1.** Sounds created by the discharge of firearms on authorized shooting ranges.
 - 2.** Sounds created by blasting.
 - 3.** Sounds created by the installation of utility services.
 - 4.** Sounds originating from temporary construction sites as a result of construction activity.
 - 5.** Sounds created by firearms in the course of hunting.
- B.** The following shall be exempt from the provisions of Section 41.3, Tables I and II, at all times.
 - 1.** Sounds created by motor vehicles operated on public roads and highways.
 - 2.** Sounds originating from aircraft in flight and sounds that originate at airports which are directly related to flight operations.
 - 3.** Sounds created by surface carriers engaged in interstate commerce by railroad.
 - 4.** Sounds created by warning devices not operating continuously for more than five minutes, or bells, chimes, and carillons.
 - 5.** Sounds created by safety and protective devices where noise suppression would defeat the intent of the device or is not economically feasible.

6. Sounds created by emergency equipment and work necessary in the interests of law enforcement or for health, safety, or welfare of the community.
7. Sounds created by the repair of essential utility services.
8. Sounds originating from officially sanctioned parades and other public events.
9. Sounds emitted from venting at industrial process facilities during startup only, provided that the startup operation is performed during daytime hours whenever possible.

Section 41.3 Maximum Permissible Noise Levels.

- A. No person shall cause or permit noise to intrude into the property of another person that exceeds the levels listed in:
 1. Table I, between the hours of 7:00 A.M. and 10:00 P.M.
 2. Table II, between the hours of 10:00 P.M. and 7:00 A.M.
- B. Between the hours of 7:00 A.M. and 10:00 P.M., the noise in Table I may be exceeded by no more than:
 1. Five dba for a total of 15 minutes in any one-hour period.
 2. Ten dba for a total of five minutes in any one-hour period, or
 3. 15 dba for a total of 30 seconds in any one-hour period.
- C. Between the hours of 10:00 P.M. and 7:00 A.M., the noise limits in Table II may be exceeded by no more than:
 1. Five dba for a total of ten minutes in any one-hour period, or
 2. Ten dba for a total of three minutes in any one-hour period.
- D. Impulsive sound (such as sounds with a duration of less than one second, such as from gunfire or punch presses) shall not exceed the levels of Table I (daytime) or Table II (nighttime) by more than five dba, as measured with the sound level meter on the slow response setting.

1. Table I: Daytime Noise Limits

Noise Source	Residential	Business	Industrial
Business	60 dba	60 dba	65 dba

Industrial	60 dba	65 dba	70 dba
-------------------	--------	--------	--------

2. Table II: Nighttime Noise Limits

Noise Source	Residential	Business	Industrial
Business	50 dba	60 dba	65 dba
Industrial	50 dba	65 dba	70 dba

Section 41.4 Definitions Applicable to Tables I and II.

- A. Residential.** Shall include all residential zoning districts comprising “A”, “R-1”, “R-2”, “R-3”, “R-4”, “R-5”, “R-6”, “R-7”, “R-8”, and “OR-1”.
- B. Business.** Shall include all business zoning districts comprising “O-2”, “B-1”, “B-2”, “B-3”, and “B-4”.
- C. Industrial.** Shall include all industrial zoning districts comprising “I-1”, “I-2”, and “I-3”; and “OSI-1” and “OSI-2”.

ARTICLE 42. EXTRACTION OF MINERALS

Section 42.1 Submission of Additional Information.

Two copies of the additional information shall be submitted with the application and shall include:

- A.** Name of the owner or owners of land from which removal is to be made.
- B.** Name of the applicant making request for such a permit.
- C.** Name of the person or corporation conducting the actual mining operations.
- D.** Location, description, and size of the area from which the removal is to be made.
- E.** Location of the processing plant to be used and any accessory or kindred operations that may be utilized in connection with the operation of the processing plant by the mining processor or any other firm, person or corporation. The processing plant shall be located as to minimize the problems of dust, dirt and noise, insofar as reasonably possible.
- F.** Type of resources or materials to be removed.
- G.** Proposed method of removal and whether or not blasting or other use of explosives will be required.
- H.** General description of the equipment to be used.
- I.** Method of rehabilitation and reclamation of the mined-out area, including a grading plan showing existing contours in the area to be excavated and the proposed future contours showing the topography of the area after completion. Such plan shall include the surrounding area within 500 feet of the property boundary line, drawn to an appropriate scale with contour lines at intervals of five feet or less.

Section 42.2 Development Standards.

- A.** No mining of sand and gravel shall be carried on, or any stock pile placed closer than 50 feet to any property line, or such greater distance as specified by the Board, where such is deemed necessary for the protection of adjacent property, except that this distance requirement may be reduced by the written consent of the owner or owners of abutting property, but in any such event, adequate lateral support shall be provided for said abutting property.

- B.** In the event that the site of the mining operation is adjacent to the right-of-way of any public street or road, no part of such operation shall take place closer than 50 feet to the nearest one of such right-of-way, except as may otherwise be provided by Section 4153.11 of the Revised Code of the State of Ohio.
- C.** Any excavated area adjacent to a right-of-way of any public street or road shall be back filled for a distance of 150 feet from the right-of-way line.
- D.** Fencing or other suitable barrier, including the planting of multiflora rose, shall be erected and maintained around the entire site or portions thereof where, in the opinion of the Board, such fencing or barrier is necessary for the protection of the public safety and shall be of a type specified by the Board.
- E.** All equipment and machinery shall be operated and maintained in such manner as to minimize dust, noise and vibration. Access roads shall be maintained in a dust free condition by surfacing or other treatment as may be specified by the Board.
- F.** Quarrying shall not be carried out closer than 300 feet to any adjoining property line unless the written consent of such adjoining property line owner has first been obtained.
- G.** The Board is authorized to impose such requirements with respect to providing adequate barriers as it may feel necessary to protect the public safety.

Section 42.3 Rehabilitation Requirements.

All mined out areas shall, within a reasonable length of time, be reclaimed and rehabilitated and the Board, at its discretion, may fix a bond in a reasonable amount to assure that such rehabilitation and reclamation will be carried out. The Board shall be guided by the following standards with respect to rehabilitation and reclamation of mined out areas:

- A.** All excavation shall be made either to a water producing depth, such depth to be not less than five feet below the water mark, or shall be graded or back filled with non-noxious, noncombustible, and noninflammable solids, to secure:
 - 1.** That the excavated area shall not collect and permit to remain therein, stagnant water; or,
 - 2.** That the surface of such area which is not permanently submerged is graded or back filled as necessary so as to reduce the peaks and depressions thereof so as to produce a gently rolling surface that will minimize erosion due to rainfall and which will be in substantial conformity to the adjoining land area.

- B.** The banks of all sand and gravel excavations in a water producing excavation, and to the pit bottom in a dry operation, shall be sloped to the water line, at a slope which will not be less than three feet horizontal to one foot vertical and said banks shall be restored with vegetation in a manner set forth in paragraph C.
- C.** Vegetation shall be restored by the spreading of sufficient soil and by appropriate seeding of grasses or planting of shrubs and trees in all parts of said mining area where the same is not submerged under water.
- D.** Proper drainage shall be provided for the mined-out area.
- E.** All equipment and structures shall be removed from the mined-out area within six months of the completion of the mining therefrom.
- F.** The Board may impose such other reasonable conditions and restrictions as it may deem necessary for the protection of the public and to encourage the mining and processing of the sand and gravel from the authorized area.
- G.** Due to the inherent difficulties in reclaiming and rehabilitating areas from which stone has been quarried, the Board is hereby empowered, in the issuance of a Conditional Use Permit for quarrying operation, to impose such reasonable standards for reclamation as may be necessary to protect the public interest, without unduly restricting the operations of the mine owner.

ARTICLE 43. PRIVATE NONCOMMERCIAL GOLF COURSES, SWIMMING POOLS AND TENNIS COURTS

Section 43.1 Required Conditions.

- 1.** All swimming pools shall be a distance of at least 150 feet from all residential property lines, except for a swimming pool for the occupant of a single-family dwelling.
- 2.** Loudspeakers, juke boxes, public address systems and electric amplifiers shall be permitted, if the use of the same is for the occupants of the building only within which such equipment is installed and does not create a nuisance and disturb the peace of the other persons or properties in this or any other District.
- 3.** Exterior lighting shall be shaded wherever necessary to avoid casting direct light upon any property or upon any public street.

- 4. Gun Clubs.** The firing line shall be a distance of at least 500 feet from all residential property.

ARTICLE 44. WHEN EFFECTIVE

Section 44.2 Repeal of Conflicting Resolution.

The County Zoning Resolution now in effect in Montgomery County, Ohio, and in conflict with the Zoning Regulations as they are established hereafter, is hereby repealed. However, all suits at law or in equity and/or all prosecutions resulting from violation of any Zoning Resolution heretofore in effect, which are now pending in any of the Courts of the State of Ohio or of the United States, shall not be abated or abandoned by reason of the adoption of this Zoning Resolution; but shall be prosecuted to their finality the same of if this Zoning Resolution had not been adopted; and any and all violations of existing Zoning Resolutions, prosecutions for which have not yet been instituted, may be hereafter filed and prosecuted; and nothing in this Zoning Resolution shall be so construed as to abandon, abate, or dismiss any litigation or prosecution now pending, and/or which may have heretofore been instituted or prosecuted.

ARTICLE 45. TEMPORARY BUSINESSES

Section 45.1 Temporary Sales.

A. Permitted Uses. Only those uses which are specifically permitted within the zoning district in which the temporary sale is located.

B. General Requirements.

1. A temporary and revocable permit shall be granted for a period not to exceed 14 consecutive days, within any six-month period.
2. Any goods, product, ware, or other item offered to the public by any means shall be displayed from within enclosure. Such enclosure may consist of a truck, trailer, tent, or other similar vehicle or structure.
3. Before any person, group, or organization is issued a Temporary Sale Permit all State, County, and Local permits, licenses, and vendors numbers, if applicable, shall have been issued for that specific use.
4. Each Temporary Sale shall conform to the Lot Area, Frontage, and yard Requirements of the Zoning District in which such business is located.
5. No Temporary Sale shall obstruct or impede the movement of traffic within the established right-of-way or obstruct or impede traffic movement to or from private property at the established right-of-way line.
6. To ensure intersection visibility on corner lots, no Temporary Sale activity shall be permitted within a triangular area formed by the right-of-way lines at such corner lot and a straight line joining such right-of-way line at points which are 50 feet distant from the intersection of the right-of-way line and measured along such right-of-way lines (See Appendix).
7. A parking layout shall be submitted indicating spaces deleted due to location of Temporary Sales activity; relocation of deleted parking spaces, if such spaces are needed to fulfill the minimum number of parking spaces required by the Zoning Resolution for the permanent established business on the same lot; parking spaces to be provided for the exclusive use of the Temporary Business.

C. Specific Requirements.

1. Prior to conducting any business activity within the Township, a Temporary Sale Permit shall have been issued by the Zoning Inspector to do so. Such application shall be on forms provided by the Township and shall contain the information required therein.

2. In addition, the applicant shall submit a plot plan for each proposed business location containing the following information:
 - a. Type of enclosure to be used and setbacks from existing right-of-way lines to the proposed location of the Temporary Business.
 - b. **Signs.** Size, type, and location.
 - c. Parking layout, as provided for in Section 45.1(B)(7).
 - d. Internal traffic circulation pattern to ensure compliance with Section 45.1(B)(5).

Section 45.2 Seasonal Temporary Sales.

A. Permitted Uses. Seasonal Temporary Sales may be permitted only within a zoning district in which such use is specifically permitted under this Zoning Resolution. Such sales shall be permitted only for seasonal, non-manufactured items, typically sold out of doors.

B. General Requirements.

1. A Seasonal Temporary Sales Permit shall be granted for a period not to exceed 60 days within a six-month period.
2. The Board of Zoning Appeals shall review and approve all initial Seasonal Temporary Sales Permit Applications to ensure conformance with the requirements contained herein. In addition, the Board of Zoning Appeals may require other information it deems necessary to protect the health, safety, and general welfare of the community.
3. An approved Seasonal Temporary Sales Permit shall not require a rehearing before the Board of Zoning Appeals for each subsequent year if such use is to be conducted again, provided that:
 - a. The approved use remains unchanged.
 - b. A Seasonal Temporary Sales Permit is obtained for each successive year and occurrence after Board of Zoning Appeals approval.
 - c. The activity has not been adjudged by a court of law to be a hazard, nuisance, noisome condition, or in violation of any applicable provisions of the Zoning Resolution.

C. Specific Requirements.

- 1.** Prior to conducting any Seasonal Temporary Sales within the Township, a Seasonal Temporary Sales Permit shall have been approved by the Board of Zoning Appeals authorizing the enforcement official to issue the required permit.
 - 2.** Application for a Seasonal Temporary Sales Permit shall be on forms provided by the Township and shall contain the information required therein.
 - 3.** In addition, the applicant shall submit a plot plan for each proposed business location containing information from Section 45.3(B)(2).
- D. Fee.** At the time application is made a non-refundable fee of \$25.00 shall be paid for each Temporary Sales or Seasonal Temporary Sales application made.

ARTICLE 46. DANGEROUS, EXOTIC AND WILD ANIMALS

Section 46.1 Definitions.

- A. Dangerous Animals.** Any animal, reptile, mammal, bird or fowl which is carnivorous, and/or is not naturally tame, and/or is wild in nature, and/or because of its size, and/or wild nature or other characteristics constitutes a danger to human life.
- B. Endangered and Protected Wildlife.** Any species of animal including, but not limited to fish, reptiles, amphibians, mammals, birds, or fowls that are listed by the United States Department of the Interior as being an endangered or protected species.
- C. Exotic Animals.** Any animal, reptile, amphibian, mammal, bird, or fowl that is not indigenous to the State of Ohio.
- D. Wild Animals.** Any animal, reptile, amphibian, mammal, bird, or fowl that generally lives in its original, natural state and habitat and is not normally domesticated.

Section 46.2 Permit Required.

No person, firm or corporation shall own, harbor, keep, breed, sell or import into the Township any dangerous, exotic, or wild animal until a zoning certificate has been obtained from the Township to do so.

Section 46.3 Endangered and Protected Wildlife.

Unless specifically authorized by the United States Department of the Interior to do so, no person shall own, keep, breed, sell or import any endangered or protected wildlife within any zoning district within the Township.

Section 46.4 Where Prohibited.

Within any flood plain, residential, office/residential, office, business/commercial or industrial district, no person shall own, harbor, keep, breed, sell or import any dangerous, exotic or wild animal(s).

Section 46.5 Where Permitted.

Within the "A" Agricultural District, dangerous, exotic, or wild animals may be kept provided:

A. Specific Requirements.

1. There shall be a minimum site area of one acre.
2. When located adjacent to any residential district, the animal shall not be located within 100 feet of any residential district.
3. All structures and buildings used to confine or house any animal shall be considered accessory structures and shall be located only in the rear yard.
4. The animal is maintained at all times in a safe, secure manner so as not to constitute a danger to human life.
5. Adequate safeguards are maintained that will prevent unauthorized access to any animal by the general public.
6. The keeping of any animal does not constitute a nuisance or health hazard.
7. The animal is kept in a manner that constitutes a humane condition, as outlined by the Humane Society of Greater Dayton.
8. All federal, state and county licenses and/or permits have been obtained for each species of animal to be kept on the premises.
9. The owner of each exotic, dangerous or wild animal shall obtain an insurance policy from company licensed to do business within the State of Ohio. The certificate of insurance stating that the individual named thereon has a minimum of \$100,000 of liability insurance. The liability insurance shall be payable to any claimant for any bodily injury, including death, resulting from contact with the dangerous, exotic or wild animal. The certificate of insurance shall provide that no cancellation of the policy shall be initiated unless 30 days written notice is first given to the Township.

B. Registration Required. Before maintaining any dangerous, exotic or wild animal on any property within the Township, the property owner or person in charge of the property where such dangerous, exotic or wild animal is going to be kept shall submit to and register with the Township the following information:

1. The species name for each specific type of animal being maintained on the premises.
2. A description of each animal being maintained on the premises.
3. A copy of the bill of sale for the animal, indicating previous owner's name, where the animal was purchased and date of the sale.

- 4.** A notarized statement attesting to the fact that the animal is not an endangered or protected species of wildlife.
- 5.** A copy of the certificate of insurance for each animal as required in Section 5003(A.6).
- 6.** A copy of all federal, state and county licenses and/or permits required to keep dangerous, exotic or wild animals.
- 7.** The security provisions that will be maintained to ensure the animal does not constitute a danger to human life.
- 8.** The safeguards that will be maintained to prevent unauthorized access to the animal by the general public.
- 9.** Plot plan showing the location each structure and/or building used to confine and/or house each animal.

Section 46.6 Review of Safeguards, Enclosure and Security Provisions.

In reviewing the proposed safeguards, enclosure and security provisions that will be used to ensure the animal will not constitute a danger to human life and to prohibit access by the general public, the Township may employ such technical expertise in the reviewing a zoning certificate application for a dangerous, exotic or wild animal as needed to ensure the adequacy of the safeguards, enclosure and security provisions. All costs incurred in the review process by outside consultants and/or experts will be passed through to the applicant.

Section 46.7 Exemptions and Special Provisions.

The provisions of this article shall not apply to the following:

- A.** Dangerous, exotic, or wild animals held by universities, research institutions or government agencies when such animals are used for research.
- B.** Any agency or institution having legal authority to possess dangerous, exotic, or wild animals, and/or endangered and protected species of wildlife.

ARTICLE 47. ADULT CARE AND HALFWAY HOUSE FACILITIES

Section 47.1 Adult Family Homes and Licensed Residential Facility.

- A.** Any person may operate an adult family home licensed as an adult care facility as a permitted use in any residential district, including any single-family residential district. Such adult family homes are required to comply with area, height and yard requirements within said district.
- B.** Any person may operate a licensed residential facility that provides room and board, personal care, habilitation services and supervision in a family setting for at least six but not more than eight persons with mental retardation or a developmental disability as a permitted use in any residential district, including single-family residential districts. These residential facilities are required to comply with area, height, and yard requirements within said district.

Section 47.2 Adult Group Homes.

- A.** Any person may operate an adult group home licensed as an adult care facility as a conditional use in any multiple-family residential district as long as said home meets the requirements set forth below:
 - 1.** Meet submission requirements of Section 47.3(C).
 - 2.** The architectural design and site layout of the home and the location, nature and height of the any walls, screens and fences to be compatible with adjoining land uses and the residential character of the neighborhood.
 - 3.** The site must meet all applicable zoning requirements for yard, parking, and sign regulation of the zoning district which the home is located in.
- B.** Any person may operate a licensed residential facility that provides room and board, personal care, habilitation services and supervision in a family setting for at least nine but not more than sixteen persons with mental retardation or a development disability as a conditional use in any multiple-family residential district as long as said home meets the requirements set forth below:
 - 1.** The architectural design and site layout of the home and the location, nature, and height of the any walls, screens and fences to be compatible with adjoining land uses and the residential character of the neighborhood.
 - 2.** The site must meet all applicable zoning requirements for yard, parking, and sign regulation of the zoning district which the home is located in.

C. Submission Requirements. The operator or agency applying for a conditional use permit to operate an Adult Group Home shall submit the following information to aid the Board of Zoning Appeals in its review of the requested facility.

1. Identification of similar facilities presently existing within (local jurisdiction) and contiguous jurisdiction and confirmation that the sitting of the facility is not located within 2,500 feet of an existing Adult Group Home or Halfway House.
2. A license or evidence of ability to obtain a license, if such is required, from the pertinent governmental unit prior to operation. Prior to the issuance of a final certificate of occupancy, the operator or agency shall provide evidence that a valid license has been issued or is obtainable for the proposed conditional use on the subject property. If licensing is not required, an affidavit from the applicant so stating shall be presented.
3. A copy of the sponsoring agency's operational and occupancy standards and a detailed plan for services and programs.
4. A site plan for the proposed home indicating home structured floor plan, off-street parking provisions, driveway access, landscaping and screening provisions, recreational and open space facilities as well as other pertinent information which the Board may require. Such plan shall include sufficient information to indicate that the proposed use of the site will be compatible with the present character of the neighborhood.

Section 47.3 Halfway Houses.

A. Any person may operate a Halfway House as a conditional use in any single or multiple-family residential district as long as said house meets the requirements set forth below:

1. Must meet the submission requirements set forth in Section 47.3(B).
2. Must meet Facility Requirements set forth in Section 47.3(C).
3. Must meet requirements of the Findings by the Board of Zoning Appeals as set forth in Section 47.3(D).

B. Submission Requirements. The operator or agency applying for a conditional use permit to operate a Halfway House shall submit the following information to aid the Board of Zoning Appeals in its review of the requested facility.

1. Identification of similar facilities presently existing within (local jurisdiction) and contiguous jurisdiction and confirmation that the sitting of the facility is compatible with the Residential Care Opportunities Guide for Montgomery County.

2. A licensed or evidence of ability to obtain a license, if such is required, from the pertinent governmental unit prior to operation. Prior to the issuance of a final certificate of occupancy, the operator or agency shall provide evidence that a valid license has been issued or is obtainable for the proposed conditional use on the subject property. If licensing is not required, an affidavit from the applicant so stating shall be presented.
3. A copy of the sponsoring agency's operational and occupancy standards and a detailed plan for services and programs.
4. A site plan for the proposed home indicating home structured floor plan, off-street parking provisions, driveway access, landscaping and screening provisions, recreational and open space facilities as well as other pertinent information which the Board may require. Such plan shall include sufficient information to indicate that the proposed use of the site will be compatible with the present character of the neighborhood.

C. Facility Requirements.

1. Every room occupied for sleeping purposes within the home shall contain a minimum of 80 square feet of habitable room area for one occupant, and when occupied by more than one shall contain at least 60 square feet of habitable room area for each occupant.
2. Indoor and outdoor recreational space shall be provided for the clientele served, based upon standards specified by the licensing authority and/or the sponsoring agency. If no such standards exist, then the following minimum area shall apply:
 - a. Common indoor area shall consist of at least 25 square feet per individual.
 - b. Common outdoor area shall consist of at least 60 square feet per individual. If a public park or other common open space is available in the immediate vicinity of the facility, the Board may waive the outdoor space requirement.
3. No exterior alterations of the structure shall be made which depart from the residential character of the building. All new structures proposed shall be compatible with the surrounding neighborhood.
4. All exterior lighting shall be suitably directed and shaded to prevent any glare upon adjoining residential properties.

5. Off-street parking requirements: One space for each three persons residing in a community based residential social service facility or halfway house except for facilities prohibiting ownership or operation of automobiles by occupants of such facilities. In any case, suitably screened off-street parking shall be provided on one-to-one ratio to the number of autos operated out of the facility. Within neighborhoods in which on street parking is accepted practice, on street space directly abutting the subject lot may be substituted for a portion of the required off-street spaces if approved by the Board of Appeals.
6. No facility shall be permitted within 2,500 feet of another Oriented Residential Social Service Facility or Halfway House and the siting of the facility complies with the Residential Care Opportunities Guided for Montgomery County.
7. The BZA may reduce this standard if the applicant can show that, unique conditions, a reduction of the separation requirement or deviation from the Residential Care Opportunities Guide will not contribute to the concentration of such facilities (e.g., the proposed site is located in a distinctly different neighborhood which is separated from an existing site by an interstate highway or the site is in an area that does not constitute a typical residential neighborhood due to a diversity of land uses).
8. The facility must be reviewed by the Fire Department or a certified Fire Safety Inspector.

D. Findings by the Board of Zoning Appeals. In its review of each proposed facility, the Board of Zoning Appeals shall make specific findings of fact relative to the following criteria. Upon finding all such facts to be true the Board shall grant the Conditional Use. The proposed facility:

1. Complies with all the applicable facilities requirements.
2. Is in fact a community based halfway house licensed by an agency of the State of Ohio (and respective jurisdiction). If such licensing is not required, an affidavit so stating has been presented to document this statement.
3. Is approved by the local agency responsible for providing support services and/or programs to the facility.
4. Will be designed, constructed, and maintained so that such use will not change the general character of the area and operated in compliance with relevant licensing or certification standards.
5. Will not be within 2,500 feet of another Halfway House unless this standard is varied by the Board of Zoning Appeals to a lesser distance.

- 6.** Will be served adequately by essential public facilities and services such as highways, streets, police and fire protection, drainage structures, refuse disposal, water and sewer, and schools; or that the person or agencies responsible for the establishment of the proposed use shall be able to provide adequately any such services.
- 7.** Will have vehicular approaches to the property which shall be designed to prevent any undue interference with traffic on surrounding public streets.

ARTICLE 48. MOBILE FOOD VENDORS

Section 48.1 Exemptions.

- A.** The following instances shall be exempt from the requirements of this Article:
 - 1.** Any public or private event or any event hosted by Harrison Township that will have the possibility of including mobile food vendors such as block parties and festivals.
 - 2.** A mobile food vendor associated with a private event on private property where the general public is not invited nor permitted to access the mobile food vendor.

Section 48.2 Permitted Uses.

- A.** Mobile Food Vendor activities may be permitted only within business, commercial, and/or industrial zoning districts or within the Designated Mobile Food Vendor Area.
- B.** No Mobile Food Vendor shall be permitted to operate on a site of any nonconforming use within any zoning district, except when that lot is within a Designated Mobile Food Vendor Area.
- C.** No Mobile Food Vendor shall be permitted to operate on a property that does not have an operational primary use, or any lot with violations of the Montgomery County Building, Harrison Township Zoning, Harrison Township Property Maintenance, or Harrison Township Fire Codes.

Section 48.3 General Requirements.

- A.** All Mobile Food Vendors shall acquire and maintain a Food Service License with the Public Health Department of Dayton and Montgomery County for the period of operation within the township. Any person, group, or organization issued a Mobile Food Vendor Permit shall follow all applicable State, County, and Local laws, rules, and regulations while operating in the township. Failure to do so is grounds to revoke the Township Mobile Food Vendor Permit.
- B.** No Mobile Food Vendor shall be located in the right-of-way, obstruct or impede the movement of traffic within the established right-of-way, or obstruct or impede traffic movement to or from private property at the established right-of-way line. Events with approved street closures are exempt from this regulation.

- C.** To ensure intersection visibility on corner lots, no Mobile Food Vendor activity shall be permitted within a triangular area formed by the right-of-way lines at such corner lot and a straight line joining such right-of-way line at points which are fifty (50) feet distance from the intersection of the right-of-way line and measured along such right-of-way lines.
- D.** Noise amplification or speakers are not permitted to be used while within Harrison Township.

Section 48.4 Location Specific Requirements.

- A.** Prior to conducting any business activity outside of a Designated Mobile Food Vendor area, a Mobile Food Vendor Permit shall have been issued by the Development Department. Such application shall be on forms provided by the Township and shall contain the information required therein.
- B.** If a Mobile Food Vendor meets all applicable provisions of this article, a temporary and revocable permit shall be granted for a period not to exceed 6 months. Each vendor may locate at up to two (2) locations, each for three (3) days per week. This provision does not apply if a food truck will be located within a Designated Mobile Food Vendor Area. After a permit has been issued an applicant may request a change to the approved locations. If the new location meets the site requirements of the article, the permit may be adjusted. An adjustment of the permit will not extend the maximum permit period of six (6) months.
- C.** For each site the Mobile Food Vendor is proposing to be located at, the property owner or an agent of the owner must sign the application. If it is an agent associated with the property owner, a title must be included to identify the relationship with the property owner.
- D.** Mobile Food Vendors with location specific permits are permitted to operate according to the following times or based upon the operational hours of the primary use of the property the Mobile Food Vendor is located at, whichever is later:
 - 1.** Sunday – Wednesday: 6:00am – 9:00pm
 - 2.** Thursday – Saturday: 6:00am – 11:30pm
- E.** A trash receptacle shall be provided on-site and must be emptied and maintained. Trash receptacles shall be provided at a rate of at least one receptacle for every Mobile Food Vendor. The trash receptacle must be emptied and removed each day at the conclusion of the Mobile Food Vendor's business at the property.
- F.** Outdoor seating and accessory awnings / covering are not permitted.

- G.** In addition, the applicant shall submit a plot plan for each proposed business location containing the following information:
- 1.** Type of unit to be used and setbacks from exiting right-of-way lines to the proposed location of the Mobile Food Vendor.
 - 2.** Signage: Size, Type, and Location
 - 3.** A parking layout shall also be submitted with the Mobile Food Vendor Permit that indicates any parking spaces being taken up by the Mobile Food Vendor. In no instance shall a Mobile Food Vendor be permitted in a location that does not meet the minimum parking requirements for the primary business located on the subject property.

Section 48.5 Designated Mobile Food Vendor Area Requirements.

- A.** The Designated Mobile Food Vendor Area allows Mobile Food Vendors that are registered with the Township to operate in the area. The Designated Mobile Food Vendor Areas shall be designated by the Township Trustees.
- B.** If a Mobile Food Vendor meets all applicable provisions of this article, they may register with the Harrison Township Development Department to be located within a Designated Mobile Food Vendor Area. Upon registering with the Development Department, a Mobile Food Vendor may operate in this area for a period of three (3) months consecutively. Upon expiration of that three (3) month registration, the vendor may renew their registration if they wish to continue operating within the Designated Mobile Food Vendor Area. At the time of registration, a Mobile Food Vendor must indicate the duration the food truck will be at the location and where it will be relocated to once the three (3) month registration has expired. A registered Mobile Food Vendor is permitted to operate in this area 7 days per week based upon the hours of operation set forth in this article.
- C.** The Township will provide a site diagram and provide approval for a specific “stall” to each registrant. The Mobile Food Vendor may relocate the vehicle to other Designated Mobile Food Vendor Areas during the three (3) month registration. Stall registrations are transferable to other licensed vehicles owned and operated by the same vendor. Applicants should include all operations that may use the permit.
- D.** Mobile Food Vendors are permitted to operate in Designated Mobile Food Vendor areas according to the times dictated by the Harrison Township Board of Trustees or based upon the operational hours of the primary use of the property the Mobile Food Vendor is located at, whichever is later.
- E.** Outdoor seating and accessory awnings / coverings may be provided by the property owner. If the property owner is proposing to supply these items, a site plan must be submitted to the Harrison Township Development Department.

- F.** Restrooms with hand washing facilities must be provided by the property owner for employees and customers. The restrooms can be on-site or within one-quarter mile or a five-minute walk (such as at a neighboring business) and must be available during the Designated Mobile Food Vendor Area's hours of operation. If the restroom is not on-site, the property owner shall submit written permission from the adjacent business where the restroom will be located.

ARTICLE 49. DUMPSTER ENCLOSURES

Section 49.1 Trash and Recycling Containers.

- A. Location.** Under no circumstances shall a dumpster be placed on bare or compacted soil, or within required off street parking spaces. No dumpsters and dumpster style recycling containers or other similar container shall be located in any front yard except when:
1. In the case of a through lot, of the front yard opposite the front orientation of the primary structure, or
 2. In the case of an existing non-conforming lot where inadequate rear yard is present to accommodate a dumpster location for pick up
- B. Foundation Required.** All dumpsters and dumpster style recycling containers shall be placed and stored on a paved surface of asphalt or concrete.
- C. Screening Required.** All dumpsters and other similar trash containers with a capacity of 2 cubic yards or greater shall be screened from view of all public streets and roads and all adjacent properties. At a minimum, where dumpsters are not otherwise screened by structures or other obstructions, the screening shall consist of a 6 foot tall, 100% opaque fence of wood, stone, masonry, architectural metal, or other similar construction providing the required opacity. Where necessary to meet the screening requirement access gates shall also be provided and shall be 100% opaque. In no instance shall chain link fence interwoven with plastic strips or other similar fencing be considered as 100% opaque for the purposes of the fencing and/or gates required by this section. The following exemptions from these requirements shall apply:
1. Agricultural uses shall be exempt from the requirements of this section in their entirety.
 2. Dumpsters and other similar trash containers that are located along and accessed for emptying by an alley shall not be required to be screened from view of non-residential uses on adjacent lots, including those on the opposite side of the alley.
 3. All recycling containers for exclusive use of the public shall be exempt from these requirements if the recycling container(s) located on any single property do not exceed a total capacity of 40 cubic yards. However, a site plan and improvement location permit will continue to be required.

4. Any temporary dumpster that is used as a part of any permitted construction, remodeling, or demolition. These construction dumpsters can only be placed on the site upon receiving the appropriate approvals from the Harrison Township Development Department, the Montgomery County Building Department, or both. These temporary dumpsters must be removed before a Final Zoning Approval can be approved.

D. Curbing or Bollards. Whenever screening material is placed around any large waste receptacle (dumpster) or waste collection unit which is emptied or removed mechanically on a regular basis, a curb or bollards to contain the placement of the container shall be provided within the screening material. The curbing or bollards shall be at least one foot from the material and shall be designed to prevent possible damage to the screening when the container is moved or emptied.
